ITEM #2: PRE-BID MEETING MINUTE NOTES

2.01 General Timeline of the Bid was discussed to have the following information for timely submission practices:

- Deadline for Bidder's Questions 5/4/18
- Bids Due and Public Bid Opening on 5/10/18 at 1:30 pm

2.02 Detailed Contact Information was discussed by Talmadge Vick and information was provided for MBE/WBE requirements: Talmadge Vick's Phone Number: 812-492-4400

2.03 All Bidders have a deadline to meet with Talmadge Vick three business days prior to due date for bid submissions to discuss M/WBE utilization and to provide Forms A, B and possibly E (BID-5 through BID-7) otherwise bid submission will be deemed "Non-Responsive".

2.04 Before bid due date, all Bidders are strongly encouraged to carefully and thoroughly examine all sites of the proposed work.

2.05 The IDEM Notification Form was discussed and must be submitted to IDEM with a copy to Owner 10 days prior to start of demolition.

2.06 (1122 W. Columbia St.) House is a one story wood frame with vinyl and wood clapboard siding with a brick foundation. There are no outbuildings and the attic is not readily accessible. There is a fair amount of debris scattered throughout the house. Please note the address is 1122 W Columbia Street, not Avenue.

2.07 (12 N. Tenth Ave.) The house is a one and half-story frame structure apparently over a partial basement. Access to the basement could not be found, but a possible cistern is located in the back yard. The exterior is aluminum siding over composite asphalt siding over wood clapboard. There is a detached one car garage on a concrete slab.

2.08 (306 S. Bosse Ave.) This house is a one and half-story frame structure over a partial basement. The basement was inaccessible due to standing water at the time of inspection. A portion of the house is elevated and the exterior is vinyl siding, plywood, strand board, and other materials. There are numerous railroad ties used as landscaping and retaining wall in the yard.

2.09 (2817 Egmont St.) House is a single story frame structure over a crawl space. The exterior includes vinyl siding and wood clapboard. There is trash and debris throughout the house with a possible cistern in the back yard. There is a boat trailer in the backyard that would need to be disposed or removed properly.

2.10 (2783 Broadway Ave.) The house is a one story frame structure over a basement. The exterior is vinyl siding over wood clapboard. There is a concrete pad in the back yard that would need to be properly disposed. Trash and debris are also strewn throughout the house.

2.11 (2528 W. Franklin St.) The house is a two-story frame structure over a crawl space. The exterior includes vinyl siding and wood clapboard with some composite asphalt siding. Trash and debris are strewn throughout the house. There is only a space of a foot and half between two houses, so that it is very close in proximity with the house next door.

2.12 (2120 W. Delaware St.) The house is a one and half story frame structure apparently over a crawl space. The exterior includes aluminum siding and wood clapboard with no outbuildings.

2.13 (1006 S. Barker Ave.) The house is a one story frame structure over a crawl space. The exterior appears to be metal siding over wood clapboard. There is a concrete pad and foundation where a two-car garage once stood in the back yard.

ITEM #3: Question and Answer:

- 5.02 As a requirement of IHCD Notice 18-101, a pre-demolition meeting will be held on May 22, at 11 am CST at the Civic Center Complex Room 306 located at 1 N.W.
