INTRODUCTION

This Title VI Implementation Plan is a part of Vanderburgh County’s continual and ongoing effort to proactively meet and exceed the minimum compliance requirements established under Title VI of the Civil Rights Act of 1964 (Title VI), 49 CFR § 26, and the related anti-discrimination statutes and regulations. With this Implementation Plan, Vanderburgh County seeks to provide continued transparency, clarity and technical guidance for internal and external constituents regarding its Title VI program.

VANDERBURGH COUNTY TITLE VI NON-DISCRIMINATION NOTICE & POLICY

Vanderburgh County values each individual’s civil rights and wishes to provide equal opportunity and equitable service for the citizens of this state. As a recipient of federal funds, Vanderburgh County conforms to Title VI and all related statutes, regulations, and directives, which provide that no person shall be excluded from participation in, denied benefits of, or subjected to discrimination under any program or activity receiving federal financial assistance from Vanderburgh County on the grounds of race, color, age, sex, sexual orientation, gender identity, disability, national origin, religion, income status or limited English proficiency. Vanderburgh County further assures every effort will be made to ensure nondiscrimination in all of its programs and activities, regardless of whether those programs and activities are federally funded.

The Civil Rights Restoration Act of 1987, Pub. L. No. 100-259, 102 Stat. 28, broadened the scope of Title VI coverage by expanding the definition of terms “programs or activities” to include all programs or activities of federal-aid recipients, sub-recipients and contractors/consultants, regardless of whether such programs and activities are federally assisted.

Pursuant to the requirements of Section 504 of the Rehabilitation Act of 1973, Pub. L. No. 93-112, 87 Stat. 355, Vanderburgh County hereby gives assurance that no qualified disabled person shall, solely by reason of disability, be excluded from participation in, be denied the benefits of or otherwise be subjected to discrimination, including discrimination in employment, under any program or activity that receives or benefits from this federal financial assistance.

Vanderburgh County also assures that every effort will be made to prevent discrimination through the impacts of its programs, policies and activities on minority and low-income populations. In addition, Vanderburgh County will take reasonable steps to provide meaningful access to services for persons with
limited English proficiency (LEP). Vanderburgh County will, where necessary and appropriate, revise, update and incorporate nondiscrimination requirements into appropriate manuals, directives and regulations.

Whenever Vanderburgh County distributes federal-aid funds to a second-tier sub-recipient, Vanderburgh County will include Title VI language in all written agreements.

The following individual has been identified as Vanderburgh County’s Title VI Coordinator and is responsible for initiating and monitoring Title VI activities, preparing reports and performing other responsibilities, as required by 23 C.F.R. § 200 and 49 C.F.R. § 21.

The foregoing complaint resolution procedure will be implemented in accordance with the Department of Justice guidance manual entitled “Investigation Procedures Manual for the Investigation and Resolution of Complaints Alleging Violations of Title VI and Other Nondiscrimination Statutes.” This manual is available online at the following link: http://www.justice.gov/crt/about/cor/Pubs/manuals/complain.pdf.

ENVIRONMENTAL JUSTICE

In accordance with Title VI of the Civil Rights Act of 1964, each Federal agency shall ensure that all programs or activities receiving Federal financial assistance that affect human health or the environment do not directly, or through other arrangements, use criteria, methods, or practices that discriminate on the basis of race, color, or national origin. Part of Title VI reads, “No person in the United States shall, on the ground of race, color, or national origin be excluded from participation in, be denied the benefits of, or be subject to discrimination under any program or activity receiving Federal financial assistance.”

The three fundamental environmental justice (EJ) principles are:

- To avoid, minimize, or mitigate disproportionately high and adverse human health and environmental effects, including social and economic effects, on minority populations and low-income populations;
- To ensure the full and fair participation by all potentially affected communities in the transportation decision-making process; and
- To prevent the denial of, reduction in, or significant delay in the receipt of benefits by minority populations and low-income populations.

Vanderburgh County is committed to these three environmental justice principles in all work that the County performs.

LIMITED ENGLISH PROFICIENCY (LEP) POLICY

On August 11, 2000, the President signed an executive order, Executive Order 13166: Improving Access to Service for Persons with Limited English Proficiency (LEP), to clarify Title VI of the Civil Rights Act of 1964. It has as its purpose, to ensure meaningful access to programs and services to otherwise eligible persons who are not proficient in the English language. In addition, The U.S. Department of Transportation published Policy Guidance Concerning Recipients’ responsibilities to Limited English Proficient Persons in the December 14, 2005 Federal Register. This guidance outlines the following four factors that Vanderburgh County uses to access the LEP populations.

1. The number and proportion of LEP persons eligible to be served or likely to be encountered by the County.
2. The frequency with which LEP individuals come into contact with the program, activity or service.
3. The nature and importance of the program, activity, or service provided by the program.
4. The resources available to the County and costs to provide LEP assistance.
In addition, based on Census data, Vanderburgh County has not implemented the safe harbor provision whereby it identifies and translate all vital documents into any language where the 5% threshold is met whereby 5% or more of the population in the county both:

- Does not speak English very well AND
- Primarily speaks another specific language as identified in current census data or other publically available records.

**SUMMARY OF THE FOUR FACTOR ANALYSIS**

**Factor 1:**

The number and proportion of LEP persons eligible to be served or likely to be encountered by the County can only be estimated until the actual number of persons who can speak English less than “very well” are documented as needing assistance by County staff. With this Title VI Plan being in early development stages and considered a document that may need regular updates, US Census Bureau information is being used at this time. The total population is provided below to shown general distribution of race and ethnicity in the community. The estimated number of persons that may not speak English “very well” is following in the US Census Bureau 2006-2010 American Community Survey.

The U.S. Census Bureau provides statistics for Vanderburgh County as follows:

Total population = 181,616 (U.S. Census Bureau 7/1/2017 estimate)

Population by Ethnicity (based on 2010 U.S. Census):

Hispanic or Latino = 3,873; Non-Hispanic or Latino = 175,830

Population by Race (based on 2010 U.S. Census):

White = 154,882, African American = 16,347, Asian = 2,003, American Indian or Alaska Native = 399, Native Hawaiian and Pacific Islander = 104, Other = 1,867, Identified by two or more = 4,101.

The US Census Bureau 2012-2016 American Community Survey 5-Year Estimates under SELECTED SOCIAL CHARACTERISTICS estimates the number of people in Vanderburgh County who speak a language other than English to be 6,693 with those speaking English less than “very well” estimated at 1.3%, or approximately 2,193 individuals who may be considered limited in English proficiency. The margin of error is ±0.2% so the actual number may fluctuate from 2,149 to 2,237 individuals.

According to the census numbers above there may be up to 2,237 individuals who live in Vanderburgh County that may be considered as LEP. County staff members have received no requests from anyone in the service area asking the County to provide language translation services. Therefore, the LEP population is probably even less than the estimate shown above.

**Factor 2: The frequency with which LEP individuals come into contact with the program, activity or service:**

Due to the infrequent requests for translation services, there appears to be a minimal need for translation services from the County.
Factor 3: The nature and importance of the program, activity, or service provided by the program:

If at any time a LEP individual requests translation services that are considered important such that denial or delay of access or services or information could have serious or even life-threatening implications, the County will provide, upon request, services to assist the LEP population including translation of vital County documents and interpretation services.

Factor 4: The resources available to the County:

Vanderburgh County provides translation tools on the County website in order to assist LEP individuals. In the event that Vanderburgh County receives a request for individual translation services, the County will contact any appropriate local agency to obtain a translator at no cost to the individual who requires assistance.

SUMMARY OF LEP ACCOMMODATION PLAN

- Vanderburgh County strives to serve its population to the best of its ability and will provide upon request, services to assist the LEP population including translation of vital documents and interpretation services deemed necessary to provide meaningful access to County services.
- A U.S. Census Bureau I Speak card is available as part of this document. This card allows LEP individuals to communicate their preferred language to County staff to allow County staff to access a translation service as determined by the County.
- Vanderburgh County utilizes a voluntary public involvement survey to collect information regarding persons affected by proposed projects. The survey permits respondents to remain anonymous, while voluntarily answering questions regarding their gender, ethnicity, race, age, sex, disability status, and household income. Once the survey data has been collected, it will be reviewed and then the survey will be placed in a file for future reference. In the case enough surveys are collected over time to show a significant increase in LEP populations, the County may consider changes to their LEP policy. Completed surveys shall be retained for a period of three years from the date of the meeting.
- The County will review written Title VI complaints and will ensure every effort is made to resolve complaints informally at the local level, and will review and update the County’s Title VI plan and procedures as needed.

TITLE VI TRAINING

EMPLOYER/EMPLOYEE TRAINING

The Title VI Coordinator and appropriate staff members will attend training provided through INDOT. This could include workshops provided by INDOT at either the INDOT district offices or at the central office. The staff training could also include training sessions provided at statewide conferences such as Purdue Road School or other conferences sponsored by Indiana LTAP. The training may also include webinars hosted by various agencies. County staff will also participate in other training opportunities as they become available. Training will be obtained on an annual basis.

The Title VI Coordinator will work with liaisons from each department in Vanderburgh County in order to integrate Title VI compliance into all County offices. The Title VI Coordinator will work with the
department liaisons to educate new and existing County employees regarding Title VI requirements. The Title VI Coordinator will maintain records of attendance, training materials, and agendas regarding any training provided to County employees.

PUBLIC INVOLVEMENT

DATA COLLECTION
Pursuant to 23 CFR 200.9(b) (4), Vanderburgh County shall collect and analyze statistical information regarding demographics to assist in monitoring and ensuring nondiscrimination in all of its programs and activities.

Vanderburgh County shall utilize a voluntary Title VI public involvement survey that will be available at all public hearings and meetings. The survey will allow respondents to remain anonymous. The survey will ask questions regarding the respondent’s gender, ethnicity, race, age, income and if they are disabled. The facilitator of the public hearings and meetings will make an announcement at the beginning of the meeting informing attendees of the survey and its purpose and a request will be made for the attendees to complete the voluntary survey. Completed surveys will be retained by the Title VI Coordinator for three (3) years.

The Title VI Coordinator will also collect and report statistical data for the past three (3) years as it relates to the number of federally funded projects, complaints filed and the results of those complaints, any requests for language services, demographic statistics and department compliance reviews.

COMMUNITY INVOLVEMENT & OUTREACH
Vanderburgh County is committed to ensuring that community involvement and outreach is done in a respectful and appropriate manner that will allow for diverse involvement. Public meetings, programs and activities will provide equitable opportunities for participation.

Vanderburgh County hosts various meetings monthly and those meetings are open to the public. Any meetings that are open to the public are published on Vanderburgh County’s website. All Vanderburgh County public meetings are held in locations accessible to individuals with disabilities. Upon request, translators can be provided free of charge to those individuals with limited English proficiency. Auxiliary aids are also available upon request. Requests must be made within forty-eight (48) hours in advance.

Also published on the Vanderburgh County websites are announcements, news, events, and minutes from various meetings. Some departments may also utilize signage, media and social media websites as other avenues to communicate with the community.
