Vanderburgh County Awarded Community Crossings Matching Grant Fund

Evansville, IN – April 12, 2023 – The Vanderburgh County Board of Commissioners announced today that Vanderburgh County has been awarded a Community Crossings Grant in the amount of \$590,023.62.

These funds will be used to mill and resurface Green River Road between Heckel Road and Millersburg Road after the completion of Phase 1 of the Green River Road Trail Project. The first phase of the trail is expected to be finished in July, and the paving project will begin shortly after the completion of the trail.

“Matching grants are crucial in ensuring Vanderburgh County has the best opportunity in strengthening local roads and economic development. We are excited and grateful for this funding,” said Commission President Cheryl Musgrave.

Administered by INDOT, the Community Crossings Matching Grant program provides funding to cities, towns, and counties across Indiana so that they may invest in improvements to local roads and bridges. These infrastructure enhancements assist Hoosier communities in driving economic development, creating jobs, and strengthening local transportation networks.
