ACCOUNTS PAYABLE PROCEDURES

The purpose of this manual is to outline the procedures for processing payments. The forms listed throughout this manual can be found on the Auditor’s website at www.vanderburghcounty.in.gov/auditor.

CLAIM INSTRUCTIONS

When sending in your claims, please do not staple them together. Put them in order with claim first, with invoices facing same direction as claim. Either clip them all together or put them in an interoffice envelope. The invoices should be listed in order by invoice number on the claim and sorted in that same order. Send scanned claims & invoices to claims@vanderburghgov.org. The claim form can be found on the Auditor’s website at: https://www.evansvillegov.org/county/department/division.php?structureid=309 and must be completed as follows:

If the vendor is not in the system, send the W-9 substitute from the Auditor’s website to the vendor or tell them where it can be found. Complete the Employee W-9 Substitute for employees. Both of these forms are on our website at <a href="https://www.evansvillegov.org/county/department/division.php?structureid=309">https://www.evansvillegov.org/county/department/division.php?structureid=309</a> Please use the new form.</td>

<tr>
<td>Vendor Remittances</td>
<td>When we moved from the old system to MUNIS, we eliminated a lot of duplicate vendors. If a vendor had multiple numbers with the same name and taxpayer identification number in the old system, we created a separate remit to address for each remit to address needed in MUNIS. For instance, Xerox vendor number is 4007 but it has 4 different remit to addresses. You would put 4007-1 on the claim if the first remittance matches your invoice. In Vendor Inquiry next to the vendor name, you will find the word Addresses (0). If there is a number other than 0, it means there are more than one remit to addresses. Click on the word Addresses and scroll through to find the address that matches your invoice “pay to” address. When emailing scanned claims &amp; invoices, send an extra copy of the remittance page unless it’s one that can be cut off.</td>
</tr>
<tr>
<td>Vendor Name</td>
<td>Fill in the vendor name exactly as it reads in the system. Do not abbreviate the name on the claim as these are filed alphabetically prior to payment.</td>
</tr>
<tr>
<td>Vendor Address</td>
<td>Not necessary unless one-time vendor. If processing a claim for a one-time vendor, the address must be the same as the REMIT TO on the invoice. If the address on the VENDOR INQUIRY main screen is different from your invoice, click on Addresses (0) next to the vendor name in VENDOR INQUIRY. The number in the parenthesis means how many remit to addresses exist. Put the vendor number with a dash-whatever the remit to # is on the claim. If there is no remittance address matching the invoice, let us know and we will add it. There are a number of vendors with multiple remits, for instance the Vanderburgh County Treasurer has several remits pertaining to various types of payment. Any necessary forms, such as order forms or memberships may be attached to front of claim to be returned to the vendor with check. If this is a special payment, please attach an addressed envelope to the front of the claim.</td>
</tr>
</tbody>
</table>
The purpose of this cell is for an account number, billing number, customer number, invoice number or word(s) to identify the payment for the vendor. Just type the number exactly as it appears on the bill, don’t specify if it’s an invoice number etc. Do not make up a number. With the exception of AT&T or a vendor that specifically asks that the account number be put on the check, use the invoice number for single invoices if there is one. Account, billing, & customer numbers are only for multiple invoices. If you are paying for rent or a service for a particular month, use the month & year. REIMB is still the invoice number for reimbursements and MILEAGE for mileage reimbursement. If you are paying multiple invoices during a pay period, you may use an account number or a customer number instead of putting one invoice per claim. Type the account or customer number in the REFERENCE SECTION & type each individual invoice number in the DESCRIPTION SECTION with each individual amount typed in the ACCT AMT section. Multiple account numbers can be used on one claim. Please list these in numerical order. Do not put more than one invoice number in the invoice number spot. All charge, telephone & utility payments are mailed with the remittances. Please fill in the amount being paid, tear off the remittance & staple to front of claim right under the vendor name. If you are emailing your claims, scan an extra copy of the remittance page to be attached to the claim. This isn’t necessary for AT&T because the page with the remittance copy is legal size. If you use the month & year for a vendor who doesn’t give you an account or customer number and the month & year won’t tell them what you’re paying for, make a copy of the claim to be sent back with payment. See sample list at the end of this manual for vendors with account or customer numbers.

Billed Amount
The claim total will automatically fill in here for you when claim is finished.

Date Billed
This can be an invoice date, billing date or statement date. Do not put the due date here. If there isn’t an actual invoice date, use the date the claim is being prepared or the last day of the month. The date billed must be prior to the date the claim is sent to the Auditor’s office.

Dept/Loc #
Type the name of your department/department number (ex. Auditor/102). The location number will always be the 3 or 4 digit number assigned to your office. The location number always stays the same no matter what fund you are paying from.

Description
Type an itemized list of purchase or service. This is also where you would list the individual invoices as stated under reference number.

Org-Object
Type in your complete org code-object code (XXXXXXXX-XXXXXX)

Acct Amt
Type in the amount being paid from the Org-Object.

Claim Total
This amount will be added for you.

Vendor Signature
Vendor signatures are not required. However, an office holder or department head who is paying out of an account requiring the County Commissioners or County Council approval should sign here. The Commissioner or Council president’s signature should go on the Office Holder signature line. This would apply to claims paid out of CCD funds.

Date & Signature of Office Holder
This section must be completed. If a signature stamp is used, the preparer must initial after the stamp. This date must be the date the office holder is signing the claim.

Date & County Auditor

Dates

When we enter invoices in MUNIS, there are three different date fields:

1. Date Billed  
   This is the billing or invoice date
2. Date Received  
   This is the file stamp date (when claim was received by us)
3. Due Date  
   This is the date the check will be printed

The invoice date cannot be after the received or due date. If a vendor does not have an invoice or billing date on their bill, put the date you are processing the claim as the date billed. For instance if you are paying for a contractual service or rent for October on September 27, you can’t use 10-01-13 for the date billed.

Mileage Form

This form is to be completed by the employee doing the travel. Upon completion, give the form to the bookkeeper in your office. They will complete the mileage claim, attach the mileage form and turn them in for payment.

Dates

When we enter invoices in MUNIS, there are three different date fields:
1. Date Billed  This is the billing or invoice date
2. Date Received  This is the file stamp date (when claim was received by us)
3. Due Date  This is the date the check will be printed

The invoice date cannot be after the received or due date. If a vendor does not have an invoice or billing date on their bill, put the date you are processing the claim as the date billed. For instance if you are paying for a contractual service or rent for October on September 27, you can’t use 10-01-13 for the date billed.

Other Instructions

Attorney Payments  Use the cause number or name unless there is an actual invoice number. If we are paying a law firm instead of an individual, please type the law firm as the vendor. Separate the fees and reimbursements in the description section of the claim, the fees for the service get a 1099-MISC & the reimbursement does not. If you are using the month & year for the invoice number, separate the amounts on the claim or make a copy of the claim to be sent with payment.

Charge Cards  Use the account number on the billing statement for the reference. Use the statement date for the date billed. Put a checkmark next to invoices being paid on the remittance.

Claims with attachments  If there is a form to be mailed with the check, staple it to the front of the claim under the vendor name. This could be a registration or a remittance advice. This also applies to an addressed envelope.

Claims with receipts attached  If bringing or mailing in claims & have receipts to attach, please tape them to a blank piece of paper. Then you can copy & send it or send originals.

Contractual Payments  Use the month & year unless there is an actual invoice number. If payment is to an individual for a specific time period, use the first date – the last date of service (ex. 01/01/13-01/15/13). If there isn’t a date on the invoice, use the last day of the month. When paying a vendor for a service plus mileage or a
reimbursement, separate the service and the mileage or reimbursement in the description section of the claim. The service gets a 1099-MISC, mileage or reimbursements do not.

**Employee Compensation** Employee compensation should be an actual invoice number or the date(s) (ex. 03/01/13-03/15/13) the service was performed or a month & year. The invoice date should be the day of or the last day of the service.

**Employee Mileage & Reimbursements** For employee mileage & reimbursements, REIMB or MILEAGE is be used for the invoice number. The date of the purchase or last day of trip is to be used for the invoice date.

**Fixed Assets** A fixed asset form is to be attached to a claim for any fixed asset purchase over $1000. Payment will not be made until this form is received. The processed fixed asset form will be returned to the originating office along with a red tag that should be attached to the purchased item once payment is sent.

**Remittances** If you are scanning and emailing claims, send 2 copies of the remittance advice. This makes it much easier to scan the claim.

**Rent** Use the month & year for the invoice number unless there is an actual invoice number that changes each month. Since rent is normally paid in advance, use the claim preparation date for invoice date unless there is an actual invoice date.

**Vehicles** There is a form on the Auditor’s website to be completed when purchasing a new vehicle. Please return that form with the other required paperwork.

**Vectren** Payments are done online every Thursday through the Vectren website by the Auditor’s office. When sending in your Vectren claims, leave the bills intact & don’t tear off the remittance.

**Checks**

There is a mail cart in Bookkeeping in the Auditor’s office. Each office has a folder on this cart. All employee compensation & reimbursement checks will be in the appropriate folder on Friday mornings. If checks are not picked up by 2 pm on Friday afternoon, they will be sent upstairs to be placed in the appropriate office slot in the Controller’s office, room 305. If you would like a regular check to be held for pickup, please write HOLD FOR PICKUP at the top of the claim and/or place a sticky note on the claim.

**Miscellaneous Information**

Claims & invoices can be scanned and emailed to us at: claims@vanderburghgov.org The claim form can be saved to your favorites from our website. If you are saving your claims, please be sure to change the information each time.

We have had some instances where we did not receive all the claims etc. that an office has emailed us. We are suggesting that bookkeepers check their accounts and reconcile what was paid on Friday with what was emailed the previous week.

**TAX EXEMPTION CERTIFICATE (ST-105)**

To ensure that no sales tax is applied to a purchase, an employee needs to take a tax exemption certificate with them. Vanderburgh County is exempt from paying sales tax.
Appropriations & Transfers (use Organization Code-Object (line item))

Transfers are entered into the computer system after approval by the County Council during their regularly scheduled meetings which are held on the first Wednesday of the month. Amounts transferred will be available the following Friday.

Appropriated funds, once approved by the County Council, will be available after State approval is received by the Auditor’s Office. Appropriations take approximately one month from the Council Meeting to receive State (DLGF) approval. You will be notified by the Auditor’s Office after State approval is received.

Claims or Purchase Orders will not be processed until after the money is entered on the line item. Do not send claims to the Auditor’s Office unless funds are available. Check your account balances before sending claims to the Auditor’s Office for payment.

Appropriations, repeals, and transfer requests are to be filed with the County Council administrative Assistant, Kathy Glaser (812-435-5088), by the 15th of the month preceding the County Council meeting. The County Council Personnel and Finance meetings are held the last Wednesday of the month to discuss any requests that will be voted on at their monthly meeting which is held the first Wednesday of each month. All forms can be accessed online at the Auditor’s website at www.vanderburghcounty.in.gov/auditor.

Vendor Pay Dates

Any claim that is turned into the Claims Bookkeeper, Terri Woodward (435-5298), on or before Friday (except for claims returned due to lack of funds or incorrect information) will be processed for payment on Friday of the following week. When vendors call to inquire on a payment status, it will depend on when the claim was turned in to the Auditor’s Office.

Court claims must be advertised. Claims must be in the Auditor’s Office by the 10th of each month. Payments will be advertised in the paper on Tuesday preceding the last Friday. Payment will be processed on the last Friday of every month. The exceptions are employee reimbursements, other governmental payments, and contractual payments for contracts signed by the Commissioners. These claims must be in the Auditor’s Office by Friday to be paid the following Friday.

All telephone and utility claims received in the Auditor’s office by Wednesday are paid on the following Friday. There should be no past due balances. The County is liable for late charges on these bills.

If a claim is sent back for any reason, it needs to be corrected and returned as soon as possible in order to be paid on the pay date it was originally intended.

A payment calendar can be found on the Auditor’s website.
INQUIRY and REPORTS

You can view copies of the checks by the end of the day on Friday. You should also be able to see copies of the claims & invoices by the end of the day each Friday or at least by the following Monday.

The Auditor’s office does not run monthly reports for the offices. You print your own statement (YTD Budget Report) and reconcile it with your check register (Excel spreadsheet). The month-end process for the prior month is usually completed by the 1st or 2nd day of each month. You should be able to reconcile your records with MUNIS by the end of the first week of each month. In order to get monthly detail for the prior year, you must run the YTD Budget Report the first week of January before we close out the year.

All reports can be saved for future reference. Once your report has completed and you’re satisfied with the results, click on the TEXT FILE (floppy disk icon). This will save it to MY REPORTS. Click on MY REPORTS, say no when it asks if you want to continue.

NEW FUND/DEPARTMENT REQUEST FORM
This form is to be completed when requesting that a new fund or a department be set up. This must be completed and sent to the Auditor’s office before turning in an appropriation request, a blue claim, a payroll voucher, or a requisition using this fund. If you are asking for a department to be added to an existing fund, fill out this form and be sure to put the fund number & name that you want the department added to. This form is also to be used if changing the name. If you need line items to go with the new fund or added department, there is a link to the New Line Item Request form. If the fund you are requesting is for a grant, it is imperative that you indicate whether it’s a Federal or a State grant. If this is a grant and will be receiving federal money, you must complete the GRANT FORMS page. There is a link on this form to take you to the GRANT FORMS page which consists of 2 pages, the GRANT SUMMARY form and the GRANT MONIES REQUESTED form. The fund will not be created until those pages are completed and turned into us.
NEW LINE ITEM REQUEST

MISCELLANEOUS INFORMATION

VENDORS WITH ACCOUNT OR CUSTOMER NUMBERS
The following vendors are some of the most commonly used. If a vendor uses an account number, a customer number, or a sold to number, you can use it as the invoice number to pay multiple invoices. The latest invoice date will be your invoice date. If a Vendor objects to this method, you will have to submit your claims with one invoice per claim, I will periodically update this list:

All Charge Cards Type the entire account number with spaces for the reference. The billing date or period ending date is the invoice date. Send statement with applicable invoices.

Alpha Laser You can pay multiple invoices on a claim by using the account number for the reference, list each individual reference in the claim description cell and each amount in the ACCT AMT column. The date from the latest invoice is the invoice date.
