To the Honorable the Board of Commissioners of the County of Vanderburgh.

The undersigned members of a committee appointed by your Board to examine and report upon the correctness of reports made by Victor Bisch Esq. of the receipts and expenditures by him made in his management of the Bounty fund and Soldiers relief fund, would submit the following report: We have had in our possession the reports of said Bisch containing his acknowledgements of receipts and his Vouchers or receipts for expenditures thereof, and we have examined them fully enough to satisfy ourselves of their regularity and genuineness. The number of said Vouchers and the volume of said reports being so great as to require more time in the comparison of names, dates and figures than would be consistent with our other business engagements we suggested the employment by the Board of Messrs H. W. Lauer and Thomas N. I do hereby remonstrate against the location of a highway applied for by Joseph Singer and others at your last June Term 1869. and described as follows to wit: a public road in Scott township beginning at a point in the middle of the Old State road leading from Evansville to Princeton where the East-and West-line dividing the N. half from the S. half of Sec. 21 T. 4. R. 10 crosses said Road, running thence West-on the said line to the S. W. corner of the S.E. qr. of the N.E qr. of Sec. 20 thence due South on the line to the S. E. corner of the N.W qr. of the South E. qr. Sec. 20. thence due West to the S.W corner of the N.W qr. of the S.E qr. Sec. 20, thence due South to the South East-corner of the North East-qr. of the N.W qr. Sec. 29, thence due West on the line to the middle of the Evansville and Princeton County Road, being all in Township Four and range ten aforesaid and making a distance of about-three miles — The said Highway is not-of any benefit-to me and it takes from me near a half an acre of land from the East-end of the South half of the South West-quarter of Section Twenty 20 in the aforesaid Township Four South of range Ten West-worth # 25. and removing fence worth # 15.- making Forty dollars # 40- and I ask your honorable Board to send Viewers to assess said damages or such an amount as they may deem just.

To the Honorable Board of Commissioners of Vanderburgh County Indiana.

We the undersigned having been appointed by your Honorable Board, to view and report upon a Road Petitioned for by J. D. Killyard and others, commencing at the first Avenue in the city of Evansville S. and terminating at the Heaty Road Center Township in Vanderburgh County. Do report that after having duly qualified, as ordered by your Board—

at the Office of D. M.c Iernan Esqr. did proceed to view the Road petitioned for as aforesaid. We commenced the view, where the proposed new Road was to terminate at the corner of the lands of John Balsden and John Keerding, at the point where the proposed Road intersects the Road known as the County road; We then directed our course towards the city of Evansville, along the line marked down in your instructions to us, for about one mile and a quarter, we found the proposed Road run through a level flat, intersected by several Branches or creeks, that would require a large amount of ditching, Embankments and Bridges to make it any ways passable during the winter season, has we Judged by what we saw, that the whole line across this flat, would in wet rainy seasons be submerged with water at Muddy Creek, about a quarter of a mile nearer the city, a second class Bridge with Stone Abutments will be required and also a very large amount of Excavating will be needed, in forming the approaches to each side of the said Bridge. There would then be no more great Expenditure of Either money or labor until we reached Pigeon Creek. At this point the line crosses the Stream diagonally and a first class Bridge would be required with a considerable amount of grading to form the approaches. After this there would no difficulty in forming the Road, to where it connects with the first Avenue. We the undersigned having carefully Surveyed the aforesaid proposed Line of road and acting upon what we consider the obligation of our oath, cannot find the Road petitioned for by J. J. Billyard and others, a road of public utility, there being already Roads opened and worked within half a mile on Either Side of the new Road petitioned for which roads are accessible to all the parties named in the Petition as owning Lands on the proposed new line.

Joseph H. Brandis
James F. Saunders.

And the Board having duly considered and examined said Report accept and approve the same, and it is now here Ordered that the said Road and the petition for the same be and is hereby dismissed.

We the undersigned appointed at your December Term 1869 to view a public road in Scott Township petitioned for by Joseph Singer and others, do make the following Report, to wit: We did not qualify on the 19th day of February as set forth in your order, owing to the absence of Samuel McDonald a Justice of the peace but did meet at the Office of said Samuel McDonald on Saturday February the 26th. After duly qualifying according to law before Samuel McDonald a Justice of the peace on the 26th day of February 1870. We proceeded to view a portion of the Road

in said petition to wit: beginning in the middle of the Old State road leading from Evansville to Princeton, where the East-and West-line dividing the North half from the South half of Section number Twenty one (21) Township four (4) Range Ten (10) crosses said road, running thence West-on said line to the South West-corner of the South East-quarter of the North East-corner of Section Twenty (20) thence due South on the line to the South East-corner of the North West-qr. of Section Twenty (20), thence due West-on the line to the South West corner of the North West-qr. of the South East-qr. of said Section twenty (20) thence South on the line to the South East-corner of the North East-quarter of the North West-qr. of Section twenty nine (29) thence due West-on the line to the middle of the Evansville and Princeton County Road, and upon careful examination we find that Christian Magentheimer is damaged to the amount of Twenty five dollars by the location of said public highway on the East-end of the South half of the South West-quarter of Section Twenty (20) in Township four (4) South of range ten (10) West-

All of which is respectfully submitted, this the 26th day of February 1870.

Wm Martin

And the Board having duly examined and considered said report-accept-and approved the same and said Reviewers are now here discharged

And now here comes Mrs Elizabeth Pack and presents the following Remonstrance

To the Honorable Board of Commissioners of Vanderburgh County.

I do hereby remonstrate against the location of a highway applied for by Joseph Singer and others at your last June Term 1869 and described as follows, to wit: Beginning in the Middle of the Old State road leading from Evansville to Princeton where the East-and West-line dividing the North half from the South half of Section No Twenty one (21) Town four (4) Range ten, crosses said road, running thence West-on said line to the South West-corner of the South East-quarter of the North East-quarter of Section Twenty (20) thence due South on the line to the South East-corner of the North West-quarter of the South East-quarter of said Section Twenty, thence due West-on the line to the South West corner of the North West-quarter of the South East-quarter of said Section Twenty, thence South on the line to the South East-corner of the North East-quarter of the North West-quarter of Section Twenty nine, thence due West on the line to the middle of the Evansville and Princeton County Road being all in township and range aforesaid and making a distance of about Three (3) Miles.

The said proposed highway is not of any benefit to me, nor is it of public utility since I have already given a road in the same direction along the South Side of my property, the same being distant only a quarter of a Mile from the proposed highway. The proposed road takes from me about Three acres of land worth $60 per acre, making a damage to me in loss of land of $180. It would necessitate the

building on my part of two fences, one of the length of half a mile and the other of the length of a quarter of a mile, which would cost me about $200. It would also damage me greatly, to wit: in the sum of $500, in disarranging my premises and making the property very inconvenient and worth much less. Wherefore I ask that viewers be appointed to assess the damages

Elizabeth Pack.

RR

And the Board, having duly considered and examined said Remonstrance, accept and approve the same and it is now here Ordered that Joseph Bixler, John S. Truitt and Laurence Paul be and they are hereby appointed Reviewers to meet at the Office of Sam'l McDonald Esqr. in Armstrong Township on the first Saturday in May 1870, at 10 O'Clock of said day, then and there to qualify according to law and proceed to review the premises described in the foregoing Remonstrance to assess such damages as they may deem just and equitable, and to make a written report of their proceedings at the next regular Term of this Board.

Now here comes Lewis C. Stinson and presents to this Board the following Petition.

To the Hon. Board of Commissioners of Vanderburgh County, Indiana.

The undersigned Petitioners respectfully represent to the said Board of Commissioners that a portion of the Evansville, Henderson and Mount-Vernon Roads has been washed away by the Ohio river and that there is now no established road between the points hereinafter mentioned for the beginning and termination of a New road herein prayed for. To the Hon. the Board of Commissioners of Vanderburgh County

The undersigned proprietors of almost all the land through which John Kessner, Ira A. Fairchild and John Whitehead Viewers appointed by your board recommend the opening of a road in Perry Township beg leave to remonstrate against the location and opening of said road on the line so recommended, for the following reasons —

1st The route recommended is unnecessarily circuitous and round

about when it may as well & as cheaply be almost straight
2d It will be more expensive to construct and maintain a road,
Especially a gravelled or Mc Adamized road, to which we must
ultimately come with all our clay roads in the neighborhood of the
city by the route recommended, than by an almost straight line
between the point of starting of this road and the Ingleside Coal
Mine. 3d It unnecessarily damages our property

John Ingle Sr. by John Ingle Jr.
John Ingle Jr.
John Ingler Jr. & Son.

Mangrave, by all the Members of the Bar of Vanderburgh County as well as by a great number of the most prominent Citizens and Taxpayers of said County, asking the increase of the salary of said Prosecuting Attorney, as provided for by Law approved March 4th 1867, which Petition is in the words and figures as follows, viz:

"To the Honorable Board of Commissioners of Vanderburgh County:

The undersigned Petitioner would respectfully represent that he was commissioned Prosecuting Attorney of the Vanderburgh County Circuit Criminal Court on the 26th day of May 1869; and his term of Office began to run from that date; that said Vanderburgh Criminal Circuit Court first sat on the first Monday in June, and has set monthly ever since, occupying most of the time during every month and consuming nearly all the time of the Prosecuting Attorney, so as to prevent your Petitioner from practicing his profession to any extent in any of the other Courts of the County as the Prosecuting

Attorney must not only attend the sessions of the Court but must also attend upon the sessions of the Grand Jury, assist in the examinations of witnesses, advise the Grand Jury as to the law and draw up all indictments found by that body. When it is remembered that the Grand Jury sits ten (10) days in every month, during which time they usually find a large number of indictments, Your Honorable Body will perceive that all the time of the Prosecuting Attorney would be taken up. The labors of the office are most exacting and difficult as Criminal pleadings must be absolutely correct and in every case of importance the best talent of the bar appears in defense of the accused. It thus occurs that in every case of felony, the trial ordinarily lasts from one (1) day to two (2) three (3) or four (4) days; and in rare cases, even a week has been consumed in the trial of cases where there were a number of defendants. For instance, the case of Odie Adams, impleaded with Mike Garvey and others lasted at least a week, computing the time occupied in all the trials growing out of the indictment. Nearly as much time was consumed by the trials of Samuel Pile and others charged with Robbery. So also the case of Foster charged with arson consumed as much as three (3) days. The case of William Cracky charged with Assault and Battery with intent to ~~Kill~~ commit Murder consumed four (4) days time. These cases are given as examples of the difficulty and importance and importance of the cases which your Petitioner is called upon constantly to try, in the discharge of the duties of his Office. The whole number of cases on the docket of the Criminal Circuit Court is Six Hundred and four (604) and all the indictments with the exception of a few, which were transferred to the Docket at the organization of the Court were drafted by Your Petitioner and all the labor connected with the prosecution of the cases, has been performed by himself, either alone, or in connection with such counsel as were occasionally employed to assist him.

Your Petitioner would further state that on the 4th day of March 1867, an Act was passed by the Legislature (Vol 3 Davis' Supplement to Ind. Statutes page 379) Authorizing the Board of Commissioners of Counties when Criminal Circuit Court might be established, to make an allowance to the Prosecutor of such Court on account of salary not to exceed One Thousand Dollars ($1000 00) per annum.

The reason why this law was passed was evidently that in large Towns like Evansville, the proportion of high crimes to misdemeanors is greater than in Counties not containing such centers of population and those who commit crime are not able to pay fine or costs and so your Honorable Board will perceive that in all the cases of high crimes the Prosecuting Attorney would get not fee whatever (the Statute requiring the

the fees to be collected from the Defendant) for it is evident that a man tried for larceny, burglary or murder and sent to penitentiary for life, or for a long time would of course pay no fees! So that in the cases where the greatest labor and skill are required, Your Petitioner gets no pay, unless allowed him by Your Honorable Body under this law of 1867.

By actual count there are on the Docket of the Vanderburgh Criminal Circuit Court in round numbers 200 felonies, and 400 misdemeanors that is to say 200 cases punishable by imprisonment in the Penitentiary, for which your Petitioner has not recieved and never will recieve, one cent of fees! while in a large proportion of the remaining 400 cases, he recieved no fee, because the accused was not able to pay. Your Petitioner says that during the Eighteen (18) months he has held the Office of Prosecutor he has only collected fees in misdemeanors to the amount of $402.50 which added to the meager salary of $500.00 per annum allowed him must drive him from the Office unless your Honorable Body will grant him the relief asked for.

Your Petitioner therefore say that the amount of One Thousand Dollars ($1000.00) per annum which under said law of 1867 Your Honorable Body are authorized to allow, as for salary would be no more than a reasonable compensation for the aforesaid ~~Office~~ services of Your Petitioner more especially as the salary of the Judge of the same Court is fixed at Two Thousand Dollars $2000.00! and it is apparent that the duties of Prosecuting Attorney in this County though less dignified are not less arduous than those of the Judge.

Your Petitioner would respectfully state by way of explanation that his attention was never called to the said Statute of March 4th 1867 authorizing the allowance herein asked for until recently, when said law was published in Vol 3 of Davis' Edition of the Statutes of Indiana; but as the Statute was in operation when he was commissioned, Your Petitioner confidently claims that he is in law and in equity entitled to said allowance during the entire term of his Office heretofore as well as hereafter and would respectfully ask that Your Honorable Body would make him an allowance at the rate of One Thousand Dollars ($1000.00) per annum for ~~the~~ One year & five months ending the 25 day of October 1870.

It cannot certainly be an objection to this claim that it has not been presented till now, as your Petitioner has a right either to draw such allowance as the County Board may allow him, or to let it remain in the Treasury of the County for a time; in which last case the County has the use of the funds. Your Petitioner would further request that Your Honorable Body would make an order fixing his salary, payable Quarterly by the County at the sum of One Thousand Dollars ($1000.00) per annum (as authorized by said law of March 4th 1867) in addition to the salary of Five Hundred Dollars ($500.00) already allowed him by law; said allowance to be payable to him during the

two (2) years of his present term of Office dating from the 04th day of October 1870.

Your Petitioners would respectfully add that he is informed that the various Counties in the State, in which Criminal Courts have been established have made allowances for the salary of the Prosecutor of Criminal Circuit Courts under said law of Mar 4th 1867 as herein asked for.

In conclusion, Your Petitioner regrets to be compelled to disclose to your Honorable Body the fact that while devoting his whole time to the duties of his said Office of Prosecutor of said Court, owing to said insufficient compensation for his services he has become much embarrassed in his circumstances financially and has been subjected to great inconvenience and annoyance on that account and that the reasonable allowance for which he asks herein, would enable Your Petitioner to meet all his Obligations and to give his undivided attention to the duties of his Office, as he greatly desires to be able to do.

And Your Petitioner will ever Pray

W R Hargrave

Pros Atty 3rd & 5th Cir Court

We the undersigned endorse the within application of W R Hargrave as Prosecuting Attorney of the Vanderburgh Criminal Circuit Court, and ask that the allowance therein prayed for may be made by the Board of Commissioners of Vanderburgh County at their term

Now here come John G. Veneman, Fred Funkenheimer and others and present to this Board their petition for a change of highway in Perry Township, which petition is in words and figures as follows, to wit:

"To the Honorable Board of Commissioners of Vanderburgh County:

We the undersigned resident freeholders of Perry Township Vanderburgh County Indiana would respectfully represent to your Honorable Board the necessity of a change of Highway in and through the south half of section Number twenty three (23.) township number six (6.) range Number Eleven (11.) west from the plat of said half section accompanying this petition it will be seen that the Red Bank Road from the point where it intersects the Upper Mt. Vernon Road to the South East corner of the South West quarter of said section is not only a great inconvenience but an absolute injury to the adjoining land owners. The road runs in a southeasterly direction or almost diagonally through the Eastern half of said quarter section, beginning at the base and running thence to the summit of the Upper end of the Coal mine Hill rendering it thereby entirly impossible to keep the same in good

3 lines

repair. The Road which we desire laid out will be comparatively free from those disadvantages, as it will run due north along the eastern side of said hill, thereby avoiding the extraordinary washing to which the other Red Bank Road is exposed.— Therefore we the undersigned petitioners pray that so much of the Red bank road as is hereafter described to wit: All that part of the Red Bank Road lying in the South half of section number twenty three (23.) township number six (6) Range number eleven east, beginning at the point where it intersects the Upper Mt. Vernon Road, thence running in a South-Easterly direction through the land of John J. Deig, Charles Freund, J. W. Sauer and Fred Sunkenheimer to a point at or near the South East corner of the South West quarter of said section may be vacated. And your petitioners further pray that instead of said part of said Red bank Road, which we pray may be vacated, a road thirty feet wide, described as follows be laid out or located in said South half of said section, to wit: Along the half section line of said section, beginning at a point at or near the South East corner of the South West quarter of said Section and running due north along said half Section line through the land of Fred Sunkenheimer, J. W. Sauer, John J. Deig and Charles Freund on the West and the land of John Sacral, William Carpenter, H. L. Allis, George Vennerman and Wm N Law - at the East to a point, where said half section line intersects said Upper Mt. Vernon Road."—

Respectfully

Township Six (6) Range Ten (10.) And now here comes William Travis Sr. and presents the following remonstrance against the location of the Road described in the foregoing Report, viz:

"To the Honorable Board of County Commissioners of Vanderburgh County, Indiana. —

Gentlemen: —

We the undersigned freeholders and citizens of Vanderburgh County, Indiana do respectfully submit to your Honorable Board this Remonstrance against the road petitioned for by James Slaghurst, James L. Stafford, Amelia Jarvis, Thomas Jarvis, John D. Jarvis, Thomas Steele Charles J. Hornby and others as described and set forth in their petition; Believing as we do that the Road petitioned for by the said petitioners is not located in the proper place in as much as the zig zag manner proposed and set forth in the said petition would make it unsightly and inconvenient to the public generally and damageous and injurious to those whose lands it is proposed

to run it through, but especially to the lands as described in the said petition as belonging to Amelia Jarvis but now property of Jessie Troup, whose land (80 acres) it is proposed to cut right through from East to West and then along the South Half from North to South thus cutting off a considerable amount of land and creating other Expenses for all of which damage and loss sustained by the said Jessie Troup a full remuneration will be demanded.— But in as much as we are fully aware of the necessity of a road through Centre Township running East and West, we humbly petition your Honorable Board to locate the said road on the Section line dividing sections thirty three and thirty four, commencing at that point, where said section line crosses the Petersburgh Road, leading from Evansville to Mt. Catherville, running due West to the South West corner of section thirty three, thence due North on the Section line dividing section Thirty two from thirty three to where said section line intersects the old Petersburgh Road leading from Evansville through Mechanicsville to Petersburgh, thus making a shorter route and a straight line in connection with other County roads already established.— That your Honorable Body may give a full and impartial consideration to all herein contained we the undersigned do[th] humbly pray.—

Wm. Troup Sr. Wm. Troup Jr.
and 26. others.—

And the Board having duly examined and considered said Remonstrance accept and approve the same, and it is now here Ordered that John Baldeen, Oliver Goldsmith and Stearns Ketch Esqrs. be and they are hereby appointed Reviewers to meet at the Office of Levi Hooker Esqr in Centre Township on the second Saturday in February A.D. 1871. at 10. O'Clock a.m. of said day and then and there to qualify according to law and proceed to review said road as described in said petition to assess such damages as they deem just and equitable and make a written Report of their proceedings to this Board at its next regular Term.—

"To the Hon: the Board of Commissioners of the County of Vanderburgh:

I have the honor to report my opinion in writing in case of the annexed bill and would say that by section 31. of an act regulating fees (page 339 R. S. & N. R. S.) it is made the duty of the Board of Commissioners to furnish the necessary record books, fuel and stationary for the offices of the Auditor, Treasurer, recorder and the Clerks of Circuit and Common pleas courts.— In determining the meaning of the word stationary it will be taken in its "plain ordinary and popular sense".— Webster defines the word Stationary as meaning "The articles usually sold by stationers such as paper, ink, quills and the like". Under a liberal construction this might be made to include gold pens but the Board of Commissioners is the proper person to supply these articles and if they choose, may supply Steel pens and officers preferring gold, will be compelled to supply themselves.—

Robert A. Hill
Co. Atty.—

And the Board after duly considering and examining said opinion accept and approve the same and further determined that the article "Gold Pen" is not belonging to Stationary to be furnished to County Officers, therefore excluded therefrom, and it is further Ordered that a Copy of this foregoing opinion with the Order of the Board accompanying the same, to be issued to the Clerk, Treasurer, Auditor and Recorder of this County, & certified to by the Auditor of said County.—

To The Honorable Board of Commissioners. Vanderburgh County Ind:

We the undersigned Viewers appointed by you at your last December Term to view a road in Center Township applied for by Silas Stephens and others and Commencing on the Whetstone road in Section Two (2) Township Six (6) South of Range Ten (10) West about Three and 35/100 Chains East of the South West corner of the North West quarter of said Section two (2) running thence West about two miles to a point four and 75/100 Chains East of the South West corner of the North West quarter of Section four (4) of the aforesaid Township and Range, thence South Twenty six degrees and Thirty minutes West Ten and 75/100 Chains to the Section line between Sections four and five thence South about ten chains to the South East corner of the S½ of the South East quarter of Section five thence West to the South West corner of said North ½ thence North four Chains more or less to the line dividing the lands of John E Read. Catherine Schmudt and W E Wood thence on said line about Thirty Chains West to the State Road in Section 5 of the aforesaid Township and Range. Said road is about Three and one fourth miles in length. And We believe the road to be of Public Utility and should be located. We find a Creek on the West side of said Section four that will require a Bridge probably 100 feet long together with considerable Embankment on the West side to raise the road above high water. We are of the Opinion that a Ford could be crossed the greater part of the year and that both ends of the road coming from said Creek come into main roads that lead to the City of Evansville.

To the Honorable Board of County Commissioners of Vanderburgh County Ind.
Gentleman.

Your petitioners would represent that there is a Petition now before your Honorable body praying for a new road to be opened and laid out running the entire distance or lenghth of a forty acre tract of land owned by ~~James~~ Agnes Ward and another Tract of Forty acres owned by Julia Ward and another Tract of forty acres owned by John Kreeger. Your petitioners would say that if said road is so located it will damage each of the undersigned at least One Hundred and fifty dollars for the reason that there is now a road running North and South entirely on the lands of James Ward and running the entire distance of said tract If said other road is located as prayed for it will take fifteen feet off of the North of said forty acre tract of land owned by said James Ward and the same number of feet off of the said two other Tracts thereby diminishing the number of Acres in said three forty acres Tracts. Your petitioners would say that while said road may be of some benefit and Utility to some whose names are signed to said petition. It will be of no benefit or utility to any signed on this remonstrance.

For the reason that the undersigned have easy access to and from their said lands without said proposed road if said road was so located said signers will never be under the necessity of using the same. Your Petitioners would say that if your

Honorable Body has already (~~has already~~) appointed Viewers of said road and they have reported favorably in reference to said proposed road we ask for you to commission the requisite number of disinterested viewers to examine said road and apess the damages that the undersigned will necessarily sustain if said road is laid out as proposed but the undersigned do most respectfully remonstrate against the location of said proposed road
