Comes now the Vanderburgh Anti-Tuberculosis Society by Board of Trustees and files and submits its petition in the words and figures following:

Resolution adopted by the

Tuberculosis Society.

WHEREAS, the large number of patients taken in at Boehne Camp since mid-summer, 1918, has increased the maintenance charges to such an extent that we will have a deficit of at least fifteen thousand dollars by January 1st, 1919; and ,

WHEREAS, no funds will be available to meet this deficit, nor the future needs of the camp without continued appeals to the public for funds; and,

WHEREAS, these conditions will inevitably result in the complete suspension of the camp, which would be deplorable in the extreme, inasmuch as sixty patients are now being there treated and caredfor, with more than seventy afflicted persons on the waiting list; and,

WHEREAS, the camp should be supported as a County institution, as is done in other counties of the State, thus assuring its adequate maintenance,

THEREFORE, be it resolved by the Board of Trustees of the Vanderburgh Anti-Tuberculosis Society, in special meeting assembled November 12, 1918, that we offer, at once, to turn over and transfer to the County of Vanderburgh, by proper deed of conveyance, Boehne Camp, comprising twenty-one acres, with its buildings and equipment, on condition that it be maintained and supported as a county institution. Be it further resolved, that this proposition be at once, by the Board, submitted to the civic and commercial organizations of the county, with an appeal for their approval and endorsement.

PETITION

TO THE HONORABLE BOARD OF COUNTY COMMISSIONERS
OF VANDERBURGH COUNTY, INDIANA.

Gentlemen:

Pursuant to a resolution adopted by the Board of Trustees of the Vanderburgh Anti-Tuberculosis Society, a copy of which is hereto attached, we, the undersigned trustees of said Society, hereby offer and propose to turn over and transfer to the County of Vanderburgh, State of Indiana, the tuberculosis sanitorium, heretofore established and now conducted by our society, and known as Boehne Camp, consisting of twenty-one acres, more or less, in Perry Township, on the Mt. Vernon Traction line, together with the buildings and furnishings; this offer is made subject to the following conditions, to-wit:

1st. That the County maintain the institution by proper appropriations.

2nd. That the sanitorium be officially designated as "Boehne Camp".

3rd. That the County assume the payment of a loan of five thousand dollars, at five per cent, from Peoples Savings Bank, and secured by mortgage. (This amount was borrowed in order to erect a home to provide suitable quarters for nurses employed at the Camp).

4th. That the County further assume the payment of a note of thirty-five hundred dollars given to Citizens Trust & Savings Bank, October 22, being the amount borrowed to meet accrued maintenance charges of the Camp; and, also, that the County assume the payment of all unpaid bills for maintenance of the Camp to date of acceptance of this proposition such bills will amount to approximately Four-thousand (\$4000.00) as shown by statement hereto attached, marked Exhibit "A"; also that the County assume the payment of a deficit of nine hundred and seventy-one dollars to complete the nurses home.

We are herewith submitting endorsements by various Civic organizations and by citizens and tax payers of Vanderburgh County, of our proposition to donate Boehne Camp to the County, and of their approval that it be maintained as a County Hospital.

Upon the acceptance of this offer by your Honorable Board, by and with the concurrence of the Honorable County Council of Vanderburgh County, the undersigned trustees, for and on behalf of the Society, will immediately execute and deliver a proper deed of conveyance to Vanderburgh County, conveying the said premises by proper description.

Dated this 19th day of November, A.D.1918.

- Max John Merrett
- Henry E. Dreier
- John R. Mitchell
- Francis P. Ryves
- Albert J. Veneman
- Howard Roosa
- W. W. Bicking
- Z. L. Wolfe

And the board having carefully considered said petition and the accompanying endorsements by various civic organizations, citizens and tax payers, recognizing the necessity and benefit to the citizens and inhabitants of Vanderburgh County of a hospital for the care and treatment of persons suffering from tuberculosis and further recognizing that the sources of revenues of said Vanderburgh Anti-Tuberculosis Society are wholly inadequate to meet the cost of maintenance of Boehne Camp, and its proper development with a view of accomodating the increased applications for admission therein for treatment, and the board regarding the offer of said Society as a generous gift and donation to the County, yielding, as its acceptance will, a splendid site with well constructed and equipped buildings, thus saving the County the cost of establishing a tuberculosis hospital.

It is now by the board considered, ordered and determined that the offer of the said Vanderburgh Anti-Tuberculosis Society be and the same is accepted, with the conditions specified in its said petition, and that the said "Boehne Camp" be established as a hospital for the care and treatment of persons suffering from tuberculosis, provided, however, that this acceptance is made subject to the approval and concurrence of the Honorable County Council of Vanderburgh County.

On motion the board adjourned to meet, Wednesday, Nov. 27-1918, at 10 A.M.

Thursday, January 16-1919.

The Board of Commissioners of the County of Vanderburgh, met this day pursuant to adjournment, when present Henry Schminke, Walter S. Williams and John J. Koch, members composing said Board.

The Minutes were read and approved.

In the matter of
Albert J. Veneman,
County Attorney.

It appearing that Hon. Albert J. Veneman has declined the office of County Attorney, which declination is in the form of a letter, dated January 16-1919, a true copy of which is as follows:-

Evansville, Ind., January 16, 1919.

TO THE HONORABLE THE BOARD OF COMMISSIONERS
OF VANDERBURGH COUNTY, INDIANA.

C I T Y.

Gentlemen:

After mature reflection I have concluded to decline the office of County Attorney, which, by your vote of January 13th, you tendered me. In view of the recent developments which have attracted so much attention and caused so much comment I think a frank and candid statement of my reasons should be given.

The prime consideration with me in determining my course has been whether or not, under all the circumstances, I could during the year render the fullest measure of service as County Attorney. Seven years of experience in the office makes me know that the discharge of the duties of that office involves more than giving legal advice and attending to litigation. The larger activity lies in the counsel and advise in matters of prudential concern and policy and hence it is quite essential that the County Attorney should have the unqualified and implicit confidence of at least the majority of the board members. While a high degree of confidence may be implied from the tender of the office to me, yet I know, as indeed everyone must, that my selection was made following a chain of events quite unusual, and with results not wholly anticipated. It would be idle to suppose that I would have been the choice of the board under ordinary circumstances. Can I, in this state of things, presume to have the unqualified confidence of the board? Again; the act of electing the junior member of the board was taken against the appeal of a goodly number of citizens, soldiers and sailors who wished to keep the recent happenings on the high plain of patriotism and clear of any suspicion of partisan politics. The action thus taken clearly indicates that the majority members of the board regard partisan politics of paramount importance, and hence I am certain that my counsel and advise would, if not mistrusted, be always subject to the suspicion of having in and behind it some partisan motive. Such relationship would not be conducive to effective public service because I would not have the full confidence of the board members. These considerations move me to decline the office tendered me, thus leaving you free to make a choice more in harmony with the political views of the majority members of the board and more compatible with the influences that surround them. I wish you well.

Very respectfully,

Albert J. Veneman.

And now the board by resolution extends to Mr. Veneman its thanks for his services to the County during the past years.

In the matter of
Isidor Kahn,
County Attorney.

And now the Board elects Isidor Kahn as County Attorney for the year 1919.

It appearing to the Board of Commissioners of Vanderburgh County, Indiana, that for many years it has been the custom of the County Treasurer to send tax schedules showing the amount of taxes due and when the same must be paid to the various taxpayers of the County and that the discontinuance of this practice would be attended with much confusion and with delay in the collection of State, County and City Taxes, to avoid which it would seem to be necessary to promptly provide for the supplying of the correct post-office addresses of the various taxpayers of the County on the tax duplicate for 1919 to facilitate the mailing of such schedules, there being at this time about 36000 names.

THEREFORE on motion it is hereby ordered by the Board that Willis M. RESOLUTIONS

We are shocked beyond expression at the sudden death of our friend and co-worker, Henry Schminke. It was but yesterday while in the discharge of his official duties he seemed to enjoy most perfect health, and the very suddenness of his death adds to our grief and sorrow.

The surviving members of the Board of County Commissioners of Vanderburgh County, Indiana, knew Henry Schminke personally for many years, and during that time they learned to honor and respect him for his many good qualities as man and citizen. A few months of intimate association with him as officials and members of the same Board revealed the reasons for such regard and respect.

Henry Schminke was faithful, honest and conscientious in the discharge of his duties. Holding public office to him was a public trust, - an opportunity for public service. He was kind and courteous to all who came in contact with him, and treated impartially and justly all matters that were presented to him.

Because of his death the surviving members of the Board of Commissioners have lost a wise and experienced associate, and the County a valuable and efficient official.

BE IT THEREFORE RESOLVED, that mourning be properly displayed in the courthouse; that the flag floating over the Vanderburgh County Courthouse be displayed at half mast; and that these resolutions be spread upon the records of the Board.

Employment of
Two Deputies Pigeon
Twp. Assessors Office.

PETITION

Evansville, Ind., July 17-1919.

TO THE HON BOARD OF COUNTY COMMISSIONERS.
Of the County of Vanderburgh.

Gentlemen:-

Under the laws of Taxation it is compulsory for the Township Assessor of all Civil Townships having a population of 50,000 or over to make all plats of lands, all lists of lands, and such lists as are necessary for the use of the County Auditor in making the tax duplicates.

This work was formerly done by the County Auditor on account of the additional work necessary it will require the employment of two deputies in the office of the Assessor of Pigeon Township during the entire year.

Therefore I would respectfully ask this Board to authorize the employment by the Township Assessor of such deputies for this office for the year 1919, and until the further order of this Board at the usual compensation allowed by law.

Respectfully Submitted.

Noah A. Riggs
Assr. Pigeon Township.

On motion of the Board the above petition was granted.

COURT HOUSE TO CLOSE ON MONDAY

County Officials Will Honor John Hanning During Hour of His Funeral

The courthouse will be closed Monday afternoon in honor of John H. Hanning, county assessor, who died Friday night.

Hanning will be buried Monday afternoon. Funeral services will be held from the home on Fulton avenue at 2 p. m. and then from Center Ridge M. E. church. Burial will be in Locust Hill cemetery. Rev. A. L. Bennett of Connersville will officiate.

The following resolutions will be spread upon the records of the auditor's office:

"Whereas, death has vacated the office of county assessor, we, the undersigned, co-officials of John H. Hanning, knowing of his integrity and honor and acquainted with his conscientious devotion to duty, desire to express our deep grief at his demise.

"While his departure is more of a personal affliction by reason of our close association with him in an official capacity, we feel the loss of this good man at this time is most unfortunate to the general public, whom he so faithfully served without favor or fear in the discharge of the arduous duties to which he was elected by the people. A perusal of his accomplishments while in office will disclose he was fair and impartial and no official act of his has ever been tinged with partisan bias.

"Be it resolved that this memorial be spread upon the records of the auditor of the county of Vanderburgh as a testimonial of gratitude and tribute to one of whom it can honestly be said, 'Well done, good and faithful servant.'

It was signed by the following: Shelby McDowell, John Henzo, Louis Winternheimer, Walter A. Smith, Matt W. Foster, Noah Riggs, Henry Barker, Willis M. Copeland, Frank C. Grange, August Pfafflin, Emery Dyer, Herbert Males, Phil C. Gould, Robert J. Tracewell, Elmer Q. Lockyer, and J. Durre.

John Koch.

Comes now John Koch and tenders his resignation as a member of the Board of Commissioners, which resignation is in words and figures, as follows, to-wit:

TO THE COMMISSIONERS
OF VANDERBURGH COUNTY.

Gentleman:

In view of the attitude of the newspapers concerning the charges malfeasance in office, which my personal and political enemies have brought against me, I feel that public interests will be best served by me vacating the office to which I was elected by the people.

Conscious of the fact that I have tried to perform my duties faithfully and that any error which may have been committed were errors of judgment only, I never the less realize that uncharitable critics will attribute the same to improper motives.

I was tried at a time and under circumstances when the public passion was inflamed to fever heat by hostile press and clamor of those who were politically and otherwise disappointed in seeking favors which I could not conscientiously bestow.

To this pressure a jury yielded, and returned a verdict that was self contradictory in this, to-wit: I was convicted of having allowed an unitemized and unverified bill of the County Surveyor as charged in three articles of the accusation, and yet in other articles of the same indictment for having done the same thing in the same manner I was acquitted. Also in one count for having let a contract for a bridge without having plans for same made and advertising, all of which would have entailed a greater expense to the tax payers than the excess actually allowed by all of the Commissioners, upon this we were found guilty and on another count embracing the same transaction we were found not to have been guilty.

We were found guilty of allowing a claim of Phil Euler, alleged to have been false and fraudulent, when the undisputed and uncontradicted evidence disclosed that even if the said claim was false, the commissioners would have no way of ascertaining the fact and were by law compelled to allow the same when the engineer under oath certified that said claim was correct as was done.

Yet for having done what the law compelled us to do, we were indicted and they whose acts were alleged to have been felonious and false were by the same Grand Jury ignored.

Many of the acts charged against us were approved by all of the Commissioners and allowed by the Auditor, yet only two of us must be held amenable. We do not charge that such acts of the others were wrong, but if it was wrong for two of us to do the same, the others were equally at fault.

This is but a sample of the unfair treatment received. . Considering peace of my family and the cost and vexation of endless litigation for these reasons, I present my resignation as County Commissioner of Vanderburgh County.

John Koch

And said resignation is thereupon duly accepted,

And now the Board by unanimous vote elects Shelby McDowell, as a member of the Board of Commissioners to succeed the said John Koch, as commissioner from the third district, to serve until the next general election and until his successor is properly elected and qualified.

On motion the Board adjourned to meet, Tuesday, January 6-1920 AT 10 A.M.

When the fences are in the right of way the party who owns them shall have the right to remove them, but should the parties fail to remove the fences when notified so to do the contractor shall have the right to remove them and place them outside of the right of way. When telephone or telegraph poles are within the right of way and are in the way of proper construction of the road they shall be removed by the company or corporation to whom they belong.

1. Corner Stones

The Contractor shall not allow any corner stones to be removed or taken out, but if any corner stones interfere with the work of grading, he shall notify the engineer who will lower them so that they will be out of the way.

The contractor shall have the authority to close to travel all or any part of the road in process of construction or completion, He shall maintain lights at night and suitable barricades and fences where the same are necessary , and shall also keep a responsible watchman at such points to ensure the protection of all unfinished construction. When ordered to do so by the engineer travel shall be restored to the highway, and the contractor shall remove all obstructions but such opening or using of the highway shall not be deemed an acceptance of the work, or any part thereof. If the contractor shall fail to complete the work within the time specified, he shall be liable for and shall pay the wages of the inspector of the county on the work at the rate of Five dollars per day per inspector, and in addition thereof the sum of twenty-five (\$25.00) Dollars per day as liquidated damages to Vanderburgh County, and not as a penalty for such failure, from the time when such work should have been completed until the same is actually completed, and the amount of such wages and such liquidated damages shall be deducted by the Board of Commissioners of Vanderburgh County from any moneys which may be due to the contractor from Vanderburgh County. In case the Board of County Commissioners grants an extension of time to the contractor, the wages of such inspector, and such liquidated damages shall be computed from the date to which the time of completion is extended until the completion of the work.

3. Plans and Specifications

The plans referred to in these specifications, or correct copies thereof, are on file in the office of the Auditor of Vanderburgh County and show the width, length, profile and general character of the work. Anything shown on the plans and not in the specifications, or shown in the specifications and not on the plans, necessary to make the work complete, shall be furnished and constructed by the contractor without extra charge, the intent and meaning of the specifications being that the contractor shall finish the work complete in all respects ready for use for the contract price.

4. Notices to be given by Contractor

The contractor shall give notice in writing to all persons in charge of highways, railroads and all other properties that may be affected by the contractor's operations at least forty-eight hours before breaking ground. The contractor shall also notify the engineer in writing at least twenty-four hours before beginning the work, and before resuming the work after a suspension of the same. The contractor shall also notify the engineer in writing at least twenty-four hours before laying any concrete, also when said contractor shall require the services of the engineer for laying out any portion of the work.

5. Default of Contractor

In case the contractor shall refuse or neglect to comply with the terms and conditions of the contract, or with the plans and specifications, or with the instructions of the engineer, or shall refuse or neglect to prosecute the work in such a manner as to give satisfactory assurance of its full completion within the time specified, or shall perform or suffer to be performed any part of the work in an unfaithful and unworkmanlike manner the

engineer shall have full power to declare said contract forfeited, and such forfeiture shall absolve the County of Vanderburgh from any obligation imposed upon it by the contract. In any of the above cases the said engineer shall have the authority to purchase such materials and to employ and put on the work such men as may be necessary in his opinion to insure the completion of the work by the time specified, as such prices or wages as he may find necessary or expedient to pay, and whatever sums the County of Vanderburgh shall be required to pay shall be deducted from any amount due or that may thereafter become due said contractor.

6. Application of Work

The engineer shall have the power to direct the application of the working forces of the contractor to any particular portion or portions of the work, and to order the increase of said working forces at his discretion.

7. Inspection of Materials.

All materials used in the work shall be subject to the inspection and approval of the engineer, inspector and Board of County Commissioners.

8. Improper Materials and Work

The contractor, within twenty-four hours after receiving written notice from the engineer to do so shall proceed to remove from any of the premises all materials condemned by the engineer, whether worked or unworked, and said contractor shall remove all portions of the work which the engineer shall by like written notice condemn as unsound or improper, or in any way failing to conform to the plans and specifications, and the contractor shall make good all work damaged or destroyed thereby, all at the sole cost and expense of the contractor. If the contractor shall refuse or neglect to remove such materials, or to take down such work or to make good such work within the time above specified, the Board of County Commissioners may purchase such materials and perform such labor and deduct the cost and expense thereof from any money due, or that may thereafter become due said contractor under his contract. If, however, at the time of making a monthly or other estimate the engineer should neglect to condemn defective material or workmanship, such neglect shall not be construed as an acceptance of any such material or work.

GRADING

Walls to be twelve (12) inches thick at top, with a thickness at the base of not less than four-tenths ($\frac{4}{10}$) of the height, and extend three (3) feet on each side of the pipe, and shall be covered with a coping six (6) inches in thickness and to extend $1\frac{3}{4}$ inches over the wall on the front. "L" shaped head walls shall be of dimensions shown on plans.

Masonry for headwalls, cuoverts and bridges shall be constructed of concrete mixed in the proportions of one (1) sack Portland cement (94 Pounds, net weight), to two (2) cubic feet of clean sharp sand, and four (4) cubic feet of clean gravel or broken stone of a size that will pass through a one and one-half inch ring. Comes now John W. Builtman, by James T. Cutler his attorney and files his claim for damages herein, which is in words and figures as follows, to-wit:

CLAIM FOR DAMAGES OF JOHN W. BUILTMAN

The undersigned, for his claim for damages herein, respectfully shows to the Board, that the proposed improvement will take between three-quarters ($\frac{3}{4}$) of an acre and one (1) acre of his land; that a fair and reasonable value of said land is about Two Hundred Dollars (\$200.00) per acre; that the center line of the proposed highway is now the dividing line between the lands of this claimant and Joseph Ruston and Raymond Ruston, and that this claimant is only required to maintain one-half ($\frac{1}{2}$) of said partition fence, and that there is now a fairly good fence along said line, which would require only small expense in the way of repairs; that if said highway is opened, it would be necessary for this claimant to construct a new fence across his entire land, shutting the said road, which would be the length of about one hundred (100) rods; that the cost of said fence, including wire, posts and labor would amount

to about One Hundred and Seventy-five Dollars (\$175.00); that it will be necessary, if said highway is established, for this claimant not only to construct this new fence, but to maintain the same, and it will be continued added expense; that this claimant will not be benefitted in any manner by said proposed road.

WHEREFORE Claimant prays that if said highway is established, he be allowed for his damages in the sum of Three Hundred and Twenty-five Dollars (\$325.00).

CLAIM FOR DAMAGES OF GARLAND THOMPSON

The undersigned claimant respectfully shows the Board that he is the owner, under contract of Purchase, of a farm consisting of ninety-nine and nine-tenths (99.9) Acres, through which the proposed public highway is to be established; that his said farm is now used and is naturally adapted to the purpose of stock raising; that the proposed highway, if established, will not benefit this claimant in any manner but will result in great damage to his said property as follows, to-wit: that the establishment of the proposed road will so divide his said farm as to isolate and cut off a portion thereof, to-wit; approximately

thirty-eight (38) Acres from running water, stock buildings and wells, and render same less valuable and more inconvenient for the purposes of stock farming, for the reason that there are no buildings, wells or sources of water on the said thirty-eight (38) Acres; that the establishment of the proposed highway will further effect to his damage this claimant's convenient use and future enjoyment of his said property, and place upon him the burden of increased danger from accidental fires to fences and the land so isolated and cut off as hereinabove set out; that the establishment of the proposed highway will so effect and change the present drainage of a great portion of his said farm, and will necessitate the construction of artificial drains at great expense to this claimant, to remove surface waters from his said farm, which will be damned up and held back by the establishment of the said road; that this claimant will be placed at great expense to maintain and repair additional fencing which will become necessary through the establishment of the proposed road; that the market value of his said farm will be damaged by the establishment of the proposed highway for the reasons hereinabove set out, in the sum of Two Thousand (\$2,000.00) dollars.

This claimant would further show the Board that the proposed highway will take One and forty-five hundredths (1.45) Acres of this claimant's land, and that a fair and reasonable value of said land is Two Hundred (\$200.00) Dollars per acre. That if the said highway is established it will be necessary for this claimant to construct a new fence on both sides of the said proposed road for a distance of one thousand, four hundred and ninety-three (1493) feet and on one side for a distance of one hundred ninety (190) feet, in all three thousand, one hundred, seventy-six feet (3176) of fencing; that the cost of said new fencing, including materials and labor will amount to Three Hundred, twenty-five (\$325.00) Dollars. This claimant would show the Board that the establishment of the proposed highway will damage this claimant in his use and enjoyment of his said property, for all the reasons hereinabove set out, in the sum of Two thousand six hundred, twenty-five (\$2,625.00) Dollars.

WHEREFORE claimant prays that if said highway is established, he will be allowed for his damage, the sum of Two thousand six hundred, twenty-five (\$2,625.00) Dollars.

PUBLIC SERVICE COMMISSION OF INDIANA.

IN THE MATTER OF THE PETITION OF)

RAILROAD COMPANY - FOR HIGHWAY)

IN THE MATTER OF THE PETITION OF)	
CRIST NIEDHAMMER, ET AL. v. SOUTHERN)	No. 6030.
INDIANA GAS AND ELECTRIC COMPANY -)	APPROVED JULY 9, 1921.
FOR HIGHWAY CROSSING)	

Crossing - Railroad and Highway - Authorization.

1. Crist NIEDHAMMER Et al. and the Board of Commissioners of Vanderburgh County were authorized to establish and extend a Public highway at grade over the tracks of the Chicago and Eastern Illinois Railroad Company and the Southern Indiana Gas and Electric Company near Evansville, Indiana.

APPEARANCES:

For petitioners, Stone and Kreuzberger.
For Vanderburgh County, Isidore Kahn.
For Chicago and Eastern Railroad Company, Hays and Hays.

By the Commission:

On May 17, 1921, petitioners filed their supplications herein under Section 5556g of Burns Revised Statutes 1914, for authority to extend a public highway at grade over the rails of the defendant companies.

The Southern Indiana Gas and Electric Company filed an answer indicating their acquiescence in the proceedings and the Chicago and Eastern Illinois Railroad Company filed an answer objecting to the granting of the authority sought for reasons therein set out. However, in view of the fact that all objections were waived by this defendant, at the hearing, under the conditions hereinafter set out such objections will not be noted here.

Pursuant to notice the matter was heard on June 22, 1921, at Evansville, Indiana.

The petitioners herein are the original petitioners for the road before the Board of Commissioners of Vanderburgh County. The evidence shows that at the August 1920 session the County Commissioners ordered the establishment of a public highway along the south boundary line of sections 16 and 17 of Range 10 west, Township 5 south, between Scott and Center Townships; that the proposed road, where it crosses defendants' rails is 40 feet wide; that the crossing is some seven miles from the City of Evansville and that the nearest public highway crossing on the north or south is more than a mile distant from the proposed crossing.

The evidence further shows that the tracks of the defendant companies parallel each other at the proposed crossing, the rights of way being contiguous to each other; that the rails and roadbed of defendant companies at this point is slightly higher than the grade of the proposed highway; that the view of the approaching trains in both directions is practically unobstructed from both approaches.

On behalf of the County it was agreed that it would bear all expenses of grading the approaches to the Chicago and Eastern Illinois Railroad Company's rails, all expense of resetting telegraph poles and raising the wires thereon, all expense of planking the crossing and providing proper and suitable drainage therefor, the Railroad Company to maintain the crossing. In consideration of this agreement, the Railroad Company withdrew all objections.

The primary question in a matter of this kind is the safety feature, the Commission not being greatly interested in any agreement as to bearing the expense of establishing the crossing. It was agreed upon all sides that the crossing when properly constructed would be as safe as a grade crossing ordinarily could be made. The Commission, therefore, being fully advised in the premises, finds that authority should be given to extend the above described highway over the defendants' rails at the place indicated at grade.

IT IS THEREFORE ORDERED BY THE PUBLIC SERVICE COMMISSION OF INDIANA, that the Petitioners herein and the Board of Commissioners of Vanderburgh County, be, and they are, authorized to establish and extend a public highway at grade over the tracks of the Chicago and Eastern Illinois Railroad Company and the Southern Indiana Gas and Electric Company, said highway to be constructed along the south boundary of sections 16 and 17, Range 10 west, Township 5, south, between Scott and Center Townships in Vanderburgh County.

RESOLUTIONS

We are shocked beyond expression by the sudden death of our friend and co-worker, Louis Winterheimer. It was but yesterday, while in the discharge of his official duties he seemed to enjoy most perfect health, and the very suddenness of his death adds to our grief and sorrow,

The surviving members of the Board of County Commissioners of Vanderburgh County, Indiana, knew Louis Winterheimer personally for many years, and during that time learned to honor and respect him for his many good qualities as man and citizen. A few months of intimate association with him as officials and members of the same Board revealed the reason for such regard and respect.

Louis Winterheimer was faithful, honest, and conscientious in the discharge of his duties. Holding public office to him was the public trust, - an opportunity for public service. He was kind and courteous to all who came in contact with him, and treated impartially and justly all matters that were presented to him.

Because of his death the surviving members of the Board of Commissioners have lost a wise and experienced associate, and the County a valuable and efficient official.

BE IT THEREFORE RESOLVED, that the flag floating over the Vanderburgh County Court House be displayed at half mast, and that these resolutions be spread upon the records of the Board of Commissioners.

In the matter of change
 in specifications of the
 Owensville Road.

BEFORE THE BOARD OF COMMISSIONERS OF
 THE COUNTY OF VANDERBURGH

IN THE MATTER OF THE PETITION)
 OF WILLIAM A. HARTMAN, ET AL,)
 FOR THE IMPROVEMENT OF THE)
 OWENSVILLE ROAD, A HIGHWAY IN)
 VANDERBURGH COUNTY)

Comes now George X. Reed and files his verified petition in the words and figures following:-

"George X. Reed respectfully petitions your Honorable Board and says that on the 6th day of May, 1922, he entered a written contract for the construction of a certain highway petitioned for by William Hartman, et al., popularly known as the Owensville Road, situate in Vanderburgh County, in the State of Indiana, according to plans and specifications on file in the office of the County Auditor of said County. Your/petitioner further says that the proposal submitted by him pursuant to the notice to bidders duly published in this proceeding was based on certain plans and specifications obtained by him from the Auditor's Office, of said Vanderburgh County. That after obtaining said plans and specifications, your petitioner observed a variance therein in this:- That said plans or blue prints on Sheet Number 8, Exhibit "D" thereof, in giving the cross-section of the proposed improvement of said highway showed a four inch (4) water bound macadam foundation, a three inch (3") water bound macadam base and a three inch (3") bituminous wearing surface, yet in giving the total of said layers the said blue prints indicated a thickness of twelve inches (12") and your petitioner further observed that the specifications provided for a four inch (4") macadam foundation, a five inch (5") macadam base and a three

inch (3") bituminous wearing surface making a total of twelve inches (12"). That thereupon for the purpose of clearing up said variance and discrepancies and to determine the true and intent meaning thereof so as to enable him to prepare his proposal and bid, he consulted Mr. R. W. Meisinger, the engineer appointed by your Honorable Board, in this proceeding, and who had prepared said plans and specifications, and the said engineer informed your petitioner that the said variance and discrepancies were typographical errors in part and in part due to inadvertence and mistake in changing and correcting the original plans and specifications which had been submitted to the Indiana State Highway Commission for approval and by that Commission returned with certain recommendations in writing, under date February 24th, 1922. And said engineer represented and assured your petitioner that the true intent and meaning of said plans and specifications was to provide for a four inch (4") water bound macadam foundation, a three inch (3") water bound macadam base and a three inch (3") bituminous wearing surface which intent, your petitioner says is borne out by the record and the transcript thereof of this Board used in the authorization and issue of bonds as by law provided in the case of highway construction, as appears in Commissioners Record of Gravel Roads, Record 7 at pages 255 to 310 inclusive.

Your petitioner further represents that relying on the explanation thus made by said engineer and relying on the assurances thus given, he accordingly prepared and submitted the proposal and bid and was awarded the contract as hereinabove set out, and in due course he entered upon the performance of the said contract by making the necessary grading and excavation to prepare the sub-grade of said highway and that said grading and excavation was practically completed on or about the 16th day of October, 1922. Whereupon your petitioner began preparations for placing the macadam on said highway.

Your petitioner further shows that pursuant to a petition heretofore filed in this proceeding, said highway is to be constructed under inspection of the State Highway Commission.

That on the said 16th day of October, 1922, your petitioner in a conference with the duly appointed and accredited representative of the said Indiana State Highway Commission for the first time learned that the plans and specifications in the hands of the said State Highway representative and inspector were also at variance with the plans and specifications had, used and relied on by your petitioner in the preparation of his proposal and bid, on which he was awarded the contract, as hereinabove set out. That immediately thereupon your petitioner, in company with said ^{State} Highway representative and inspector proceeded to the office of the said Auditor of Vanderburgh County, for the purpose of comparing his said plans and specifications and the plans and specifications in the hands of the said representatives and inspector of the State Highway Commission with the Official plans and specifications in the care and custody of said County Auditor; and that said comparison when made, disclosed that the said official plans and specifications in the custody of said Auditor were also at variance in this, to-wit: The blue print as originally printed showed a foundation of four inches (4") of macadam, which figure was changed in ink "five" (5) and that said original blue-print provided for a five inch (5") base, which figure was changed in ink to four (4) and said blue print provided a bituminous wearing surface of three inches (3"). Your petitioner would further show that on the 26th day of October, A.D. 1922, in company with said engineer and the County Attorney of Vanderburgh County, Indiana, visited the office of the State Highway Commission in the City of Indianapolis,

and there conferred with and consulted the Chief Engineer of said Commission with the view and for the purpose of consulting the records of said Commission, so far as they pertained to the proceeding herein, and at said conference it developed that the plans and specifications on file with said Commission also contained the variance and discrepancies hereinabove set out.

Your petitioner further represents that the true intent and meaning of said plans and specifications is set out in the report of your Honorable Board, acting as viewers of said highway and of the said R.W. Meisinger, as the engineer thereof, as appears of record in Commissioner's Record of Roads number 7, at pages 255 to 310 inclusive, in the office of the County Auditor of said Vanderburgh County, in which, at page 256, of said record, in Article Five (5) of said report, it is specifically provided that said proposed improvement shall have a foundation course of four inches (4") of water bound macadam, a base course of three inches (3") of water bound macadam, and a three inch (3") wearing surface of bituminous macadam.

Your petitioner would further show to your Honorable Board that in submitting his proposal and bid and in entering upon the performance of his contract as hereinabove set out, he acted in the utmost good faith and under the honest belief that he had been given the correct interpretation of the plans and specifications as hereinabove set out, and that the variance and discrepancies hereinabove set out were the result of inadvertence and mistake, and that in justice and equity said mistake should be rectified and the said plans and specifications of file in the office of the State Highway Commission and in the Auditor's Office of Vanderburgh County, be corrected to conform with the true intent and meaning expressed and set out in the said Commissioner's Record of Roads, number 7, at page 256 thereof, as hereinabove set out.

WHEREFORE, your petitioner prays your Honorable Board for an order correcting the plans and specifications in this proceeding now on file with and in the custody of the said County Auditor of Vanderburgh County, Indiana, and also the copy thereof now on file with and in the custody of the Indiana State Highway Commission so as to have the same conform with the true intent and facts and that a certified copy of said order be transmitted to the said Indiana State Highway Commission and for all other proper relief.

(SIGNED) George X. Reed

And the Board having examined and considered said petition and heard evidence thereon and being duly advised in the premises finds that the recitals therein contained are true and that the prayer thereof should be granted.

It is therefore considered ordered and adjudged by the Board that both the plans and specifications herein now on file with the Auditor of Vanderburgh County, Indiana, and the copy thereof now on file with the Indiana State Highway Commission be, and the same are each hereby corrected and reformed by striking therefrom the erroneous figures indicating the depth and thickness of the foundation and base course of layers of macadam and by inserting in lieu thereof the true and correct depth and thickness thereof, as follows:- " a foundation of four (4) inches of water bound macadam, and a base of three (3) inches of water bound macadam."

It is further adjudged that the Auditor of Vanderburgh County be and he is hereby ordered to attach a copy of this order and judgment to the plans and specifications herein ~~xxxx~~ now on

NO 7428
APPEOVED JAN 22, 1924

RAILROAD - CROSSING - HIGHWAY - GRANTED

THE PETITION OF THE SOUTHERN INDIANA GAS AND ELECTRIC COMPANY FOR AUTHORITY TO RE-LOCATE ITS TRACKS AND CROSS CERTAIN HIGHWAYS WAS GRANTED.

APPEARANCES:

FOR PETITIONER, C I PRATHER, ATTORNEY;
FOR CHICAGO AND EASTERN ILLINOIS RAILROAD COMPANY,
C. I PRATHER, ATTORNEY

BY THE COMMISSION:

ON DECEMBER 5, 1923, THE SOUTHERN INDIANA GAS AND ELECTRIC COMPANY FILED WITH THE COMMISSION A PETITION, PRAYING THAT AUTHORITY BE GRANTED TO THE ABOVE NAMED COMPANY TO RE-LOCATE ITS TRACKS APPROXIMATELY THREE HUNDRED AND THIRTY-SEVEN FEET WEST OF ITS PRESENT LOCATION, COVERING A DISTANCE OF APPROXIMATELY ONE AND ONE-FOURTH MILES IN SECTIONS NO. 4 AND NO. 9 IN VANDERBURGH COUNTY, INDIANA, AND TO CROSS CERTAIN PUBLIC HIGHWAYS AT THE PROPOSED NEW LOCATION.

AFTER DUE NOTICE, THE CASE WAS HEARD IN THE CITY HALL, EVANSVILLE, INDIANA, ON JANUARY 15, 1923. ALL PARTIES INTERESTED WERE PRESENT.

THE STATEMENT MADE BY THE ATTORNEY FOR PETITIONER WAS TO THE EFFECT THAT IT WAS NECESSARY TO RE-LOCATE THE TRACKS OF PETITIONER'S LINE AS ABOVE STATED BECAUSE SAID PETITIONER'S RIGHT-OF-WAY RUNS PARALLEL AND ADJACENT TO THE RIGHT-OF-WAY OF THE CHICAGO AND EASTERN ILLINOIS RAILROAD COMPANY AND ALONG THE WEST SIDE THEREOF; THAT SAID CHICAGO AND EASTERN ILLINOIS RAILROAD COMPANY CONTEMPLATES IN THE NEAR FUTURE BUILDING OR ENLARGING THEIR PRESENT YARD FACILITIES AT THE LOCATION ABOVE DESCRIBED, AND IN ORDER TO CARRY OUT THIS WORK THE RE-LOCATION OF PETITIONER'S LINE IS MADE NECESSARY; THAT AN AGREEMENT HAS BEEN REACHED, BY AND BETWEEN THE TWO COMPANIES ABOVE MENTIONED TO TAKE CARE OF THIS WORK.

IT WAS FURTHER STATED THAT THE COUNTY COMMISSIONERS OF VANDERBURGH COUNTY, INDIANA, HAD NO OBJECTIONS TO THE RELOCATION OF PETITIONER'S LINE OF RAILROAD AND THAT SAID COUNTY COMMISSIONERS HAD KNOWLEDGE OF SUCH CHANGE AND HAD SOLD SOME GROUND TO THE ABOVE NAMED PETITIONER SO THAT THE CHANGE COULD BE MADE.

IT WAS FURTHER STATED THAT IN RE-LOCATING SAID PETITIONER'S TRACKS TO CROSS PUBLIC HIGHWAYS THAT THE CROSSINGS AT THE NEW LOCATION WOULD NOT BE AS DANGEROUS TO TRAVELERS IN THE HIGHWAYS AS THE GRADE WOULD BE EASIER THAN AT THE PRESENT HIGHWAY CROSSINGS.

THE COMMISSION BEING SUFFICIENTLY ADVISED IN THE PREMISES, AND IN VIEW OF THE FACTS AND CIRCUMSTANCES HEREIN MENTIONED, IS OF THE OPINION THAT THE PRAYER OF THE PETITIONER SHOULD BE GRANTED, AND IT WILL BE SO ORDERED.

IT IS THEREFORE ORDERED BY THE PUBLIC SERVICE COMMISSION OF INDIANA, THAT AUTHORITY BE, AND THE SAME IS HEREBY GRANTED THE SOUTHERN INDIANA GAS AND ELECTRIC COMPANY TO RELOCATE ITS TRACKS AND TO CROSS CERTAIN PUBLIC HIGHWAYS IN ACCORDANCE WITH THE BLUE PRINT ATTACHED TO AND MADE A PART OF THE PETITION IN THIS CAUSE.

RE EXTRA ALLOWANCE ON
HENDERSON ROAD.

ON MOTION THE BOARD, PURSUANT TO PREVIOUS INSTRUCTIONS AND AGREEMENT, ON THE RECOMMENDATION OF THE COUNTY SURVEYOR AND ENGINEER ON THE HENDERSON ROAD, HEREBY ALLOWS THE GLOBE CONSTRUCTION COMPANY, SUCCESSORS TO TRAYLOR & HEINZLE CONTRACTORS ON SAID ROAD, THE SUM OF \$3703.71 FOR THE FOLLOWING WORK AS ORDERED AND APPROVED BY THIS BOARD ON JULY 1, 1924:

"BETWEEN STATION 65 AND STATION 115 WERE PLACED 343 LINEAL FEET OF PAVED SHOULDER AT 49 CENTS PER LINEAL FOOT, THE AMOUNT OF \$168.70. THERE WERE 2255 POUNDS OF REINFORCING STEEL AT 3 1/2 CENTS PER POUND \$79.92, 446 SQUARE YARDS OF RIP RAP AT 1.50 PER SQUARE YARD, TOTAL \$669.00. THE APPROACHES TO THE VARIOUS STRUCTURES ALONG THE ROAD AND BETWEEN THE FOREGOING STATIONS REQUIRED 1550 POUNDS OF HALF INCH SQUARE BARS FOR SLAB REINFORCEMENT AT 5 CENTS PER POUND \$77.50.

BETWEEN THE TIME OF THE PREPARING OF THE PLANS AND SPECIFICATIONS FOR THIS CONTRACT AND THE LETTING OF THE CONTRACT THE STEEL MILLS DISCONTINUED THE ROLLING OF 5/16 REINFORCING STEEL. THIS OCCASIONED THE CHANGE AFTER THE AWARDED OF THE CONTRACT AT WHICH TIME IT CAME TO THE NOTICE OF THE CONTRACTOR THAT IT WOULD BE IMPOSSIBLE TO PLACE 5/16 BARS. IN ACCORDANCE WITH INSTRUCTIONS AND RECOMMENDATIONS OF THE STATE HIGHWAY ENGINEER AND THE COUNTY SURVEYOR THE CONTRACT PLACED 3/8 REINFORCING STEEL. THIS MADE IT NECESSARY THAT THE CONTRACTOR SUPPLY 33,892 POUNDS MORE REINFORCING STEEL THAN WAS ESTIMATED IN THE CONTRACT AT THE CONTRACT PRICE OF 3 1/2 CENTS PER POUND AMOUNTING TO \$1,186.22. IT IS ONLY FAIR THAT THE CONTRACTOR BE PAID FOR THIS ADDITIONAL TONNAGE OF STEEL. DURING THE HIGH WATER IN JANUARY 1924 IT DEVELOPED THAT AT

VARIOUS PLACES ALONG THE ROAD BETWEEN STATIONS 115 AND 302 THAT THE CONTRACTOR WHILE CONSTRUCTING RIP RAP IN ACCORDANCE WITH THE PLANS FAILED TO GO AT SUFFICIENT DEPTH BELOW THE NATURAL SOIL TO PROPERLY HOLD THIS RIP RAP. AT THE RECOMMENDATION OF THE INSPECTOR AND THE ENGINEER WE PLACED 432 SQUARE YARDS OF ADDITIONAL RIP RAP AT 1.50 PER SQUARE YARD AMOUNTING TO \$648.80. AT THE SAME TIME NEAR STATION 256 AT WHICH POINT THERE IS A DRIVE WAY ENTERING THE ED. LONG FARM WHICH WAS NOT FULLY COMPLETED AT THE TIME THAT THE CONTRACTOR WAS INSTRUCTED TO OPEN THE ROAD FOR PUBLIC TRAFFIC, AND AT SEVERAL OTHER PLACES NORTH OF THIS STATION THERE WAS APPROXIMATELY 446 SQUARE YARDS OF RIP RAP WHICH THE HIGH WATER SHOWED WAS NECESSARY TO PROPERLY PROTECT THE ROAD ALONG THESE POINTS. AT THE PRICE OF \$1.50 PER SQUARE YARD THIS AMOUNTS TO \$669.00. BETWEEN STATION 272 AND 275 THERE WAS A CONCRETE WALL ALONG WHAT IS KNOWN AS THE WATSON MOUND. TO PROPERLY CONSTRUCT THE PAVING AT THIS PLACE IT WAS NECESSARY TO REMOVE A CERTAIN PER CENT OF THIS WALL WHICH REQUIRED 24 CUBIC YARDS OF CONCRETE AT \$20.00 PER CUBIC YARD TO REPLACE, MAKING A TOTAL OF \$480.00. DURING THE HIGH WATER AT THAT TIME THERE WAS A CUT UNDER THE SLAB AND CONSIDERABLE SAND AND OTHER DEBRIS ACCUMULATED BETWEEN STATIONS 255 AND THE END OF THE PAVEMENT WHICH THE CONTRACTOR WAS ORDERED AS AN EMERGENCY TO IMMEDIATELY REPAIR AND CLEAN OFF THE PAVEMENT AND ALSO REPAIR THE SLAB WHICH AMOUNTED TO APPROXIMATELY \$350.00 AS NEAR AS COULD BE ESTIMATED. DURING THIS HIGH WATER I INSTRUCTED THE CONTRACTOR TO PURCHASE EMPTY BAGS AND TWINE, EMPLOY LABOR RO SAND BAG CERTAIN PORTIONS OF THIS PAVEMENT BUT THE CONTRACTOR HAD COMPLETED THE SAME IN ACCORDANCE WITH THE PLANS AND SPECIFICATIONS BUT THE CONCRETE DID NOT HAVE SUFFICIENT TIME TO SET TO WITHSTAND THE PRESSURE OF THE WATER, \$43.57."

RE. ALLOWANCE TO COUNTY ATTORNEY

PURSUANT TO PREVIOUS AGREEMENT AND INSTRUCTIONS WHEREIN THE BOARD OF COMMISSIONERS EMPLOYED AND INSTRUCTED HARLAN B MCCOY TO PREPARE ALL THE NECESSARY LEGAL NOTICES, ORDINANCES AND ORDERS OF THE VANDERBURGH COUNTY COUNCIL, AND OF THE BOARD OF COMMISSIONERS OF VANDERBURGH COUNTY AND TRANSCRIPTS FOR THE ISSUE AND SALE OF VANDERBURGH COUNTY BONDS FOR REPAIRS AND ERECTING OF ADDITIONAL BUILDINGS TO BOTH THE CHILDREN'S GUARDIAN HOME AND BOEHNE TUBERCULOSIS HOSPITAL OF VANDERBURGH COUNTY, AND WHICH LEGAL SERVICES WERE OF A SPECIAL CHARACTER AND OUTSIDE THE DUTIES OF THE COUNTY ATTORNEY UNDER SAID COUNTY ATTORNEY'S CONTRACT OF EMPLOYMENT, THE BOARD OF COMMISSIONERS NOW ALLOW SAID HARLAN B MCCOY THE SUM OF THREE HUNDRED DOLLARS (300.00) FOR LEGAL SERVICES IN CONNECTION WITH THE GUARDIAN HOME BOND ISSUE, AND SEVEN HUNDRED DOLLARS (700.00) FOR SAID LEGAL SERVICES IN CONNECTION WITH THE BOEHNE TUBERCULOSIS HOSPITAL BOND ISSUE.
