To the Board of Commissioners of Vanderburgh Co'ty

The undersigned the Committee heretofore appointed by you to examine and report upon the title of Lots from Nos 215 to 220 inclusive, in the Donation Enlargement of the City of Evansville beg leave to report that Judge Eglehart visited Indianapolis & Terre Haute and made examinations of the records with reference to the interest of the Canal Co in said property and upon his statement of the facts we are clearly of opinion that the Canal Co has no Title or interest in any portion of said property. In our opinion the records show a good title in the present owners with the exception of a possible interest in Lucina Carpenter in Lots Nos 215 & 218. and the North East one third of Lot No 217 this interest, if any exists, is an inchoate one depending upon her surviving her husband Willard Carpenter. These Lots are included in the deed to be made by T H Co. & will be cover by his Warranty. The interest of Mrs Carpenter if it should ever become perfected, is a small one. not to exceed 1/6 of said Lots. and does not seriously affect the Title and we think should not interfere with the purchase of the property.

Respectfully Submitted
Alex Eglehart
Blythe Hynes
& Baker

And the Board after duly considering the matter as to said report and it was now here moved by Baker Pt of said Board to lay the matter over for further consideration until next Dec'br Term to which no second was made and upon the motion made by James Erskine and seconded by Clark Cody Esqs the final action of this matter was set for to morrow morning.

Resolved: that no permanent improvements be made upon the the County Poor Building it being the opinion of the Board, that a new site should be purchased as soon as practicable containing more ground and located further from the City. and the present site sold to pay for the same and Erect new and more commodious buildings

Now here comes Fred Meyer and others and present a petition praying for the location of a public road in Knight Township Vanderburgh County Indiana. Now here comes Wm Schultz and presents a petition for a road in Scott township which is as follows. To the Hon. Board of County Commissioners of Vanderburgh County Indiana The petition of the undersigned citizens of Scott township of said County respectfully represent, that your petitioners as well as the public generally labor under great inconvenience for want of that part of the County road leading from New Harmony in Posey County Indiana to Boonville in Warrick County Indiana being open which was heretofore vacated by order of said Board upon petition of Reuben Wagoner and 25 others as appears of record in your Court of June term 1872, therefore we pray your Hon. Body that a highway be opened relocated and re-established in said County. the beginning course and termination is as follows:

Board of Commissioners, Vanderburgh County,

1

3 copies

lowit: Beginning at a point ten chains west of the South East corner of section seven in township five south of Range ten west in said County on the old Road leading from New Harmony in Posey County Indiana to Evansville in Warrick County Indiana and running from said point of beginning North seventy five and one half degrees west, on and along the old bed of that part of the said old road vacated by order of said Board on petition of Frederick Wagoner and 28 others as aforesaid, according the meanders of said old vacated road to the Evansville and Owensville road at the section line running North and south on the West side of said section, at which point said proposed highway terminates, the same being the old route of said old road vacated and about one mile in length from beginning to end, and we want said road reopened for reasons hereinafter shown as a public highway said proposed highway passes over and on the lands of Christian Schimburgh Frederick Wagoner George Miller John Kesterer Henry Lubking Fredrick Wagoner and Elizabeth Lemke, who are all the owners of lands over which said proposed road runs. your petitioners further represent said proposed road is a road of public utility, that it is more convinient and passable, than any other road or route for the public as also those persons who reside in the neighborhood of said road, that all roads leading to the Churches and School houses on the east in the neighborhood of said road are impassible for nearly six months in each year. the neighbors are compelled to walk to their churches and send their children on foot, through fields and woods to the schools ever since said proposed road has been vacated except a few of the dry summer months when good roads were not so much needed. Wherefore your petitioners pray that said proposed road be reopened and re-established as a public highway as the same was before it was vacated for the reasons aforesaid and that the reopening thereof will be attended with little expense as said road is in good order and only requires the removal of a few panels of fence, and that suitable and competent viewers be appointed, to run said proposed road according to law and other proper relief.

January 31st 1874. Chas Sallenter Wm Schultz and 40 others

And the Board having duly examined and considered said petition

accept and approve the same and being satisfied from the evidence produced, that due and legal notice has been given of said petition by posting public notices in at least three public places in said Township in the immediate neighborhood of said proposed highway at least twenty days before the first day of the present term of this Board. Board of Commissioners, Vanderburgh County,

To the Hon Board of Commissioners of Vanderburgh County Indiana

Gentlemen

We the undersigned Viewers appointed to view a certain proposed road did on the 5th day of January 1874 proceed to view and stake out the Road described as follows to-wit. Commencing at a stone in the center of the Evansville and Petersburgh state road sixty (60) feet from the central point of the crossing of the said State road by the Evansville & Crawfordsville Rail Road (said crossing being known as Erskins station) running thence South easterly along the said Rail Road and along the line dividing the lands of Thomas N Rucker and William Nornby seven (7) chains and seventy three (73) links to a stone, thence continuing in an easterly direction along the line dividing the lands of the said Rucker and the said Nornby to a stone on the line dividing the lands of said Rucker and Thomas Skeels, thirty five (35) chains and ninety nine (99) links, thence due east one mile on the line dividing the lands of Thomas Skeels. William Frank. James Stafford Mrs Job Stafford widow and Kate Stafford. Mary Stafford & Job Stafford Jr heirs of Job Stafford deceased on the South and William Nornby. William Frank. Thomas Skeels on the North to the East line of the North West quarter of the South East quarter of Section thirty four (34) township five (5) Range ten (10) west, thence due North on said East line until it intersects the Whetstone road, dividing the lands of Mrs Job Stafford and Kate Stafford Job Stafford & and Mary Stafford heirs of Job Stafford deceased on the East and Thomas Skeels on the west, this route is exactly the same as that mentioned in the petition and described in the order book except instead of running on the South side of the new out let to Muddy Branch Creek, the dividing line between the lands of T N Rucker and William Nornby is the centre of the said proposed road making a variation of about fifteen feet from the petitioned road and straightening the road instead of making a short elbow and the road described herein is upon better ground and we therefore recommend the variation. We viewed and marked out the above route and respectfully report in favor of granting the said road and that the same is of public utility and almost a necessity in that locality

Viewers & J H Knowles 3 Viewers

And therefore comes Thos Meeks and presents his Remonstrance against the location of said described Road which is as follows to wit:

Before the Board Comrs Vanderburgh County March Term 1874.

In the matter of petition of Ed Norby & Louis Mayhurst & others for a Road in Center Township

Comes now Thomas Meeks and says that he is and will be greatly damaged by the location of the road in said petition and the report of Viewers herein described for which he should be compensated. Wherefore he asks for the appointment of appraisers and competent persons in due form of law to appraise the damage which may result to him by reason of the location of said road on and along his land over and by which said road passes as more fully appears by reference to the description of such land in said petition and report & for all proper relief.

Thomas Meeks
by Asa & J C Iglehart

Which Remonstrance is hereby accepted and approved

Now here comes Wm N Norby & presents his remonstrance which is as follows &

To the Honorable Board of Commissioners of Vanderburgh County Indiana

William N Norby comes by his Atty and remonstrates to opening of a certain road petitioned for by George W Norby and others located in Center township Vanderburgh County Indiana in accordance with the Viewers report thereon for the reason that for one fourth of a mile along the line of his land, the line of said road was changed fifteen (15) feet, throwing into the road his private ditch and thereby causing him to lose his said ditch which costs him $165.00 He further remonstrates and says he will lose about three and one half acres of land @ $60 per acre amounting to $210.00. The aggrigate damage being $375.00

He therefore asks your Honorable Body to appoint.

Board of Commissioners, Vanderburgh County,

poses and says that sometime last fall one Thomas Peters
accompanied by some other person called upon this affiant
with a petition for a road in Knight Township alleged
to pass along the line of the land of Francis Amory, and
requesting this affiant, who has been for many years the
general agent of said Amory, but without any special au-
thority to file petitions for the opening of roads to sign said
petition in the name of said Amory, and in order to pro-
cure said signature said Peters then and there represented
to this affiant that said road would only run along
the border line of said Amorys land and would greatly
benefit said Amory, whereas the truth is said road
runs between two tracts of said Amorys land and in
such a manner as to with the other roads running by

The parties hereto agree to the following State of facts and submit the same to this Honorable Court for its Judgement

Warren is assessed with $5000.00 as Bonds in his Schedule he insists and wishes to show, that it was a mistake: that he held no Bonds at that time subject to execution, that it should have been Stock: that said sum of $5000. called Bonds in said Schedule, was simply Stock of the "Evansville Rolling Mill Company" and insist that he ought to be relieved from the tax thereon, as the Evansville Rolling Mill Company is taxed for the same thing, there is a double tax and that he has a right to explain,

The Commissioners insists that in as much as the Schedule showes, that the Assessment is for Bonds and not Stock, that Mr Warren has no right to show that it was a Mistake in that particular or show that Rolling Mill Stock was intended and not Bonds"
