State of Indiana }
Vanderburgh County. } SS:

To the Board of Commissioners of
Vanderburgh County. Indiana.

Gentlemen:

The undersigned residents and freeholders of Vanderburgh County. Indiana. six of whom now live in the immediate neighborhood of the proposed road. would respectfully ask the location of a public highway in Section Nineteen (19) and Twenty (20) Township Five (5) South. Range Ten (10) west. and being in Center Township of said County. which Highway is to connect the Owensville and State Roads running north and south through said Township. and commencing at a point on the Owensville Road where the South line of the North East quarter of the North west quarter in said Section Nineteen (19) strikes said road and running thence east on a straight line until it strikes the State Road in Section Twenty (20) That said highway if located will pass and go over the lands of the following persons viz: John Ritt. J. Martin Keck. Lizzie M. Miller. Bertha Miller. August Miller. Louis Schmadel Sr. George Pauli. Charles Schmidt. Charles Kalkman. and Fred Dickman. the said Road to be thirty (30) feet in width.

Louis Schmadel
and 20 others.

And said parties also file a copy of notice by them given

and proof of posting same.

And come now the petitioners and objectors by their respective attorneys the objectors having filed their objections to the granting of said petition, and having in addition filed their plea in abatement claiming that said petition was not signed by six freeholders residing in the immediate neighborhood of the proposed highway And now the questions presented by said petition with objections thereto. and said plea in abatement are submitted to the Board for adjucation, and the Board having heard the witnesses and argument of Counsel at great length. the Board finds for the petitioners and against the objectors, that the requisite number of free holders have signed said petition and that this Board has jurisdiction. and that viewers ought to be appointed and that the objection that six of the freeholders who signed said petition do not reside in the immediate neighborhood of the proposed road. and that the objections presented against allowing the petition and appointing viewers are without merit. and should not prevail.

It is therefore considered by the Board that said petition should be allowed. and Viewers appointed to view said proposed road as provided by law. and that the objectors take nothing by their plea in abatement. and objections to the same. and that Richard King. Jungott Hanochild and Barthold Kamp be and are hereby appointed Viewers of said proposed highway and it is further ordered that said Viewers meet on Thursday May 24. 1906. at 9 o'clock a m. and after being duly qualified to proceed to make such view according to law. and make a report of their proceedings at the next term of this Board.

The Southern Railway Company "as the Southern Railway Company of Indiana. hereby object jointly and severally to. and remonstrates against the location. establishment and change of the highway as prayed in the complaint for the following reasons:

The Board of Commissioners of the County of Vanderburgh met in their room this day pursuant to adjournment when present Andrew Koch. Thomas C. Ruston and Lucien G. Hornby members composing said Board.

The minutes were read and approved.

Comes now August Leich heretofore appointed. to investigate the books of the Recorder's office during the term of Theodore Kevekordes as County Recorder. and makes the following report. to-wit:

To the Honorable Board of Commissioners
of Vanderburgh County, Indiana.

Gentlemen:

Pursuant to your instructions of 16th. inst. I have examined the Entry and Fee Book of the Recorder's office of Vanderburgh County used by Theo. Kevekordes during his incumbency as County recorder being the years 1903, 1904 1905. and 1906.

This Entry and Fee Book is also the Cash Book of the office and shows. or should show. all the cash taken in

as legal fees for placing on record the deeds, mortgages and leases pertaining to real estate, also plats. contracts, grants articles of incorporation. election of officers of societies. and organizations, and all other instruments, public or private. important enough to be required being recorded.
The county recorder is required by law to file quarterly reports showing the number and kind of instruments recorded during each quarter, and the fees charged and collected therefor: also to pay over to the County treasurer, quarterly, the total amount of cash collected as fees, during the quarter. I find that Thos. Kevekordes made regular quarterly reports for the years 1903 and 1904; for the year 1905 he made three reports - two for 3 months each, and one for 6 months. For the year 1906. he made two reports, each covering 6 months.
Previous to February 20. 1905. the fees for attesting cancellations were not entered in the Entry and Fee Book, but were reported in one amount in each quarterly report. After February 20. 1905. all such fees (20 cts. in each case) were entered seperately in the Entry and Fee Book.
For the period from Jan 4. 1905. (page 154) to April 5th 1905. (page 181) I found the fees for recording cemetary deeds, one dollar each, entered in the cent columns -why- I have been unable to discover; both before and after those dates such fees are properly entered in the dollar columns I have included all fees, thus curiously entered, in the amount properly charged to the recorder.
As shown by Exhibit "A" which is made a part of this report the total amount of fees charged and collected by Thos. Kevekordes during the four years of his incumbency, as County Recorder is, 15 071.75
total amount paid over to County Treasurer as per reports. filed. and verified by the books of the County Treasurer. 13.791.90
leaving a shortage of 1.279.85.
Exhibit "B" also a part of this report is a memorandum of instruments on which fees were not charged on the Entry and Fee Book; this does not include any instruments deposited for record by church congregations, religious societies, fraternal orders, labor unions, athletic clubs and other bodies, it has been the custom to record such papers without charging fees. It may be that some of those on this list should be classed as "complimentary" it is not for me to say. The fees on these instruments would amount to $98.70. making the total amount not accounted for by Thos. Kevekordes,

as County recorder to appear $1378.55.

Respectfully submitted.
August Leich.

In the matter of the petition for Recording a part of New Harmony Road in Perry Twp. } Petition: Action of Board.

Come now F. Bockstege and others and present to the Board the following petition.

To the Honorable Board of County Commissioners of Vanderburgh County.

Your petitioners most respectfully show that for more than twenty (20) years last past a certain public highway described as follows, towit:

"Beginning at the junction point of the New Harmony Road with the Salt Well Road. running thence in a northwesterly direction to an intersection with the tracks of the Evansville & Southern Indiana traction line in the northwest quarter of section twenty three (23). township six (6) range eleven (11) west." has been used by the public as such highway. that it has been graveled and regularly worked and is one of the most traveled highways of the County and the same at one time constituted a part of what was then known as the New Harmony Road. and is still known as the New Harmony Road. Between the points aforesaid. the width of said highway and the proper boundaries showing such width. have become confused and uncertain and the persons who own the adjoining land are much annoyed by not knowing the true boundaries of said highway Your petitioners have not been able to find any record of such highway and it seems that although such highway has been used for twenty years. no record has been made thereof. or if made. cannot be found.

Your petitioners. therefore. pray this Honorable Court that said highway between the points aforesaid. be ascertained. described and entered of record as provided in section fifteen at page 525. of the Acts of the General Assembly of the State of Indiana (Acts of 1905.)

Signed Fr. Bockstege
and nine others.

And said petitioners file a copy of notice by them given and a proof of posting same.

And the Board after examining said petition and notice. and said petitioners being present. on motion it is ordered that said road be established to the width of forty (40) feet. And the office of County Surveyor being vacant the Board hereby appoint C. C. Genung to survey and layout said highway to the width of forty (40) feet. and Comes now C. C. Range Eleven (11) West. and five hundred (500) feet east of the center of the said Section. and marked with an iron pin twenty (20) inches long driven flush with the ground From this point thus established. running North eighty eight and one half (88½) degrees West. a distance of one hundred (100) feet: thence North eighty five (85) degrees West. one hundred fifty (150) feet: thence North Seventy seven (77) degrees west one hundred fifty (150) feet: thence North Seventy two and one half (72½) degrees west one hundred (100) feet: thence North Sixty three and one half (63½) degrees West. one hundred fifty. (150) feet: thence North fifty nine (59) degrees and forty five (45) minutes West. three hundred (300) feet: and thence North Sixty (60) degrees and thirty two (32) minutes west. four hundred eighty one (481) feet to a point on the North East side of the old New Harmony Road. making a total distance of fourteen hundred thirty one (1431) feet. and being the width of forty (40) feet. Twenty feet (20ft) on either side of said described line. and now on motion it was ordered that the report of C. C. Genung be in all things approved, and that said highway be established and is now here recorded as described in said report. and it is further ordered that should there in future be found a necessity to provide sidewalks along this road. they should not be placed inside the forty foot roadway now established. but taken from the private abutting property on each side of it.

On motion the Board adjourned to meet on Thursday Morning May 2 d, 1907. at 9.30 o'clock.

In matter of Petition
of Louisville & Nashville Ry. } order of Board.
to build Bridge over Pigeon Creek

Comes now C. C. Genung a Civil engineer heretofore appointed in the matter herein. and makes his report as follows. to-wit:

To The Honorable Board of Commissioners
of Vanderburgh County.
Gentlemen:

In conformity with your request, I have made an examination of the plans prepared by the Louisville and Nashville Railroad Company. for their proposed double track new bridge across Pigeon Creek, and the location of the same near Water Street. It is their design to extend the abutments of their present bridge, south to the abutments of the highway bridge at that point and put the second track between the present Railroad bridge and the County highway bridge. This will protect the banks of the streams and the wagon way, and will in no way interfere with highway travel along Water Street, nor the highway bridge. I, therefore recommend that you approve of the plans shown on the blue prints prepared by the said railroad company for the substructure and superstructure and the change of the present railroad tracks to best utilize the same.

Respectfully
C. C. Genung, C. E.

Came now John Waterman. Justice of Perry Township. Vanderburgh County. Indiana. and reports to the Board that the East abutment of the Burgdorf Bridge on the E. 2. Smith highway in said Perry Township has become insecure and is likely to fall over. and that said abutment has already toppled over so far that said bridge has become impassable to travel. and that unless said abutment is repaired immediately it will fall and cause the whole of said bridge to fall and be thereby destroyed. and that said highway of which said bridge forms a part. is a highway along and upon which a United States Rural Free Delivery Mail route has been established and is now maintained. and that the cost of said repairs to said abutment exceeds the ability of the road district in which said bridge is located by the application of its ordinary road work and tax. and that an emergency exists for the immediate repair and rebuilding of said East abutment to said Bridge.

And the Board having examined and inspected said bridge and said abutment now finds that

the condition of the same is as reported by said trustee and that an emergency exists for the immediate repair and rebuilding of said East abutment to said bridge.

It is therefore ordered by the Board that the East abutment to the Burgdorf Bridge on the E. 2. Smith highway in Perry Township be repaired and rebuilt immediately
