

# Employee Assistance Program (EAP)

*Professional, Discreet and Confidential EAP  
Counseling Services for You*

Southwestern Behavioral Healthcare is an EAP provider for local companies' employees and their eligible dependents. EAP benefits demonstrate the employer's recognition that employees are valuable assets to the company, and with the availability of EAP services, employees and their eligible dependents can seek help when needed.

The cost for a select number of sessions is paid for by your employer. Our EAP arrangements with employers assure privacy and confidentiality.
