Come now James T. Walker and George A. Cunningham and presents to the Board the following petitions. Towit:

To the Honorable Board of Commissioners
of the County of Vanderburgh.

We. the undersigned free-holders of the County of Vanderburgh in the State of Indiana. respectfully represent that the salary of the Judges of the Circuit Courts in this state is now fixed at twenty five hundred dollars per annum. payable out of the State Treasury. But in judicial circuit containing any city of a population of more than thirty thousand. as shown by the last preceding United States census. the Board of Commissioners upon proper petition. have the right under the law. to increase the salary of such Judge fifteen hundred dollars. payable out of the Treasury of the County.

We further respectfully represent that the annual salary of the Judge of the Vanderburgh Circuit Court. viz: twenty-five hundred dollars. is not an adequate compensation for the services of such Judge, and should be increased in the sum of one thousand dollars. making his salary in all thirty five hundred dollars per annum.

Wherefore your petitioners respectfully pray your Honorable Body to allow the sum of one thousand dollars as an addition. to. or increase of the annual salary of the Judge of the Vanderburgh Circuit Court, and we will ever pray.

Dated at Evansville. this 29th day of March 1893.

of the County of Vanderburgh.

We. the undersigned free-holders of the County of Vanderburgh in the State of Indiana. respectfully represent that the salary of the Judges of the Circuit Courts in this state is now fixed at twenty five hundred dollars per annum. payable out of the State Treasury. But in judicial circuit containing any city of a population of more than thirty thousand. as shown by the last preceding United States census. the Board of Commissioners. upon proper petition. have the right under the law. to increase the salary of such Judge fifteen hundred dollars. payable out of the Treasury of the County.

We further respectfully represent that the annual salary of the Judge of the Vanderburgh Circuit Court. viz: twenty-five hundred dollars. is not an adequate compensation for the services of such Judge, and should be increased in the sum of one thousand dollars. making his salary in all thirty five hundred dollars per annum.

Wherefore your petitioners respectfully pray your Honorable Body to allow the sum of one thousand dollars as an addition. to. or increase of the annual salary of the Judge of the Vanderburgh Circuit Court. and we will ever pray.

BOARD OF COMMISSIONERS, VANDERBURGH COUNTY,

To. The Board of Commissioners
of Vanderburgh County :-

The undersigned resident freeholders of Vanderburgh County would respectfully show to your Honorable Board. that the General Assembly of the State of Indiana at its last Session passed a law in regard to the salary of Judges of the Circuit and Superior Courts. which provides :-

"Section 1. - Be it enacted by the General Assembly of the State of Indiana. That the Salaries of the Judges of the Circuit and Superior Courts of this State shall be Twenty five hundred Dollars Annually. payable quarterly out of the State Treasury; provided that in all Judicial Circuits of this State containing any city which had a population of more than thirty thousand as shown by the last preceding United States Census. whenever twenty or more freeholders of the County in which such City is situated. shall by their petition filed with the Board of Commissioners of such County. represent that the annual Salary of the Judge of such Circuit or Superior Court, as otherwise provided by law is not adequate compensation for the services of such Judge, and should be increased in the sum to be specified in such petition. then it shall be the duty of the Board of Commissioners of such County. in open session. without delay. and at either a regular or special term of such Board to consider such petition, and hear evidence thereon. and thereupon and within the limits of such evidence. but in no event in excess of the sum of Fifteen Hundred Dollars. or in excess of the sum specified in such petition. Such Board of Commissioners may by entry of record. fix and allow a certain sum as an addition to or increase of. the annual Salary of the Judge of such Circuit or Superior Court."

"Section 2. - Upon such allowance being made by such Board of Commissioners the sum so allowed shall be payable only out of the Treasury of the County in which such petition is required to be filed. and shall be payable quarterly upon warrant drawn by the Auditor of such County. upon the Treasurer thereof. and from and after the date of such allowance by such Board. the same shall be held as an addition to the annual salary of such Judge as otherwise fixed and provided by law. and shall

Spl. Mch. TERM, 189 , Tuesday THE 11th DAY OF April A. D. 1893.

not be demnished during the term of office of such Judge: and any such allowance, and the Proceedings of any Board of Commissioners in relation thereto, if in compliance with the provsions of this act shall be final and conclusive."

That heretofore the Salary of the Superior Judges of this State was Three Thousand Dollars. Two Thousand Dollars of which was paid by the County where such Courts were established, and One Thousand Dollars by the State, By the provisions of the foregoing law the State pays the entire Salary provided but leaves it to the County Board to increase such salary, when such Salary is inadequate compensation for the services of Judges holding Court in large Cities.

The General Assembly in passing the above act recognized that the Salary fixed was not an adequate compensation in Counties containing large Cities, but made provision by which the Board doing the County's business could increase such Salary in any sum it might deem just and proper, not to exceed Fifteen Hundred Dollars. in order to equalize the compensation and the additional labor required.

The undersigned believing that the Salary as now fixed by law is wholly inadequate and not a fair and just compensation for the Judge of the Superior Court of our County for the services required to be performed by him and should be increased:

Wherefore they ask your Honorable Board to increase the Salary of Judge Peter Maier of the Superior Court of this County. One Thousand Dollars per annum, making his Salary Thirty Five Hundred Dollars.

Phil. L. Decker.

and twentynine others.

on the 18th day of May 1893. Court:

State of Indiana

Commissioners Court
June Term 1893.

To the Honorable Board of Commissioners
of Vanderburgh County

The undersigned freeholders of said County, respectfully petition for the location of a Public Ditch in Knight Township of said County, That the construction of said ditch will not only be conducive of public health, convenience and welfare, but the same will be of public benefit and utility, and that such drainage can not be obtained without entering upon and passing through the lands adjoining, the owners of a portion of which are unwilling to engage in the enterprise of improvement. That the following persons, whose names are hereunto subscribed to this petition, own lands liable to be affected by or assessed for the expense of the construction of said ditch, to-wit: Sophia Diefenbach, Joseph Nurrenbern, Agnes L. Barnett, A. Diefenbach, L. L. Long, M. F. Long, and Geo. D. Demonin et al.

We therefore ask your honorable body to cause to be constructed a ditch as provided by law, upon the following route, to-wit: Commencing in the North half of Section Thirty (30) T. Seven (7) South, Range Nine (9) West, about forty rods north of the center line of Section Thirty, and about at the corner of the lands belonging to Sophia Diefenbach and Agnes L. Witness our hands and seals this 18th day of May. 1893.

The condition of the above obligation is such. That. whereas the above bounden Joseph Nurrenbern under the provisions of an act entitled "An Act to enable the owners of wet lands to drain etc." approved March 9th 1875. did this day file in the office of the Auditor of said County. their petition. to the Board of Commissioners of said County. for the establishment of a Ditch, Drain or Watercourse. on the following. route. towit: Commencing in the North half of Section No. Thirty (30) R 9. 2. The Contractor shall provide at his own expense all materials and labor, scaffolding implements and cartage for the due performance of said work.

3. The Contractor shall within three days after receiving written notice to that effect from the Architect, remove from the grounds or building, all material, whether worked or unworked, and shall take down all portions of the work which the Architect shall condemn as unsound or improper, or as in any way failing to conform to the drawings and specifications and the conditions of this contract.

-provided, that in each of the said cases, the Architect shall certify in writing that all the work upon the performance of which the payment is to become due as aforesaid has been done to his satisfaction, and provided further, that before each payment if required, the Contractor shall produce a certificate from the Clerk of the office where liens are filed or recorded, signed by such Clerk, that the said building is free from all liens and claims chargeable to the said Contractor, and further that if at any time there shall be any lien or claim of any Kind for which if established, the Owners or the said land or building might be made liable, and which would be chargeable to the said Contractor the Owners shall have the right to retain out of payment then due or thereafter to become due, an amount sufficient completely to indemnify them against such lien or claim, until the same shall be effectually satisfied, discharged or cancelled.

13. It is further mutually agreed between the parties hereto, that no certificate given or payment made under this Contract shall be conclusive evidence of the performance of this contract, either wholly or in part, against any

claim of the Owners to the contrary in any suit or proceeding whatever.

14. And the said Owners hereby agree with the said Contractor to employ and hereby employ him to provide the materials and do the said work according to the terms and conditions herein contained and referred to for price aforesaid, and hereby contract to pay the same at the time, in the manner, and upon the conditions above set forth.

Gentlemen:

We the undersigned resident freeholders and householders of Vanderburgh Co. We also caused stake to be set at each one. hundred feet number down stream. The route of the proposed ditch is described as follows:

Gentlemen:

The undersigned, Henry Helmich, being the owner of Sixty five acres of land, being part of the west half of the South-west Quarter of section thirty five in Township six South of Range Ten West. through the proposed ditch known as the Racoon Slough Ditch would run which is described as running along and upon the following route, towit,- At a point thirteen(13) chains South, 740 East from the North West corner of South west Quarter Section Thirty six Township Six(6) South, Range Ten(10) West, thence through said Section Thirty six (36) West about 750 feet to the Green River Road, thence through Section Thirty five West 5700 feet, thence West through Section (34) Thirty four about 2000 feet, thence in a South easterly direction through Sections Thirty four, Township Six South, Range Ten West and Section Two Township Seven South Range Ten West 4000. feet to the Bray & Pfingston Ditch thence with said ditch about 1400 feet to its outlet at the culvert across the gravel road, a total length of about 13,850 feet or 2 6/10 miles.- Said proposed ditch to pass through the lands and along the lines of the following persons. Joe Harrell. Edgar Angel, Eva Legler. Thos E. Pallock. Rupert ine Edson. John. D. Baumgart, Henry Helmy. Elizabeth Vogt. J. H. Pfingston. Mary F. Pfingston. and County Roads and to be known as the Racoon Slough Ditch.- respectfully remonstrates against the establishment of said ditch, for the reason. First.- that the same is not of public utility; Second.- that the cost thereof will greatly exceed the benefits to be derived therefrom; Third.- that the benefits assessed to him are too high; Fourth.- that he will be greatly damaged by the establishment of said ditch in this - that the said ditch which is proposed would run through his lands in a South westerly direction at first, then changes its direction and runs through his land in a Southern direction, thereby cutting his land into three distinct parts, greatly to its damage, depreciating value and rendering it very difficult to cultivate, to his damage $1000.00 Fifth: for the reason that it would require the construction upon his land of two bridges for back water of the Ohio

River at a cost in the neighborhood of $200.00. that it would cause the water to remain and stand upon his ground, which otherwise flows off and away therefrom.

Therefore he asks that the said ditch be not established or if it is, that he be allowed the sum of $1200.00 for his damages sustained thereby.

Henry Helmich.

In the matter of the Franklin Street Bridge over Pigeon Creek

In order to erect the side walks along the new Franklin Street Bridge now being built, and in order to make the fills in and about the abutments of said bridge. it is now ordered that pilings be driven and riff raffs built at the North West. and the South East corners of said abutments, and that this order be entered of date November 2. 1893. to correct a defect in description in the order on the same subject made of that date.

Dec. TERM, 1893, Thursday THE 7th DAY OF December A. D. 1893.

Ordered that the coping on the abutments of the new Franklin Street Bridge across Pigeon Creek be of Hamilton sand stone instead of limestone at the contract price, and that the pilings on the bank side of said abutments ordered for the purpose of protecting said abutments be driven at the original contract price for similar pilings. And that the cribbing heretofore ordered be filled with stone at the price of one dollar and fifty cents per cubic yard.

On motion it is ordered that Messrs. Eigenmann & Hollerbach the Contractors for building the abutments for the new bridge on Franklin Street in the City of Evansville across Pigeon Creek have further time until the 5th day of January 1894. for the purpose of completing the fills in and around said abutments. this extension is made because in the opinion of the Board it would be better not to complete said fills until after the superstructure is laid on said abutments.

To the Honorable Board of Commissioners
of Vanderburgh County. Indiana.

We the undersigned. appointed by this Court at its September Term 1893 to view a drain described in the certified copy of a petition and order of Court for a Ditch. by Joseph Nurrenbern and others. handed us by the Auditor. would respect that according to said order we on the day named therein. towit the 11th day of October 1893. in company with Harry A. Benning. a civil engineer. made an accurate survey of the line of said proposed Ditch from its source to its outlet. The survey by the Engineer marked "Exhibit A." We caused stakes to be set along said line. each one hundred feet. numbering down stream. We also made a computation of the total number of cubic yards of earth to be removed from said drain. and estimated the total cost for the construction of the work at $551 5/100 Dollars. We also apportioned and set apart to each parcel of land a share of said work in proportion to the benefits received. all of which will fully appear by a tabular statement in this report After a full and careful view and examination. we are of the opinion that the ditch. drain or water course as located by the survey will be practical and of public utility. and will improve the health in that neighborhood and benefit Public Highways.

The route of the proposed ditch is described as follows. Commencing at a point 15 feet east of the middle line of Section 30. T. 6. S. R. 9. W. and forty (40) rods north of the N. W. corner of the S. Now come Wiegand Kneer, Henry Hillenbrand and Anton Runte, heretofore appointed Reviewers of the said ditch and present their report in said matter in the words and figures following, towit:

To the Honorable Board of Commissioners
of Vanderburgh Co. Indiana.

Gentlemen:

We the undersigned resident householders of Vanderburgh Co. Ind. having been appointed by your honorable Body as Re-Viewers of the proposed Raccoon Slough Ditch in Knight Township, would represent that according to said order, we met on the 4th day of October 1893 at the office of the County Surveyor and after having duly qualified according to law, we proceeded in company with H. A. Genung a civil Engineer and made a careful Examination of the entire premises through which the proposed work extends from its source to its outlet. The route of the proposed ditch is described as follows. Commencing at a point on the lands of Joseph Harrell 13 chains S. 74° E from the N.W. corner of the S W 1/4 Sec 36. T. 6. South Range 10. West. Thence N. 52° 45' W. 300 feet. thence west 700 feet to the west line of Sec. 36. T6. S. R 10. W. thence through Sec 35. T. 6. S. R. 10. W. S 75° W. 600 feet. thence S. 42° W. 1100 feet. thence S. 80° W. 1300 feet. thence N. 77° W 1700 feet thence N. 87° 30' W. 1000 feet to the west line of said Section 35. thence through Sec. 34. T. 6 S R. 10. W. S. 81° 25' W. 1300 feet thence south 59° W. 500 feet. thence South 150 feet. thence S. 50° E 250 feet. thence S. 67° E. 1300 feet. thence S. 45° E. 300 feet to the East line of said Sec. 34. thence through Sec 35. T. 6 S. R 10 W. S. 80° E 500 feet. thence S. 33° E. 500 feet to the South line of said Sec. 35. thence through

Section 2. T. 7. S. R. 10. W. South 1800 feet to the Brayton Pfuigston Ditch. thence with said ditch S. 54° E. 1250 feet to the culvert across the Gravel River Road.

Said proposed work to pass through the lands and along the lines of the following persons. Joseph Harrell Edgar Angel. Eva Logler heirs. Thos. E. Pollock Rupherine Edson. Wm Grieve. J. D. Baumgart. Henry Helmey Elizabeth Vog. t. Henry Pfuigston and Mary F. Pfuigston Doewalt.

We are of the opinion that the construction of the proposed ditch will be of great public benefit and utility, improve the general health in that neighborhood and drain public highways, and that the expense of such drainage will be less than the benefits derived from its construction.

We have examined the action and report of the Viewers as well as the entire premises through which the proposed work extends, and we do not sustain the full action & report of the Viewers, inasmuch as we have made a new allotment which accompanies this report.

The map marked "Exhibit A." and Profile marked "Exhibit B." are made a part of this report.

We are of the opinion that no land owners along the line of the proposed ditch is entitled to any damages on account of its construction, we therefore do not allow damages to any one.

Respectfully Submitted.

In the matter of the Franklin St. Bridge over Pigeon Creek } Communication from Eigenmann & Hollerbach.

Come now Eigenmann & Hollerbach Contractors for the Abutments for the Franklin St. Bridge and present to the Board the following communication viz:

To the Board of County Commissioners
of Vanderburgh County.

If the filling of earth at the Franklin St. Bridge is completed at this time, there is great danger that the pressure of the new earth will destroy one or both of the abutments of the bridge. The completion of the earth filling should be delayed until the earth already put in there has had time to settle, and until the walls have become entirely hardened, and trestles or some other devices should be substituted for earth filling temporarily. We are ready to complete the filling with earth at once, but we hereby notify you that in case the abutments fall or are

injured by reason thereof. we shall be in no way responsible for the same, as the weakness of the abutments is entirely owing to the plans of the same. and not to any fault in their construction, or in the work done by us.

Dated January 8th 1894.

Eigenmann & Hollerbach.

On motion the communication is ordered received and filed and the Auditor is ordered to notify Eigenmann & Hollerbach the Contractors for the construction of the abutments of the Franklin Street Bridge, in response to their communication Not to make any fill against said abutments that they do not consider perfectly safe and in any way endanger the same, and none except that they can make at their own risk, until further notice from this Board.

We the Grand Jury for the present term of the Vanderburgh Circuit Court would Respectfully report that they have visited and inspected the White Orphan Asylum and find therein sixty five orphan children under the age of thirteen years. under the care and management of the Matron of said institution Mrs. Knauth, that the general health of said children is good. that they are well provided and cared for and that said institution is well and ably managed and we would respectfully recommend that the old outbuildings of said institution be replaced with new ones and as they have no drainage or sewage, but that as there is now being laid a sewer within one block of the premises. it can be done at a lesser cost and in a better manner than any time hereafter. therefore we would suggest that the County Commissioners erect and properly drain new water closets and do away with old vaults.

That we have visited and inspected the Colored Orphan Asylum. and find therein thirty four orphan

Childasew, under the care and management of Mrs. Nancy Short, that they are in good health and are well provided and cared for, and that institution is well managed, and would recommend that the water supply of the be increased as at present it is only supplied by one cistern and that it does not furnish sufficient water for the same.

In the matter of the
F. W. Cook Ditch } Viewers Report. Remonstrance. Re Viewers Apt.
in Knight Twp.

Come now the Viewers heretofore appointed herein and file their report in the words and figures following to-wit (said report was filed in the Auditors office April 17. 1894)

BOARD OF COMMISSIONERS, VANDERBURGH COUNTY,

To the Honorable Board of Commissioners
of Vanderburgh County Indiana

Gentlemen:

We the undersigned resident freeholders of said County, appointed by this Court at its March Term 1894. to view a ditch described in the certified copy of a petition and order of said Court for a Ditch by F. W. Cook and others, handed us by the Auditor. would respectfully report that according to said order we on the day named therein. Court: the fourth day of April 1894. in company with Harry A. Genning a civil Engineer made a careful survey of said proposed F. W. Cook Ditch, from its source to its outlet. We caused stakes to be set along said line each one hundred feet numbering down stream. The route of the proposed ditch is described as follows. Commencing at a point on the south line of the F. W. Cook Investment Company property marked Station "0" three hundred eighty (380) feet from the South East corner of the South West quarter of Section 22. Town. 6. South. Range 10 West. and running from thence North 51° W. along the line of an old ditch 900 feet in said Section 22. Thence north 38° West 550 feet thence north 2° 30' West 1250 feet. thence north 20° East 400 feet to the N.E. corner of N. W. 1/4 S W 1/4 said Section 22. thence N. 38° E. 1660 feet, thence north 640 feet. thence north 28° west 500 feet; thence north 45° West 400 feet to the north line of said Section 22. Thence in Section 15. T. 6. S. R. 10 W. north 56° West 1100. thence north 36° 30' west 389 feet. thence north 17° west 315 feet thence N. 7° E. 549 feet to Pigeon Creek at the outlet of an old drain on the lands of Wendelin Schmidt in the South half of said Sec. 15. Being a total length of 8653 feet or $1\frac{64}{100}$ miles.

The line of said proposed ditch passes through the lands and along the lines of the following persons. F. W. Cook Investment Company. Job Stafford Jr. Eva K. Stockwell. Evansville Suburban & Newburgh Ry. Co. Louisville Evansville & St. Louis Consolidated R. R. Co. Jas. W. Collett. Mary & L. Hughes. Jacob Folz Sr. & E. Maxfield. & Geo. Woodruff in the West 1/2 of Sec 22. T. 6. S. R. 10 W. and through the lands of Henry Hess heirs. J. H. Shaffer and Wendelin Schmidt. in the South 1/2 of Sec. 15. T. 6. S. R. 10. W.

We have made a careful examination of the premises liable

to be benefitted by the construction of said proposed ditch, and have apportioned and set apart to each parcel of land a share of said work in proportion to the benefits received. all of which will fully appear by a tabular statement in this report.

We find that the proposed work will be of great public benefit and utility, and improve the general health in that neighborhood and that the cost of construction of the same will be less than the benefits to be derived thereby.

We submit a map of the line of the proposed ditch marked "Exhibet A." and a profile showing depth of cut, width at top & bottom & number cubic yards in each one hundred feet. Marked "Exhibet B." which are made a part of this report.

We have made an estimate of the cost of timber lining for the ditch from Station 47+50 to 50+50. in case the same should prove to be of the nature of quicksand & tend to cave & retard the construction of the ditch. If the timber work is required to be done, then the cost of the same shall be apportioned to each tract of land in proportion that said lands are assessed for the construction of the ditch. the same shall be built under the supervision of the County Surveyor.

All material excavated must be removed at least two (2) feet from the banks of the ditch & from the banks of the old ditch in which the new work is partly to be constructed, openings shall be left on each side of the ditch not more than 200 feet apart.

We estimate the cost of construction of the proposed ditch as follows.

Earth Excavation	5126.7 cu yds @ 15¢	$769.00
Engineering and Advertising		303.38
Clearing and Grubbing.		57.33
Road Crossings		300.00
Total		1429.71

In case the timber work specified above is required to be used then the estimated cost of the ditch will be increased by the following amount.

600 plank	2" X 12" X 12'	14400 B.M.
38 pieces	4" X 6" X 16'	1216
38 pieces	6" X 6" X 12'	1368
		16984 ft B.M. @ $20 per M. $339.68

BOARD OF COMMISSIONERS, VANDERBURGH COUNTY,

All timber to be of good sound white oak subject to the approval of the County Surveyor

Respectfully Submitted.

June TERM, 1894, Thursday THE 7 DAY OF June A. D. 1894.

And come now Jacob Folz Sr. Geo. A. Wright for Selena Wright. Henry Deutch. George Woodruff. Fred Buente and Henry F. Hoge. by the name of Buente & Hoge and E. D. Eames for C. E. Mayfield and Thomas Haselitt and file their remonstrance against the construction of said ditch in the words and figures following. towit:

To the Hon. the Board of Commissioners
of Vanderburgh County.

In the matter of the J. W. Crook Ditch and Drain Petition in Knight Township of said County.

Jacob Folz Sr. Geo. A. Wright for Selena Wright. Henry Deutch. George Woodruff. Fred Buente and Henry F. Hoge by the name of Buente & Hoge and E. D. Eames for C. E. Mayfield. He the said Eames being the owner of the land assessed to said Mayfield, and Thomas Haselitt who is the occupant of said land and the agent of the said Eames do now here jointly and severally remonstrate, object and except to the said ditch and drain and to the report of the viewers heretofore appointed and say that said report as to them ought not to be confirmed and approved by the said board of Commissioners for said ditch and drain as allowed and granted as located by said Viewers.

The said Jacob Folz Sr. says that the ditch and drain is located upon and across the land owned by him described as part of the South East quarter of the North West quarter of Section Twenty two (22) Township Six (6) South of Range Ten (10) being Twenty (20) acres more or less. and sets forth his grievance herein as follows. That he is wronged and agrieved by the assessment of Seventy & $\frac{97}{100}$ Dollars ($70.97) as benefits by reason of the construction of said ditch. and says that he is not benefitted in any sum or manner whatever by the construction of the same. but on the contrary the said ditch is and will be a great damage and injury to him. That by being enlarged and deepened as proposed he will be greatly damaged and injured and that the enlargement of the ditch and drain will destroy and render useless about Three (3) acres. of the land aforesaid and that the construction of said drain will leave and cause to be left in embankment a large amount of dirt and debree and render the removal thereof necessary.

or destroy the use of his land or so much as is covered thereby. and that the removal thereof will cost about the sum of One hundred Dollars ($100.00) and that he would be injured and damaged altogether in the sum of Five hundred Dollars ($500.00) and that he claims that the amount of his injuries be assessed and paid to him before the enlargement of said ditch and drain is authorized to be made.

The said Henry Deutch says he is wrongfully assessed with the sum of Eight & 01/100 Dollars. ($8.01) upon his land described in said report. that the construction of said ditch will be of no value to him whatever. Therefore the assessment is wrong, and ought not to be made.

And the remonstrator Bueute & Hoge say that the land mentioned in said report is wrongfully assessed with Twenty & 90/100 Dollars ($20.90) Whereas in fact and in truth the said land mentioned will not be benefitted in any sum or amount whatsoever and that no assessment ought to be made against them.

And the said remonstrator E. D. Eames by his agent Thomas Haslett says that he is wrongfully assessed with Seven & 09/100 Dollars. ($7.09) as benefits on part of the North East Quarter of the North West Quarter of Section Twenty two (22) Township Six (6) and Range Ten (10) when in fact the construction of said ditch and drain will be of no benefit to the said land but upon the contrary will greatly injure and damage the same, and the said remonstrator claims that he is entitled to, and demands that his damages shall be assessed and allowed to him in the sum of Five hundred Dollars. ($500.00) before the construction and enlargement is made. and that the same be paid to him

And the said remonstrator George Woodruff. is wrongfully assessed with the sum of Nine & 97/100 Dollars. ($9.97) as benefits on part of the North East Quarter of the North West Quarter of Section Twenty two (22) Township Six (6) and Range Ten (10) when in fact the construction of said ditch will be of no benefit whatever but upon the contrary will greatly injure and damage said land. to the amount of Five hundred Dollars. ($500.00) which said sum for his injuries and damages to his said lands he now here demands shall be assessed and that the same be allowed and paid to him before the enlargement of said ditch and drain and the construction thereof. and each and all of said remonstrators hereby claim and demand

all proper relief herein.

Respectfully Submitted.

And said Remonstrators also file their bond to the approval of the County Auditor.

And the Board having carefully examined the report of the Viewers, and the remonstrance herein, and the notice of hearing of said petition having been published according to law, and being fully advised in the premises. It is ordered by the Board that Michael Ward, Alexander Perry Sr. and James Erskine be and they are hereby appointed Reviewers of said J. W. Cook Ditch, and said Reviewers are hereby ordered to meet at the office of the County Surveyor in Evansville Indiana on Thursday Morning July 5th. 1894. at 10 oclock, and from there proceed to the line of said proposed ditch, and review the action and report of the Viewers, as well as the entire premises through which the proposed work extends, with all the powers granted to Viewers originally, except that they shall not change the line of said proposed ditch (if they find the same to be of public utility) as located by the Viewers at any other place or places than those complained of in the remonstrance, and there only far enough to do justice to the parties remonstrating, and that they file a sworn report of their proceedings with the County Auditor before the next regular session of this Board, until which time this cause is continued.
