To The Board of Commissioners of Vanderburgh County State of Indiana to-wit

The undersigned citizens of Evansville of said County and residents in and owners of property lying on Main Street and directly on said Alley respectfully remonstrate against The granting of a License to sell Spirituous liquors prayed for by P Hamburger whose application is now pending before your Honorable Body and say That said applicant has ever since he has been engaged in said business Kept a disorderly house where he encourages The congregation of The worst class of Negroes mingled with The most degraded class of whites That he has frequently been indicted and arrested for Keeping a disorderly house and The premises occupied by him has been a nuisance

To the neighborhood They therefore protest against the issuing of s Licence to said Vornberger believing that the same will result in a loss to their townships and depreciation of the property

After due consideration the Board refuses said Licence for reasons above mentioned

Now here comes W A Mattison the County Attorney and presents to the Board upon their request his opinion in regard to giving aid to the poor of Vanderburgh County which opinion reads as follows.

To Hon Board of Commissioners of Vanderburgh County
Gentlemen.

I have the honor to submit an opinion in relation to the "Act for the relief of Poor" 1st G & H 459 and the present system of supplying the poor of Vanderburgh County by virtue of said Act It appears that during our late war the present system was adopted. as we are told in order that Soldiers and their families might be supplied with the necessaries of life without being sent to the County Asylum. The method thus adopted received the sanction of Township and County Officials and was endorsed by the citizens generally Thus it seems that the present dangerous and pernicious method of supplying the poor of said County became a custom so universal as to be considered by most men the law of the land. The County Townships have adopted the order system to a limited extent, but in Pigeon Township alone has the system of keeping a grocery by the Trustee for the benefit and convenience of the poor been inaugurated. The Act for the relief of the poor seems to have reference to four classes of Poor persons. To wit: All poor persons lawfully settled in such County for whose place of settlement can not be determined Poor entitled to temporary relief without regard to question of residence And certain poor who are entitled to relief at their houses. Sec 11 said Act provides for the support of all poor lawfully settled in such County and the following Section defines what constitutes a legal settlement Sec XII Provides that when any poor person shall be found in such County and his legal settlement can not be determined he shall be provided for in the same way that others are provided. Sec XIII provides for temporary relief in the Poor House for all persons who have not a legal settlement and Sec XXIV makes it the duty of Overseers of the Poor to grant said Temporary relief to any person not an inhabitant of such Township when sick or in distress and likely to suffer Sec VIII of the aforesaid Act and an additional Act of 1857 authorizes aid to certain poor at their homes to be granted by the Board of Commissioners alone. It will also be seen by reference to Sec XXX that in Counties where there are Asylums for the poor That it is the duty of the Overseers of the respective Townships to send Paupers there for relief. In connection I hesitate not to say that

The present system of supplying the Poor of Vanderburgh County and particularly of Pigeon Township is not only without authority of law but prejudicial to the interests of Tax payers of Vanderburgh County And an actual injustice to the unfortunate but honest poor.

Very Respectfully
Your Obedient Servant
F A Mattison

(1) That said Senemeyer had no notice whatever of the filing of the said petition of said Krueger and others having never seen any notice posted up in the neighborhood where said Road is to be located

(2) That he had no knowledge of the order of this Board in relation to said Road till the 19th of December 7 days after the entry thereof.

(3) That said Road if established will run through an inclosure of more than one years standing and
(4) That the location of said private Road will greatly damage him in viz: in the sum of two hundred Dollars.
All of which is verified by affidavit of Peter D Mair his Atty on file in the Auditors office and now here files his Remonstrance against said Road which Remonstrance is in the words and figures as follows to-wit:

To the Honorable Board of Commissioners of Vanderburgh County

The undersigned Christian Senemeyer would respectfully represent that he is a resident of Vanderburgh County Indiana That he is informed and believes that Henry Krueger and others have filed a petition before your Hon Body for the location of a private Road in Center twp Township in said County one half of which road will be located or is intended to be located upon the lands of the undersigned. Therefore the undersigned would remonstrate against the location of said private Road over his land for the reasons following viz: The said Road if located would pass through an enclosure of several years standing belonging to him, that the said Road could be located at another end of his farm land on the Section line which would be just as good and would accomodate a large number of people without injuring him to the same extent and because the said Road if located would damage his land in the sum of One Hundred and seventy-five Dollars. Therefore he asks that said Road may be viewed by viewers as in other cases and if found of utility That he have his damages assessed and paid him before the said Road be opened and that he have other all other proper relief

D Mair
Atty for Senemeyer.

And the Board after duly examining and considering said Remonstrance and being satisfied from the evidence produced to them that said Senemeyer had no knowledge of the proceedings in this case accept and approve said Remonstrance and it is hereby ordered That the former order passed by this Board at the present term To locate said Road as described in the petition of said Senemeyer (see Com Record 2 page 139) be and the same is hereby rescinded and it is further ordered Jno V Paris. Abram Farquher and Jno Retting be and the same are hereby appointed viewers to meet at the office of Joseph Hartline Esq in Gentrytown Tp on the first Monday in February 1872 at 9 o'clock A M and then and there qualify according to law and proceed to view said Road and assess such damages as in their judgment is just and equitable and make their written report to this Board at its next regular term

To The Honorable The Board of Commissioners of Vanderburgh County Indiana

Gentlemen

We The undersigned Committee appointed by your honorable Body To enquire into the manner in which The Vanderburgh Co Asylum has been and is now being Keph would respectfully report that we visited The aforesaid Asylum and examined same as follows viz By taking The evidence of The inmates in The absence of The Keeper and Assistants we visited all The various wards and various departments of the premises and found them all clean and comfortable with one exception. We ascertained from The inmates that they had been abundantly supplied with good substantial provisions of various varieties suitable to persons in health. we also find The bedding and bed clothes clean and sufficient for their comfort and they also seem satisfied with their clothing which we think suitable for the place. We enquired particularly

if They had been abused by Their Kuper or insulted by obscene languag
but found no evidence to sustain The charge. But we find that the class
of inmates That are very sick have been neglected but not being sup=
plied with light delicate food suitable to their condetions We think
There is great necessity of having That irregularity corrected im=
mediately as we believe The future restoration of health depends great
ly on suitable diet and good nursing. We do not think Mr Nichol is
The only person in fault in This instance as The inmates informed us
That The Co Physician did not see That They were properly supplied
with appropriate nourishment. It is also The opinion of said Committee
That The Co Physician should attend more clearly To This particular part
of his duties and see That proper nourishment is supplied

The verhose names are hereunto subscribed citizens of Vanderburgh County and State of Indiana do most respectfully represent to your Honorable Body That a notice has been given that a Petition will be laid before you at your March Term for the purpose of securing the location of a Private Road in Germon Township in said County of the following description to wit: said road is to commence at the South West corner of the South East Quarter of the South West Quarter of Section Thirty five (35) Township five (5) South of Range Eleven (11) west running thence due East on the line dividing Townships five (5) and Six (6) in said Range to the South East corner of said Section Thirty five (35) said proposed road runs through the lands of J.H. First: That is now a private road running from the farm of J.H. Geiser to Evansville which answers all the practicable purposes necessary for the convenience of the neighborhood who would be interested by said road. so that to grant another road such as is called for by the petitioners would be totally unnecessary as a matter of convenience.

Second: That said private road which is now used will answer all the purposes of convenience that is sought to be obtained by the petitioners for the new road.

Third: That the location of the Road called for is not only useless and unnecessary. but that it will injure the lands of your remonstrants through whose lands said petitioners propose to run said road without being of any amount advantage. but an expense and trouble to some of your remonstrants and of no real consequence to the community at large. We therefore most respectfully and earnestly urge your Honorable Body not to allow the location of said road which is sought to be located by your petitioners for the reasons already given in for many others which could be assigned as well.

Now here the following Remonstrance was presented to the Board against the Road described in the foregoing Report which Remonstrance is in the words and figures following to-wit

Board of Commissioners Vand County March Term 1873

To the Hon Board of Commissioners of Vanderburgh County Indiana

The undersigned Peter Naag respectfully remonstrates against the location of a certain highway sought to be established and located in Knight Township in said county. the same being petitioned for by Robert A Pollock & others. which highway is to run on the Congressional township line dividing township six (6) and seven (7) and beginning on said line where it strikes the Warrick county line and running thence west through Vanderburgh county at or near the South West corner of the East half of Section thirty three (33) in Township six (6) South of Range ten (10) west. for the reasons following.
(1) The location of said Highway is not of public utility
(2) The location of said Highway would damage your remonstrator in the sum of two hundred Dollars because said highway would pass over his land situate in Section four (4) Township & Range aforesaid and compel him to give up about one acre of land and require him to keep a seperate fence along said highway and (3) The said highway would pass through the inclosure of your Remonstrant of more than one years standing to which he refuses to give his consent. and that a good highway can otherwise be had. without departing Essentially from the route petitioned for. Wherefore your remonstrator asks that viewers be appointed to enquire into the public utility of said Road. assess the damages. which he will sustain if said highway is located and also to ascertain if a good highway can not be had without running through his said inclosure and that he have his rights fully protected.

Peter Naag

Which Remonstrance is hereby accepted and approved

Now here the following Remonstrance was presented to this Board against the Road described in the foregoing report which is as follows to-wit

To the Hon Board of Commissioners of Vanderburgh county Indiana.

The undersigned Christian Nelt respectfully remonstrates against the location of a certain highway sought to be located in Knight Township in said county and petitioned for by Robert A Pollock & others which highway is to be located upon the Congressional township line dividing townships six (6) and seven (7) beginning at a point where said line strikes Warrick Co and running thence West through Vanderburgh Co to or near the South West corner of the East half of Section thirty three (33) in Township six (6) South of Range ten (10) west for the reasons following

(1) The said highway if located would not be of public utility
(2) The said highway if located would damage your remonstrator in the sum of Three hundred Dollars by being located in part upon his land lying and being in Section Two (2) Thirty five (35) Township and Range aforesaid. that it would require him to keep up two fences along the said land and subject him to other inconveniences and (3) The location of said highway would run through his enclosure of more than one years standing and that he will not give his consent therefore. and that a good Road can otherwise be had without essentially departing from the route petitioned for. Wherefore your remonstrator asks that viewers may be appointed to enquire into the public utility of said highway and assess his damages by reason of the location of said highway and ascertain whether a good Road can not otherwise be had without passing through his said enclosure and that his rights be protected
