

LESS COMMON FEES FOR INDUSTRIAL CUSTOMERS

WATER RATES

This schedule of rates and charges applies to **Evansville Water and Sewer Utility customers**, and supersedes previous schedules issued.

TEMPORARY FIRE HYDRANT METER FEE

A customer who applies for a temporary fire hydrant meter must pay a deposit to cover the cost of loss or damage. If the meter is lost or stolen, the entire deposit is forfeited. If there is damage to the hydrant meter, the actual cost of repairs to the meter is subtracted from the deposit, and the remainder will be refunded to the customer after satisfactory repairs have been made. Upon safe return of the meter without damage, the full amount of the deposit is returned to the customer.

Water usage is billed at the appropriate rate, separate from the deposit. The applicant must bring the temporary fire hydrant meter into the meter department on or before the 15th of each month for an actual usage reading.

Deposit for temporary fire hydrant meter

1-inch meter	\$500
2-inch meter or larger	\$1,000

The following penalties will apply for failure to comply with the terms and conditions set forth above:

- First offense: Loss of 10% of deposit
- Second offense: Loss of 25% of deposit
- Third or greater offense: Loss of 50% of deposit

Anyone caught using a fire hydrant without authorization is subject to a **\$500 fee + actual cost of repairs** to a hydrant due to improper use.
