Comes now the committee heretofore appointed to investigate the condition of the inmates of the Poor Asylum and present the following as their report.

Evansville Indiana. Dec 4th 1880.

To the Commissioners of Vanderburgh County,

Gentlemen.

The undersigned, a committee appointed to examine into the condition and management of the County Poor Asylum, beg leave to submit the following report:

On the 4th of November your committee visited the Asylum, carefully inspected the premises, questioned seperately each inmate and took every precaution to ascertain as nearly as possable, the true condition of affairs in connection with the management of the asylum.

We found the building clean, the rooms comfortably furnished, and the food ample in quantity and of good quality.

As far as we have been able to learn the inmates have been properly fed and were at the time we visited the Asylum sufficiently clothed.

In our judgment, from all the evidence we have been able to obtain, the institution is as fairly managed as existing circumstances will permit.

If not inconsistant with the duties of this committee, we beg leave to make a few suggestions and recomendations as to the future management of the Asylum.

There is one custom which seems to have been practiced by former managers as well as the present, and which in our

opinion is unjust and should be discontinued.
We find that in some cases where inmates have been cured and discharged, their names have been retained on the roll books, and pay drawn from the County for their board, while they have been employed by and received pay from the managers for their services.
Others are allowed to seek and obtain employment outside the limit of the Asylum while their names are still on the roll books.
While the system has not been carried on to any great extent, steps should be taken by the Commissioners to prevent its further repetition.
We find also that some of the inmates leave the premises at will, visit the City and in many cases return to the Asylum in an intoxicated condition where they annoy both the inmates and the managers by their abusive and indecent language.
One case of this kind occured under our own observation, and there is a general desire on the part of the better class of inmates to in some way have the matter remedied.
This state of affairs is rendered possable by the convenient location of the Asylum to the City, and we believe that at no distant day it will be necessary to remove the Asylum to a greater distance from town. Until such change is accomplished it would be advisable for the Commissioners to appoint an officer who has not been an inmate of the Asylum with police powers to assist the management in preserving order and enforcing the rules of the institution.
We furthermore are now of the opinion that a different plan from that now in force should be adopted in letting out the contract for keeping our county poor, and we would suggest to the Commissioners to take steps to ascertain whether or not a more satesfactory plan can not be arrived at.

Respectfully submitted.

A. Snoke, President presiding. J. Bamighof and Samuel Barker members comprising said board.

Minutes of the meeting of 18th inst read

The crowd being so large, on motion the meeting adjourned to the Court Room, the meeting being called to order J. A. Lemcke on behalf of the Committee appointed to obtain signatures to a protest against the building of a new Court House submitted the following

Resolved; That we protest against the proposition to build a new Court House for the following reasons: The present Court House, at a very moderate expense, can be made adequate for all the needs of the County for years to come.

The bonded indebtedness of the county, and especially of the City of Evansville, which contains the greater portion of the taxable property is already very large and will be heavily increased by rail road bonds to be issued within the next year, and we are inflexibly opposed to any increase of the permanent debt of the County for the building of a new Court House.

The amount of money necessary to build the Court House if raised by taxation will impose a heavy burden upon the tax payers already taxed at excessive rates.

The taxes levied upon this County even for ordinary purposes have largely increased during the past few years, and a reduction not an increase of taxation is imperatively demanded.

The side proposed is unfit for such purpose.

It is too far from the business centers of the City.

It is doubtful whether a proper foundation could be made except at a ruinous expense. The title to a portion of the proposed site is in dispute and an undisputed title cannot be secured without making unjustifiable sacrifices to the persons who claim to own a portion of the site.

It is a matter of grave doubt whether if the present Courthouse shall cease to be used as a Court House, it will not revert

to the original grantors and the County then loose the property.
Resolved. That we protest against the proposition to compromise the claim of the purchase of the Canal bed against the County, for the reason that said claim to any portion of the ground is at best a doubtful one, and that as the County holds warrantee deeds to the greater portion of the disputed ground from responsable parties, any compromise without their assent will impair the remedy of the County against these grantors.

3. That these resolutions be signed by all the taxpayers who may approve of the action hereby taken, and that they be presented to the board of County Commissioners

Upon examination it seems to me that Sects 3 and 5 Vol 1st page 602 Davis Revision R.S. 1876. On motion of Jacob Bennigh of the following preamble and resolution was adopted

"Whereas by the cession of the State of Virginia to the United States low water mark on the Northern side of the Ohio River became the boundary line between the territory Northwest of the Ohio River and the then district now State of Kentucky, and the State of Virginia in her Act of December 18 - 1789 for creating said district into a State provided that the jurisdiction of the proposed State should be concurrent only on said River with the State which might possess the opposite shore and Whereas the Constitution of the State

of Indiana the boundaries of this State were fixed on the South by the Ohio River from the mouth of the Great Miami River to the mouth of the Wabash River, and Whereas by the Constitution of the State of Indiana and all the decisions of her Courts the State is held to have concurrent jurisdiction in civil and criminal cases with the State of Kentucky in the Ohio River, and Whereas since the first settlement of the territory out of which the State of Indiana was created and continuously down to the present time the authorities of the said Territory and State and the inhabitants thereof have rightfully claimed that the Indiana line extended to low water mark on the Ohio River, and Whereas in the County of Vanderburgh from the earliest settlement thereof the people owning land in Pigeon and Knight Townships near the Green River Island have claimed that they owned up to the low water mark of the Bayou which divides the said Island from the main land, and Whereas it is an undisputed fact well known to many persons now living that the Ohio River in high water was for many years navigated by steam boats and other water craft between the said Island and the Indiana shore; and Whereas the land lying in Knight and Pigeon Townships adjoining the said Bayou has been from the earliest period listed for taxation as a part of said Townships in the State of Indiana and the owners of said land have regularly paid taxes thereon as being land situate in Indiana and until about the year 1874 no question or dispute was ever raised or mooted as to the of said land being in Indiana, and Whereas lately certain Citizens of the State of Kentucky have claimed that the line dividing the two States does not run along said Bayou but does run at a distance varying from a few yards up to four hundred yards or more on the Northern side of said Bayou, and Whereas possession has been taken by the said Citizens of Kentucky of the said strip of land which varies in width and is about six miles long and includes about two hundred acres, and Whereas the said new line now insisted on is claimed by the said Citizens of Kentucky and by the authorities of said State to run for some distance on the Northern side of the public highway which has been used and worked as a high way in Knight and Pigeon Townships Indiana from the earliest settlement of the locality in which it is situate; and Whereas the Citizens of Indiana claiming the disputed land are by this new and unfounded claim subjected to great vexation and harrassment; and the assessors of said Townships are unable under present circumstances to properly assess and list said

disputed tract for taxation and the officers of the Law are uncertain whether their jurisdiction extends over the said tract and criminals are likely to take advantage of the contravening circumstances and to seek to avoid arrest by simply getting over the fence along said new line placed there without authority of law and thus defying the officers, and thus the present condition of unsettled title is embarrassing to the Board, to the officers of the County and utterly derogatory to the dignity of the great State of Indiana, and Whereas prior to the passage of an Act entitled to enact to ascertain the location of the boundary line between the State of Indiana and Kentucky above and near Evansville and making the same evidence in any dispute and declaring an emergency "approved February 27 1875 (Acts 1875 p 8) the Citizens of Indiana were in the possession of the land adjoining their farms up to said Bayou line, and by reason of the passage of said act and pretended proceedings had thereunder the claimants of said tract of land residing in Kentucky have been emboldened to take possession of said tract of land; and Whereas in the opinion of this Board the said Act is unconstitutional null and void as it purports by legislative enactment to change the boundaries fixed by the Constitution of the State and is liable to many other constitutional objections; and was so held and treated by Hon Thomas A Hendricks Governor of the State of Indiana who during his term of office directed the County officers of the County to utterly disregard the pretended report made under said act and the said act was repealed by the Legislature by an Act approved March 12 1877 (p 23 acts 1877), and Whereas all the trouble under which the officials of the County and the Citizens of the County are now suffering was caused by the ill advised and perhaps surreptitious passage of the said Act of February 27-1875 and it is the duty of the State to protect her own people against loss or damage occasioned by its own hasty and improper Legislation, and it is the imperative duty of the State to know and maintain inviolate its lawful boundaries and jurisdiction; and Whereas the question as raised cannot be settled and determined by ordinary litigation because a decision in either State would probably not be regarded as binding by the Courts and people of the other State and the States of this Federal Union cannot be sued in any Court but the Supreme Court; and Whereas the Legislature in the year 1877 passed an act entitled "An" Act authorizing the acquisition of Green River Island or to locate the true boundary

Come now Gerhard H. Bohne and Caroline Schwindermann and file and present their remonstrance herein as follows.
To the Honorable.
the board of Commissioners of
Vanderburgh County Indiana.
March term 1881.
We the undersigned respectfully remonstrate against the location and establishment of a certain highway in Scott Township said County petitioned for by Robert Palmer and others upon the following route. "Beginning at a point on the Joseph Singer Warrantee road at the S. E. Cor of the N. E. qr of Sec 20 Town 4. S. Range 10 W. running thence S on the Sec line dividing Sections 20 and 21. also Sections 29 and 28 all in said Township 4 S. of Range 10 W. to the N. E. Cor of the S. E qr

of Sec 29 Town 4. S. Range 10 W. on to the Northern terminus of the Hall and John Sansam road a distance of one mile. said proposed highway to be (30) thirty feet wide and extending through the lands of Caroline Schwinderman. Charles C. Pack. Elizabeth Nichols Gerhard Bohne and Robt. Palmer The undersigned remonstrates against the location of said proposed highway for the following reasons:

1st. The same is not of public utility. the same if located will run one quarter of the distance thereof within one fourth(1/4) of a mile, and the other distance within one half 1/2 mile of a public highway which now affords ample facilities for the public and neighborhood travel.

2' The same if located will run through their premises a distance of one half mile to wit G.H. Bohnes land being the E2 of the N. E qr of Sec 29 and the W2 of the N. W. qr of Sec 28. Town 4. S. Range 10 west and C. Schwinderman's land being the E2 of the S. E. qr of Sec 20. Town 4. S. Rang 10 W. thereby taking their best and most fertile lands and putting them to the additional expense of building and maintaining additional fence to their great damage to wit: G.H. Bohne in the sum of one thousand dollars $1000- and Caroline Schwinderman in the sum of three hundred dollars $300. wherefore they ask that they may be heard upon this their remonstrance.

And the board having fully considered the matter find that the remonstrators are freeholders of Vanderburgh County; that they are the owners of the land as above described. being the E2 of the N. E. qr of Sec 29. the W2 of the N. W. qr of Sec 28 and the E2 of the S. E. qr of Sec 20 all in Town and Range aforesaid and that the proposed highway passes over the same; it is therefore ordered that James. S. Wills. Philip Koch and Herman Klamer who are disinterested freeholders of Vanderburgh County, Indiana, be, and they are hereby, appointed as reviewers, to review that portion of said highway which passes over the lands of the said remonstrantors as above described, and ascertain what damage, if any, they will sustain by the location of such highway; that they meet at the office of Soren Sorenson Jr. O. Pigeon Township on Monday March 28th 1881. and having taken an oath faithfully to discharge their duties as such reviewers and other viewers, they proceed. on that day, or on any future day to which a majority of them may adjourn, prior to the

next regular session of this board, to review said highway and if in their opinion the same would be of public benefit and utility, they assess the damages, if any, which said Gerhard H. Bohne & Caroline Schwindemann will sustain from such highway being opened through their premises: and that they report their doings to this board at its next regular session. till which time this matter is continued

BOARD OF COMMISSIONERS, VANDERBURGH COUNTY,

Saturday morning March 26th 1881.

12th day.

Board of Commissioners of Vanderburgh County met in their room in the Court House in Evansville Indiana. pursuant to adjournment. when present Albert A. Swope. president presiding. Jacob Barrigh and Samuel Barker members confpiaing said board

In the matter of auditors issuing orders before the record is signed by board. Opinion of Judge Garrett

Evansville. Indiana March 25th 1881

To the Hon W. F. Garrett Judge V. C. C

Sir.

Has the Auditor a right to sign'd issue a County order allowed by the board of County Commissioners before the signing of the record by said board.

Will Warren. A.V.C.

The board of Commissioners is expressly made a Court of record. and it seems to me an principal that in order to give effect and validity to its proceedings as a Court of record that such proceedings should be signed by the Commissioners or at least their president, and that without this the Auditor would be no more authorized to issue orders than the Clerk of the Court would be to issue execution without the record being signed by the Judge, and the supreme Court has held all such acts to be void when done before the signing of the record &c.

William F. Garrett.

Judge V. C. Court.

Come now Mrs Cosby and C. B. Decker and W. F. Hiebet. John Wyman and Willard Carpenter managers and trustees of the "Home for the friendless" and present the following:

A Petition.

To the Hon board of Commissioners of Vanderburgh County

The undersigned citizens and tax payers of Vanderburgh County respectfully petition your honorable body to buy for the use of the Home for the friendless the late residence of Hon James G. Jones. deceased. situate on Fulton Avenue, or such other property as may be suitable and acceptable for that purpose. The following are a few reasons for asking for such purchase.

March *Term, 1881, being the* twenty sixth (26) *day of said Month.*

1st The Home for the friendless has proven to be both an Asylum and a reformatory. While it has afforded shelter and relief to the most helpless and unfortunate class of our citizens its influences have been such as to restore many of them to their friends and lines of usefulness.

2d. The present Home is unfavorably located in every respect and has became altogether inadequate to the demand upon its managers for temporary assistance and relief.

3d. By the purchase of a new home the County will enable its managers to relieve the pressure upon the Asylum for the Poor and furnish better accomodations for the unfortunates for whome the home has been specially provided.

4th The management of the Home has always been so prudent and economical that in no other way can the County afford money so advantageously for the relief of helpless distress

5th While the new Home will be under the direction and control of the board of managers and Trustees; the title of the property will rest in the County and cannot be alienated without the consent of the County authorities.

Alvah Johnson. Charles Viele. C. Decker Sr. N. E. Martin. Henry Reis. Saml. Bogard. D. N. Wacker. W. F. Trichet. F. W. Thayer. G. R. Bement. John Gilbert. Chas Schultz and 66 others

Remarks were made by the Court in favor of the petition. that the site including Eight acres of ground could be purchased for twelve thousand ($12.000) dollars.

Propositions were also received from Dr G. B. Walker to sell his late residence on Fulton Av being block 4 of G. Walkers add. for the sum of $6.500.

E. Sanson to sell the Sanson residence of Lincoln Avenue with ten acres of land for the sum of $8.000

F. W. DeLong his residence No 107 Upper 7th St for. $3.000.00

Laura Johnson. the last place on Lincoln Av including ten acres of land for.

Pet'n Ex. F

And. whereas. the land upon which such buildings are located is exceedingly valuable, and the City of Evansville is rapidly graving in the direction of said land. And. whereas it is alleged by a large number of the people of the County that said Asylum and Pest Houses are nuisances. and the Supreme Court of Indiana has held that the County is liable in action for civil damages for any injury that might result to life or property for the maintenance of said buildings or for the spread of cantagious malignant or infectious diseases.

And whereas. the present site is an improper one on account of the reasons aforesaid and we deem it impractable to expend any further sum of money in the repair or improvement of the buildings now located on said land.

And whereas in the judgement of this board the present Asylum for the Poor and the present Pest House ought to be discontinued on the land whereon the same are situate ought to be sold for the purpose of reimbursing the County as near as may be for any expenditure of money which

Pltff's

And it is further ordered that possession of said land be given the purchasers thereof immediately, except that portion of said land upon which the buildings now stand and the yard adjacent to the buildings, possession of which shall be given in twelve months from the day of sale, and that from and after that date the Poor Farm, Poor House and Asylum for the Poor and Poor House as now located be forever discontinued.

And it is further ordered that prior to said sale and as soon as practicable said land be platted by lots, blocks, streets and alleys. That the same be platted by Alvah Johnson, James D. Saunders and the County Surveyor acting in connection and with the advice and consent of this board.

That said land be so platted that the lots, blocks, streets and alleys therein laid out shall compare in dimensions and direction as near as may be practicable, with the lots, block, streets and alleys in Heidelbach & Epas Enlargement of the City of Evansville and in Woodlawn, and that said plat after completion shall be affirmed and acknowledged by the board of Commissioners and thereafter be recorded in the office of the recorder of Vanderburgh County.

And it is further ordered that said sale shall be made by said plat and that Alvah Johnson be and he is hereby

By the unanimous vote of the board the following order was passed, to wit:

Whereas: the board of Commissioners of the County of Vanderburgh is the owner of the following described real estate situate in the County of Vanderburgh and State of Indiana, to wit: Part of the N. W. qr of Sec 20 Town 6. S. of Range 10 W. and part of the N. W. qr of the N. E. qr of the same Section and bounded thus: Beginning at the centre of the road leading from Evansville to Princeton where the line on the southern side of said N. W. qr of said Sec crosses said road, thence E. along said line to the S. E. Corner of said quarter Sec last named, thence N. along the line of said last named quarter Sec to the S. W. Cor of the N. W. qr of the N. E. qr of said Sec; thence parallel with said road a little East of north to a point so that a line drawn from said point to the centre of said road and thence along the centre of said road to the beginning will include exactly thirty (30) acres of land together with all the appurtinances thereunto belonging, upon which has been located for a number of years the Asylum for the Paupers of the County and a Pest House for people afflicted with infectious, malignant and contagious diseases, and

Whereas the buildings upon said land are unfit and inadequate for the purposes for which they were erected and the County of Vanderburgh in order to afford proper accomodations for those of her citizens who are now or who may hereafter became a public charge will be compelled to immediately expend a large sum of money in making repairs upon and additions to said buildings and

Whereas: the land upon which said buildings are located is exceedingly valuable and the city of Evansville is rapidly growing in the direction of said land and

Whereas: it is alleged by a large number of the people of the County that said Asylum and Pest House are nuisances, and the Supreme Court of Indiana has held

that the County is liable in actian for civil damages for any injury that might result to life or property for the maintenance of said buildings. or for the spread of cantagious, malignant or infectious diseases and whereas; the present site is an improper one on account of the reasons aforesaid and we deem it impracticable to expend any further sum of money in the repair or improvement of the buildings now located on said land and Whereas; in the judgement of this board the present asylum for the poor and the present Poor House ought to be discontinued, and the land whereon the same are situate ought to be sold for the purpose of reimbursing the County as near as may be for any expenditure of money which the County may make in the purchase of other land and the erection thereon of suitable and proper buildings for the care and accomodation of the poor and sick of the County who are or may hereafter became a public charge.

Therefore it is ordered that the said land and all the appurtenances thereunto belonging be sold.

That sixty days notice be given in the Evansville daily Journal, that the board of Commissioners of the County of Vanderburgh, will at two (2) o'clock P.M. of Saturday the 13th day of May 1882 at the door of the Court House in the City of Evansville Ind^a sell said land and all the appurtenances thereunto belonging at public auction to the highest and best bidder therefor on the following terms terms: One third cash one third in twelve months and one third in twenty four months from day of sale the purchasers executing their promisary notes bearing interest and providing for attorneys fees with at least two freehold sureties or mortgage on said lots for the defered payments and it is further ordered that possession of said land be given the purchasers thereof immediately excepting that portion of said land upon which the buildings now stand and the yard adjacent to the buildings possession of which shall be given in Eighteen months from the day of sale. And that from and after that date the County Poor House. Asylum for the Poor and Poor House as now located be forever discontinued.

And it is further ordered that prior to said sale and as soon as practicable said land be platted by lots, blocks,

streets and alleys. That the same be platted by Alvah Johnson and James O. Saunders acting in connection and with the advice and consent of the board; that said land be so platted that the lots. blocks. streets and alleys therein laid out shall conform in dimensions and directions as near as may be practicable with the lots. blocks. streets and alleys in Heidelbach's & Haas Enlargement of the City of Evansville. and in Woodlawn and that said plat after completion shall be approved and acknowledged by the board of Commissioners. And it is further ordered that said sale shall be made by said plat or as a whole. by the original description that is to say by lots. blocks as a whole as platted. or as a whole by the original description as may appear for the best interest of the County. and that Alvah Johnson be and he is hereby appointed to superintend the advertisement and sale of said land. other than the advertisement above provided for, for which service he shall be allowed one and one half (1½%) per cent on the amount for which said land may be sold. the County to bear the expenses of platting. advertising and auctioneering.
