SECTION 13.00 OWNER'S CERTIFICATE (continued)

Definitions for easements are to be dedicated within the Owner's Certificate as required . . .

PUBLIC UTILITY EASEMENTS

Strips or areas of land, of the dimensions shown on this plat and marked **PUE** (Public Utility Easement), are hereby dedicated for the installation, maintenance, operation, enlargement and repair of utility facilities, whether above ground or below ground, with the right to trim or remove, at the discretion of the public utility, trees, overhanging branches, bushes, underbrush and obstructions. No structures other than such utility facilities shall be located within said areas of land and any fence located within said areas of land is subject to removal by a public utility, without liability, in the use of said easements by said utility.

DRAINAGE EASEMENTS

Strips or areas of land, of the dimensions shown on this plat and marked **DE** (Drainage Easement), are hereby dedicated for conveyance of surface water and/or subsurface water; provided however, that public utilities are hereby permitted to cross such Drainage Easements with utility facilities provided, that such facilities are not placed in such a manner as to impede the flow of water. The property owner is responsible for maintenance and erosion control of said easements and shall not place landscaping, earth berms, fences or other obstructions that impede or reduce the flow of water.

DRAINAGE AND UNDERGROUND PUBLIC UTILITY EASEMENTS

Strips or areas of land, of the dimensions shown on this plat and marked **D&UGPUE** (Drainage & Underground Public Utility Easement), are hereby dedicated for conveyance of surface water and/or subsurface water drainage and for the maintenance and operation of underground portions of public of public utility facilities, including flush with surface level manholes and vaults that do not impede drainage flow, access along the easement, or mowing and maintenance of the easement. No structures other than such utility facilities or drainage ways or systems shall be located within said areas of land and any fence located within said areas of land is subject to removal by the Drainage Board or a public utility without liability in the use of said easements.

LAKE MAINTENANCE AND STORM DETENTION EASEMENTS

Strips or areas of land, of the dimensions shown on this plat and marked **LM&SDE** (Lake Maintenance & Storm Detention Easement), are hereby dedicated for the maintenance of the storm drainage lake and maintenance, and storage of storm water. Any alterations to the land within these easements must have the approval of the Drainage Board. Fences may not be extended into the Lake Maintenance and Storm Detention Easements.

General dedication for easements

All easements are dedicated with the right of ingress and egress over the lots within this subdivision to and from said easements for necessary construction, maintenance or reconstruction.

Other easements may be required . . .

ACCESS: (Provide access statement as directed . . .)

DOUBLE FRONTAGE LOTS: Lots _____ are not considered to be double frontage lots.

NATURAL SURFACE WATERCOURSE: The owner(s) shall remain responsible for lake maintenance and prevention of obstructions to creeks and natural surface watercourses.

NATURAL SURFACE WATERCOURSE: The owner(s) shall remain responsible for the prevention of obstructions to creeks and natural surface watercourses.

SECTION 25.00 GENERAL NOTES (continued)

RESPONSIBILITY FOR DRAINAGE FACILITY MAINTENANCE WITHIN COUNTY . . .

[VCC 13.04.460\(B\(1\)\(a\), 13.04.460\(B\(1\)\(b\) and 13.04.460\(B\(1\)\(c\)](#)

PLAN “A” LOT OWNERS’ ASSOCIATION:

The name of the legal entity forming the Lot Owners’ Associations (LOA) should replace the parenthetical phrase “The Lot Owners’ Association . . . as shown within the first line of the first paragraph of the standard language for Plan “A”.

RESPONSIBILITY FOR DRAINAGE FACILITY MAINTENANCE PLAN “A”:

‘The Lot Owners’ Association shall be responsible, including financially, for the maintenance and repair of the entire stormwater drainage system, its parts, and easements within or attached to this subdivision and outside of County accepted road rights-of-way including:

- (1) Mowing grass, controlling weeds, and maintaining the designed cover of the waterways, storage basins, and easements in accordance with applicable ordinances.
- (2) Keeping all parts of the stormwater drainage system operating at all times as designed and as constructed; and free of all trash, debris, and obstructions to the flow of water.
- (3) Keeping the channels, embankments, shorelines, and bottoms of waterways and basins free of all erosion and sedimentation.
- (4) Maintaining and repairing the stormwater drainage system in accordance with the conditions described on the approved street and/or drainage plans on file in the County Surveyor’s Office, and/or the County Engineer’s Office; and in compliance with the County Drainage Ordinance.
- (5) Preventing all persons or parties from causing any unauthorized alterations, obstructions, or detrimental actions from occurring to any part of the stormwater drainage system and easements within or attached to this subdivision.
- (6) NOTICE: Any pipe, fence, wall, building, pool, patio, planting, stored material, excavation, fill, or other construction, improvement, addition to, or alteration of the land within a drainage easement in this subdivision requires the prior written approval of the County Drainage Board.
- (7) In the event that the lot owner(s) association cease to exist, the responsibility for maintenance and repair of the stormwater drainage system and facilities outside of County accepted road rights-of-way, and within a subdivision’s boundaries, together with any off-site facilities housed within easements acquired for the project drainage system shall become the responsibility of the individual lot owner on whose property those facilities lie
 The primary spillway or outlet pipe of the detention/retention basin located on lot(s) _____ is located on lot(s) _____ and in the event that the lot owner(s) association ceases to exist it shall be the sole responsibility of the owner of lot(s) _____ to maintain the primary spillway and/or outlet pipe to the design specifications of the approved Drainage Plan for this subdivision.
 The emergency spillway of the detention/retention basin located on lot(s) _____ is located on lot(s) _____ and in the event that the lot owner(s) association ceases to exist it shall be the sole responsibility of the owner of lot(s) _____ to maintain the emergency spillway to the design specifications of the approved Drainage Plan for this subdivision.
 The individual lot owner(s) shall be responsible, including financially, for maintaining that part of the stormwater drainage system and its easements which exists on his or her property in proper working order including:

PLAN "B" REPAIR FUND HELD BY COUNTY
[VCC 13.04.460\(B\)\(2\)\(a\)](#), [13.04.460\(B\)\(2\)\(b\)](#) and
[13.04.460\(B\)\(2\)\(c\)](#)

RESPONSIBILITY FOR DRAINAGE FACILITY MAINTENANCE PLAN "B":

The individual lot owner(s) shall be responsible, including financially, for maintaining that part of the stormwater drainage system and its easements which exists on his or her property in proper working order including:

- (1) Mowing grass, controlling weeds, and maintaining the designed cover of the waterways, storage basins, and easements in accordance with applicable ordinances.
- (2) Keeping all parts of the storm water drainage system operating as designed and constructed; and free of all trash, debris, and obstructions to the flow of water.
- (3) Keeping the channels, embankments, shorelines, and bottoms of waterways and basins free of all erosion and sedimentation.
- (4) Maintaining that part of the stormwater drainage system which lies on his or her property in accordance with the conditions described on the approved street and/or drainage plans on file in the County Surveyor's Office, and/or in the County Engineer's Office, and in compliance with the County Drainage Ordinance.
- (5) Preventing all persons or parties from causing any unauthorized alterations, obstructions, or detrimental actions from occurring to any part of the stormwater drainage system and easement which lies on his or her property.
- (6) The Repair Fund established for this Project will pay the costs of repairing structural failures in the storm sewer pipes, pipe collars, drop boxes, aprons, inlets, manholes, junction boxes, and the piped or paved outlet structures of the stormwater control basins all of which are parts of the approved and constructed stormwater drainage system shown on the as-built plans for this Subdivision; and which are in permanent drainage easements and outside of the county accepted road rights-of-way as shown on the plat of this subdivision.
- (7) NOTICE: Any pipe, fence, wall, building, pool, patio, planting, stored material, excavation, fill, or other construction, improvement, addition to, or alteration of the land within a drainage easement in this subdivision requires the prior written approval of the County Drainage Board.

d. Plan "B" will not be allowed in residential developments with privately maintained streets. Plan "A" must be utilized if the streets within a residential development will be privately maintained.

e. Pipes to be accepted for county maintenance through Plan "B" must be located within permanent easements located within the boundaries of the platted subdivision. The County will not accept pipes located in temporary easements.
