Now here come Wm. Baker and nineteen (19) other citizens of Pigeon Township and present to this board a petition for the location of a public Highway in said County, which petition is in the words and figures following to wit:

To the Board of Commissioners of the County of Vanderburgh, in the State of Indiana.

The undersigned freehold citizens of the County of Vanderburgh aforesaid, respectfully represent that they in common with a large number of citizens resident in Evansville, and in the North Eastern portion of the County labor under great inconveniance for the want of a highway leading directly into the City of Evansville, from the vicinity of Oak Hill Cemetery: That such a road would shorten the distance to said City to parties living on the Millerburg road and on the Canal, and would furnish to the citizens of Evansville aforesaid a short and direct route to said Cemetery, and avoid the dangers attending the crossing of the Rail Road track near said Cemetery.

They therefore pray that a high may be located along the line of Cherry Street of said City of Evansville, extended from Tenth Street in said City to the road

leading from Evansville aforesaid to Oak Hill Cemetery, at such point on said road where said Cherry Street extended in a direct line would strike said Cemetery road. They believe that said proposed road or highway is one of public utility and pray that the same may be located under the order of your Board.

W. Baker and

Opinion of the Attorney General of Indiana concerning the appointment of the Boards of Registers

Attorney Gen'l Office
July 19th 1867

Victor Busch Esqr.

Dr. Sir,

I have the honor to acknowledge the receipt of your dispatch through the office of the auditor of state, as also the dispatch of this inst.

The board of county Com'rs "may designate one additional or more places of holding Elections in any township or joint precinct of two or more townships, when the public interest requires it." 1 G & H. p. 307. S. 11 11 11

This provision of the Statute makes the Board of commissioners the judges of the public necessity, and leaves that board the discretion to create as many precincts as the public convenience may demand. The registry law was passed for the purpose of preventing frauds at the ballot box.

This object can only be accomplished by a board of registry for each precinct.

The second section seems to contemplate but two sets of registering officers, or that there would be but two places of voting to the township, and yet under the former law the board might create as many as the interest of the voting population might demand.

In our larger cities two might be inadequate, and a third necessary. This would require a corresponding division of the territory, and to each Election Board a copy of the registry of the Voters of the district.

On this point the 2d and 3 Sections of the law seem deficient unless copies are made to suit the divisions of the Township, and perhaps the Spirit of the law would be reached by this process. The 6th Section removes this difficulty and authorizes the officers of the new precinct to make their registry of Electors on the day prescribed, in such a manner as a majority of them may direct. They may resort to any of the means of information Specified in the law. Or they may make a new one for their district from the best means at their command.

The law is deficient in many respects; the deficiencies will have to be cured by future Legislation. I am therefore of the opinion that the board of commissioners have the power

under the law to appoint all officers necessary to Execute the law, whether you have one, two or three places of Voting.

11 When the trustee is already elected you have to make your appointments of the ballance of the Board without regard to the politics of such officer. The law has reference to the officers under your appointment; If the trustee in office is a republican then you would have to appoint the other two of opposite politics. I am respl.

Aug. 9th 1867.

Wm Vogel and 29 others.

And the Board having duly considered and examined said petition, and being satisfied from the evidence produced that due and legal notice of said petition has been given by posting notices thereof in three public places in said Township at least twenty days before the first day of the present term of this Board, It is therefore Ordered that said petition be accepted and approved and George Inwood, Pat. And now here comes Richard Wilson and presents to this Board his remonstrance against the location of a certain public highway running from Emanuel Sumberts to the Fulton Avenue road petitioned for by Perry and others; which remonstrance is in the words and figures following to wit: To the Hon the Board of Commissioners of Vanderburgh County, June Term 1867.

The undersigned Citizens of Center Township in said County represent to your Hon. Body that a petition has been industriously circulated in said township to be presented to your Hon. Board at said June or Subsequent term thereof, asking the appointment of Viewers to mark and locate a public highway commencing on the road leading from Evansville to Darnstadt at a point near the residence of Richard Wilson on the line of the Locust Hill Cemetery in said Center Township, where along some Sixteen feet in Width intersects said road, thence extending East along said lane or private road in an Easterly direction a sufficient distance to intersect the State road leading from Evansville to Princeton at the South East corner of Emanuel Sumberts lot, fronting on said last-named road, terminating at that point. We further respectfully represent, first, that said road if opened as a public Highway would impose more labor on the hands of the road district than they are able to perform, and would be a great burden to them, as said road runs over a broken and uneven surface rendering it entirely unfit for travel.

Second: The opening of said road would seriously damage

a number of the undersigned who occupy and own the land along the proposed route. Wherefore, we say emphatically to your Hon. Board that the said proposed road if opened and worked, would be of no public utility; as a road, much better, and but one half mile further North, already connects the two State roads proposed to be connected by the proposed road herein described. Your remonstrants hope your Hon. Board will upon consideration dismiss said petition

Signed Richard Wilson and others.

And the Board having duly considered and examined said remonstrance, Ordered that Martin Vandusen, William R. Baker and Bernhard Arnold be and they are hereby appointed Reviewers to meet at the office of Wm Emery Esqr in Pigeon Township, on the first Saturday in November 1867 at 10 Oclock A. M. there to qualify and proceed to View the road petitioned for and to assess such damages as to them may seem just and equitable.

Now here comes Hiram Nelson, one of the Viewers appointed by this Board to View a certain road leading from Evansville to the Oak Hill Cemetery and presents the following Report:

The subscribers respectfully report that we regard the proposed highway of great public utility and earnestly recommend that your honorable body order and direct that the same be opened and kept in repair along the following described Route, to wit:

We would also report that the whole length of the proposed highway will be about 6300 feet, and will pass through three enclosures, about 780 feet through lands of Thos C. Garvin Esqr. in North West quarter of Section 29 Township and range aforesaid, and about 1020 feet through lands on said quarter Section belonging to Samuel Orr Esqr. and Dr. D. C. Keller. Said Highway will also pass through the enclosure of a non resident in the South East quarter of Section 20 - whereof Thos C. Garvin is Agent a distance of about 550 feet, and through the enclosure of H. L. Wheeler Esqr. in the South West quarter of Section 21 a distance of about 1410 feet. All of which is respectfully submitted

Hiram Nelson
J. F. Elliott
Philip Kramer.

And the Board having duly considered and examined said report accept and approve the same, and there being no remonstrance against the opening and locating of said road, it is therefore Ordered that the road described in the foregoing report be located and opened to the width of Sixty (60) feet.

Now here comes David Stephens of Perry township and presents to this Board his petition for a public road in said Township, which petition reads as follows, to wit:

Philip Koch

Joseph Woodruff

And it is now here Ordered that said Report be approved and the road petition dismissed.

Now here comes Anton Stoltz and presents to this Board his petition for a public Highway in Armstrong township which petition is in the words and figures following to wit-

To the Board of County Commissioners of Vanderburgh County.

The undersigned residents of Armstrong township of said County, would respectfully represent to your Honorable Board that some Seventeen years ago a road in said

township was petitioned for and duly allowed by then County Commissioners, but owing to some defect in the Order of the Board in fixing no width for said road, disputes and differences have arisen; now for the purpose of securing a legal and proper highway the said residents would respectfully petition your Board for the location of said road in the usual way, the said highway commences or is to commence at a point on the Section line dividing Sections three and four from Section thirty four, where the Section line running north and dividing Sections three and four in township five South of range Eleven West intersects said Section line, being the North East corner of said Section four, and running thence South on said Section line, to the half Section line of said Section four, between the lands of Elizabeth Rettinger on the East side and of Ernest Eberhardt and John Wersick on the West side, thence along said half Section line West, through the lands of John Wersick, the distance of a quarter of a mile, thence South on the dividing line of the land owned by Peter Stolz on the West and by John Wersick and Sophia Eberhardt on the East, being the distance of a forty acre tract or a quarter of a mile, from thence West to the half Section line (running North and South) in said Sections between the lands owned by Peter Stolz on the North and by the heirs of John Lutz on the South, from thence South on said half Section line running East and west between Sections four and nine, between the lands owned by Charles Martin on the West and the heirs of John Lutz on the East, thence along said Section line till it intersects the Lynthiana road and dividing the lands owned by Charles Martin on the North and Frederick Mayer on the South, said Highway is to be located in Section four, township five, South of Range Eleven West, with the exception where the same is intended to run in the Section line dividing Sections three and four and Sections four and nine. Your petitioners ask that said highway be laid out twenty five feet in width.

Anton Stolz and 16 others.

And the Board having duly considered said petition accept and approve the same, and the petitioners having furnished proof that due and legal notice has been given of said petition by posting notices thereof in three public places in said township at least twenty days before the present term of this Board, it is therefore Ordered that Jacob Denzer, George Naab and William Farquher Esqrs be and they are hereby appointed Viewers to meet at the office of Sam'l McDonald Esqr in Armstrong township on the 1st Saturday in November 1867 at 10 O'Clock a.m. of said day, then and

them to qualify and proceed to view the road described in the foregoing petition and make a written report of their proceedings to this Board at its next regular term.

Now here the following petition is presented to this Board, signed by nearly two hundred citizens of Vanderburgh County, praying for the erection of a Bridge across Pigeon Creek near the Crescent-city Springs.

To the Honorable Board of Commissioners of Vanderburgh County.

The undersigned citizens and tax payers of Vanderburgh County would respectfully petition your honorable body for the erection of a Bridge over Pigeon Creek in Pigeon Township near the Crescent-city Springs or Salt-Wells, at the point where the public Highway known as Eleventh Street, leading from Fulton Avenue past Salt Springs crosses said Creek; And your petitioners would further represent that they believe that public convenience requires that said Bridge be built, and they further believe that the natural formation of the bed and Banks of said Creek at said point render it a suitable and proper place for the erection of a bridge, and that on account of the natural advantages of this point, said Bridge could be erected and maintained at a comparative small cost; and that said Bridge when erected would be an improvement of great public utility and convenience. They would further represent that the experience of the last season of high water demonstrates that the erection of said Bridge at as early a day as practicable is indispensably necessary. Your petitioners would therefore respectfully pray that your honorable body would at once take the necessary steps to secure the erection of said bridge at an early day.

Signed William K. Walker and 196 of the heaviest tax payers.

And in consideration of the fact that the most substantial tax payers of this County are signers of said Petition, and in consideration of the facts therein stated; It is now here Ordered that said Petition be and the same is hereby granted, that plans and Specifications for said Bridge be prepared, and that the same shall be constructed in 1868.

Board of Commissioners, Vanderburgh County, September Term 1867

Now here comes Joseph Shaw one of the Viewers appointed by this Board to View a certain road in Scott township upon a Petition of Erwin Jarred, and makes the following report:

To the Board of Commissioners of Vanderburgh County.

We the undersigned Viewers appointed by you at the Special June Term 1867, do herein report to yoûr honorable board that we proceeded according to the instructions given by your honorable board to the office of Ed. Maidlow Esqr. on the first Saturday in August 1867 at 10 O'Clock A.M. to qualify according to law. We proceeded to examine the line of both the old road and the line of the new one as described in our instructions from your honorable board, and we do hereby report in favor of Vacating that part of the township road on the line between Scott & Armstrong Township South of said South West corner of Section One to the Boonville & New Harmony Road a distance of three fourths of a mile and that part of the Evansville and Cynthiana Road that runs through the North West quarter of the North West quarter of the aforesaid Section thirteen, town and range.

And we do hereby report in favor of locating said Road as follows to wit. Commencing on the line between Scott and Armstrong Townships at the South West corner of Section One. Township Five, South of Range Eleven West, running thence East Eighty rods between Sections one and twelve Land owned by Erwin Jarred in Section one and by Henry Moll in Section Twelve, thence South about one and a fourth miles on the lines between the East half and West half of the North West quarter of said Section twelve, said East half owned by Henry Steinkuhl and the West half by Henry Moll and Henry Spelser and the South West quarter of said Section 12 owned by Christian Knecht and the heirs of Henry Geise, thence on said line to the Evansville and Cynthiana Road in Section Thirteen North East quarter of N W qr owned by George Billiods and the N W qr of the N W qr by Michael Kenel, as we consider it as being the levelest and best route for a road and of the greatest public utility.

Joseph Shaw
William Ingle

the Board now here accept the above report.

And now here Charles Denby Esqr. Atty presents the following remonstrance against the location of the road above described to wit:

The undersigned citizens of Vanderburgh County, Indiana

Board of Commissioners, Vanderburgh County, September Term 1867.

to wit: Henry Steinkuhl, Christian Kracht, Louis W. Guise, Washington W. Guise, George Billiods, Henry Moll, Henry Spilker, Charles Kuster, through whose land the highway petitioned for by Erwin Jarred by petition dated May 1st 1867 wherein he prays for a change in a Road in Sections 1 & 12 in township 5 South of Range Eleven (11) West. are aggrieved by the action of the Board of Commissioners in granting the change asked for in said petition and do hereby demonstrate against the Same and do assign for grievances:

First: The said proposed change is not of public utility and cannot benefit any individual except Erwin Jarred. The said Erwin Jarred now adjoins the old road and can easily get from his own land thereto. The said change entirely deprives one of the above remonstrants Charles Kuster of any mode of Egress from his land. It injures all the persons adjoining the change by compelling them to put up more fences than they now have to keep up. It makes the road larger than the old road. The ground is not as well adapted for a road. For these and many other reasons we respectfully pray your honorable body not to grant the prayer of said Erwin Jarred and we further pray for the appointment of Reviewers

Louis J. Guise, Hoy Steinkuhl & others

And the Board having duly considered said Remonstrance accept the Same, and it is now here Ordered that John V Fraes, Nich Long and William Jarquher Esqrs be and they are hereby appointed Viewers to meet at the office of Samuel Mc Donald Esqr. in Armstrong Township, on the 1st Saturday in November, 1867 there to qualify and proceed to review the road above described and make a written report of their proceedings to this Board at its next regular term and to assess such damages as to them may seem just and equitable.

Now here comes Joseph H. Brandis one of the Viewers appointed by this Board at the September Term 1867. to View a certain Road petitioned for by Anthony Reis and others, and makes the following Report:-

To the Honorable Board of Commissioners of Vanderburgh County Indiana.

In accordance with the Order of your honorable Board, We the undersigned did qualify as Viewers at the Office of Francis Feeney in Perry Township on the second day of November 1867. And on the 16th of the same Month, did proceed to View the Road petitioned for by David Stephens and 24 others.

We commenced where the half Mile line, running North and South of Section twenty eight (28) in town six (6) South of Range Eleven West - (11) crosses the Middle Mount-Vernon Road, and here at the commencement we would State that a good substantial Bridge would be required over a water course about 12 feet wide. Proceeding from this point North along the Road dividing the lands of David Stephens and Fielding Stinson, we find that the present Road will require considerable labor to adapt it to public use. Proceeding onwards along the line between the lands of Anthony Reis and Michael Motts, we find a deep ravine, some eight or ten Rods across, that would require an Embankment or Log way varying from four to six feet high. Proceeding forward on the line due North, we come to another bad place between the lands of Anthony Reis and Mrs Stone; this is an abrupt side Hill extending over ten or twelve Rods, that would require a very considerable Amount of Grading and other work, before a passable Road could be made.

After this there would be no difficulty in opening the road through the lands of Michael Motts, and McNutting, so as to intersect the Road known as the "Hague Road." in Section Twenty one (21) Perry Township.

Your Viewers after a carefull Survey of the Road petitioned for, are of opinion that after the bad places named in this Report are worked and fixed, the Road will be one of public Utility, as furnishing an outlet for the Cattle Stock of the neighborhood, a Road to a good Mill, and in times of high water, a Road to the City of Evansville.

Joseph Nurenbarn
John A Hufnagel
Joseph H. Brandis

And the Board having duly considered said Report accept and approve the Same.

Now here comes John Nuenning by Attorney and presents a Remonstrance against the location of the road petitioned for by A. Reis, D. Stephens and others, which Remonstrance is in the words and figures following to wit:

The undersigned residents of Perry Township in said County, hereby remonstrate to the laying out and locating a public Highway through the lands of the undersigned and others in Section Twenty one (21) etc - which Highway was asked and petitioned for by A Reis and others, as may be seen by the petition on file, and to which reference is made for a particular description of said proposed Highway, for the reason that the location of said Highway is not of public Utility and damages the undersigned in the Sum of two hundred and fifty dollars.

Wherefore they ask that your Board appoint Reviewers in the premises and if the said Road should be established, that said Reviewers assess the damages sustained by reason of said Highway passing through their lands
