To the Honorable Board of Commissioners
of Vanderburgh County, Indiana.

We the undersigned, appointed by this Court at its September Term 1902 to view a ditch described in the certified copy of a petition and order of Court for a ditch by Henry Hahn and others, handed us by the Auditor. Would represent that according to said order, we on the day named therein towit: the 15th day of September 1902. in company with E. G. Fenning. a civil engineer. made an accurate survey of the line of said proposed ditch from

Board of Commissioners, Vanderburgh County, Indiana, Oct. 9. 1902

its source to its outlet. Measured stakes to be set along said line, each one hundred feet, numbering down stream. The route of the proposed ditch is described as follows:- Commencing at a point which is 415 feet North, and 400 feet east of the South West corner of the West half of the South East quarter of Section 9. Town. 7. South. Range 11. West. running thence S. 84° W. 400 feet; thence S 70° W. 200 feet; thence S. 63° 35' W. 400 feet, thence S. 79° 15' W. 2500. feet; thence N. 87° 30' W. 400 feet; thence S. 71° W. 500 feet.; thence S. 48° 10' W. 1200 feet; thence S. 65° W. 370 feet; thence S. 29° 35' W. 219 feet; thence S. 54° 30' W. 151 feet; thence S. 12° 45' W. 193 feet, and thence S. 76° W. 25 feet to an outlet in the Edmond Ditch, a total distance of 6558. feet having the initial point on the land of Mrs Olive Varner, and the terminal on the land of Jos. Eisterhold.

The line as above described, passes through the lands and along the lines of the following persons and corporations: Olive Varner, Heirs of Susan Maddox, J. Nurrenbernd, Mrs. M. Edmond, A. Hahn, and Jos. Eisterhold.

We have made a careful examination of the premises liable to be benefitted by the construction of said proposed ditch. We also apportioned and set apart to each parcel of land, a share of said work, in proportion to the benefits received, and also of damages sustained, all of which will fully appear by a tabular statement in this report.

We find that the proposed work will be of great public benefit and utility, afford drainage for public highways, and improve the general health in that neighborhood, and that the cost of construction of same will be less than the benefits to be derived thereby.

We submit a map of the line of the proposed ditch marked "Exhibit A." and a profile showing depth of cut, width at top and base, and number of cubic yards in each one hundred feet marked "Exhibit B." which are made a part of this report.

The following apportionment shows who are benefitted, Price thereof per cubic yard, and total estimated cost of each share.

To the Honorable. Board of Commissioners
of Vanderburgh County, Indiana.

We, the undersigned Viewers, who were appointed by your honorable body at your regular September Term 1902. to view a proposed highway. as petitioned for by Maria Brandis et al. have discharged the duty assigned us. and submit to you the following report towit:

We met as directed in the order hereunto attached and made a part hereof, and after being duly

qualified as appears therein, proceeded to view such proposed highway in the manner as by law prescribed. which by routes and bounds, and course and distance, is as follows, to-wit: The said proposed highway to be 30 feet in width and commences at the South West corner of the North West quarter of Section 33. T. 6. S. Range 11. W. and running thence South on the line dividing Sections 32 and 33. 9 85/100 chains. thence S. 54 degrees 05. minutes E. 1 85/100 chains. thence S. 4 degrees 15. minutes E. 1 chain. thence S. 8. degrees 45. minutes W. 1 50/100 chains. thence S. 7 degrees 15 minutes. Said proposed highway would pass over the lands of John R. Grisson. Maria Brandis. Jacob Speicker deceased. Sebastian Heurich Admr.

And we are of the opinion that said highway would be of public utility.

And comes now John R. Grisson by his Attys. Hornbrook and Wheeler. and moves that the names of Sebastian Heurich Admr. Joseph Rallett and Henry Weitze be stricken from the petition.

And the said John R. Grisson by his Attorneys. Hornbrook and Wheeler and files his remonstrance against the location of the proposed highway in the words and figures following. to-wit:

In the matter of the "Speiker Road" in Perry Township. } Board of Commissioners Vanderburgh County October Term 1902.

John R. Grisson respectfully shows that he is the owner in fee of over fifty five (55) acres of land, being a part of Section thirty three.

(33). Township Six (6) South. of Range Eleven (11) West. bounded on the North by the lands of Maria Brandis, on the West by the Section line between Sections Thirty two and Thirty three (32 & 33) and on the South by the Mt. Vernon Road. and that his land is and has been for over 35 years, his place of residence, consisting of enclosed fields, all of which are and for many years have been, under fence. used for agriculture and raising stock.

That the proposed highway asked for in the petition of Maria Brandis and others will. if opened pass entirely through his farm. from the north line to the South line, and said road will not pass through or over the land belonging to any one of the parties whose names appear on said petition. And said Grissom shows. that said Road. if opened. will form a cul de sac connecting on the South with the Mt. Vernin road. and having no connection at the North terminus, with any public highway, but will stop at the line dividing the land of said Grissom from the land of Maria Brandis. and that it will not pass through or over any part of the lands of said Maria Brandis, nor will it, at any point, be contiguous to pass over or through any land belonging to any or either of the other petitioners. but said road will if opened, pass in its entire course over and through the enclosed fields of said Grissom, greatly to his inconvenience and injury, and said Grissom remonstrates against the opening of said proposed road, because it will not be of public utility, and because it cannot be of any benefit to the land belonging to any one of said petitioners, except to Maria Brandis, and because it will pass through the fields and enclosures of said Grissom which have been under fence for many years; and because Maria Brandis now has, and for more than forty five (45) years has had an undisputed right of way over said Grissom's lands. which right of way has during all that time been, and now is appurtenant to the

land occupied by said Maria Brandis, which right of way has been exercised and used for over forty five (45) years. in passing from the lands belonging to said Maria Brandis to the Mt. Vernon Road. by all persons desiring to pass to or from her lands. either on foot or with stock or conveyance of any kind..

That the land belonging to the said Grisson was. until the year 1857. a part of the Brandis Homestead, owned by Joseph H. Brandis. and in said year Joseph H. Brandis. and his wife. Maria Brandis, sold and conveyed to one of said Grissons grantors the land now owned by Grisson, and in said deed of conveyance Joseph H. Brandis and his wife. Maria. reserved a right of way over the lands sold and conveyed, which right of way has at all times been used and exercised under conditions agreed upon and established by said Joseph H. Brandis and his grantee. and which right has also been decreed by the Superior Court of Vanderburgh County, a copy of which decree is filed herewith. as a part of this remonstrance marked Exhibit "A." and said Grisson shows that the land of the petitioner. Maria Brandis. extends westward to a point eighty rods from the public highway. running north and south through the middle of Section thirty two (32). to which a road could be opened with little injury to anyone. and that a road could be located and opened on the Section line between Sections Thirty two and Thirty three (32 & 33). causing but small damage to the owners of the land over which it would pass.

And said Grisson shows that he will be damaged in a large sum. to wit Twelve Hundred dollars. To wit By dividing farm $350.00 for extra fencing $600.00 for three gates $50.00 Land for Road $200.00 Total $1200.00 for ground taken. and for damage done to his farm. and for expense of making and keeping up fences. should the proposed road be opened through his farm. and he asks that his said damages

Board of Commissioners, Vanderburgh County, Indiana, Oct 9. 1902

be allowed him should the road be opened.
And he further shows that the petitioner, Sebastian Heurich, as Administrator of the estate of Jacob Spieker, deceased, has no legal right to petition for said highway, and that the petitioners, Joseph Rollet and Henry Weitze signed said petition with the express understanding that the proposed highway was to be located on the section line, between Sections Thirty two and Thirty three, (32 & 33), and was not to pass through Grissom's farm, and their written request to have their names taken off from said petition is filed herewith and marked Exhibit "B." A Plat of Grissom's land, marked Exhibit "C" is filed as a part hereof.

Wherefore, said John R. Grissom remonstrates for the reasons above stated, and prays for all other proper relief.

Hornbrook & Wheeler Attys. J. R. Grissom.

And the Board having examined said remonstrance find the same to be in form as required by law It is therefore ordered that J. B. Knowles, Danl. Lewis. and John Bohannon. all of Scott Township be and they are now appointed Re Viewers of said proposed highway for the purpose of assessing damages if any, that would be sustained by the opening of the same. And it is further ordered that said Re Viewers meet at the office of some Justice of the Peace in said County on Thursday Morning October 30th. 1902 at 9. o'clock and after being duly qualified proceed to make such review, and report the result thereof at the next regular term of this Board. until which time this cause is continued.

In the matter of the Wenzapfel Road between Posey & Vanderburgh County } Re Viewers Report. Damages awarded.

Come now the Re Viewers. heretofore appointed in the matter herein and make their report as follows, towit:

To the Honorable Board of Commissioners
of Vanderburgh County, Indiana.

We, the undersigned reviewers, who were appointed by your honorable body at your regular August term 1902, to review a proposed highway, as petitioned for by Frank A Weinzapfel et al, for the purpose of assessing the damage if any that would be sustained by opening the same through the lands of Nicholas Litzelman Louis F Kapperman and Charles Steiner, Fred Schutte and Frederich Kirchoff, have discharged the duty assigned us, and submit to you the following report, to-wit:

X In the matter of the Speiker Road in Perry Township. } Viewers Report; Remonstrance; Re. Viewers Apt.

To the Honorable Board of Commissioners

We the undersigned Viewers, who were appointed by your honorable body at your regular January Term 1903. to view a proposed highway, as petitioned for by Maria A Brandis et al. have discharged the duty assigned us, and submit to you the following report. towit;

We met as directed in the order hereunto attached and made a part hereof, and, after being duly qualified as appears therein, proceeded to view such proposed highway in the manner as by law prescribed, which by routes and bounds and course and distance is as follows, towit: The said proposed highway to be 30 feet in width, and commences at the south west corner of the north west quarter of Section 33. Town 6. South Range 11. W. and running thence south on the line dividing sections 32 and 33. 9 $\frac{65}{100}$ chains, thence south 74 degrees, 55 minutes East 2 $\frac{40}{100}$ chains, thence south 54 degrees, 5 minutes E. 1 $\frac{65}{100}$ chains. thence S. 4 degrees, 15 minutes E. 1 chain. thence S. 8 degrees, 45 minutes W. 1 $\frac{50}{100}$ chains. thence S. 7 degrees 15 minutes E 2 $\frac{40}{100}$ chains thence S. 14 degrees E. 1 chains. thence S. 19 degrees E. 9. $\frac{70}{100}$ chains. thence S 36 degrees 15 minutes E. $\frac{75}{100}$ chains. to the north west edge of the Lower Mt Vernon Road. Said proposed new road will pass along and upon and over the lands of John R. Grissom, Maria Brandis Joseph Speiker deceased. Sebastian Heurich Administrator And we are of the opinion that said highway would be of public utility

Viewers.

John R Grissom moves the Board that the name of

Sebastian Heuser Administrator of the estate of Jacob Speiker dec'd. be stricken from the petition because he has no interest or ownership in any real estate as such administrator, which motion was sustained in the Board.

Ord! comes now John P. Grisson and files his remonstrance against the location of the proposed highway in the words and figures following, towit:

dw the matter of the Speiker Road in Perry Township.

Board of Commissioners
Vanderburgh County.
February Term 1903.

John R Grisson respectfully shows that he is the owner in fee of over fifty five (55) acres of land being a part of Section Thirty three (33). Township Six (6) South, of Range Eleven (11) West. bounded on the North by the lands of Maria Brandis on the West by the Section line between Sections Thirty two and Thirty three (32 + 33.) and on the South by the Mt Vernon road, and that his land is and has been for over thirty five (35) years, his place of residence, consisting of enclosed fields, all of which are and for many years have been, under fence used for agriculture and raising of stock.

That the proposed highway asked for in the petition of Maria Brandis and others will, if opened, pass entirely through his farm from the North line to the South line, and said road will not pass through or over the land belonging to any one of the parties whose names appears on said petition. And said Grisson shows, that said road, if opened, will form a cul de sac connecting on the South with the Mt. Vernon road, and having no connection at the North terminus, with any public highway, but will stop at the line dividing the land of said Grisson from the land of Maria Brandis, and that it will not pass through or over any part of the lands of said Maria Brandis, nor will it at any point, be contiguous to pass over or through any land belonging to any or either of the other petitioners, but said road will, if opened pass in its entire

Board of Commissioners, Vanderburgh County, Indiana, Feb 9. 1903

course over and through the closed fields of said Grissom, greatly to his inconvenience and injury. And said Grissom remonstrates against the opening of said proposed road: First,- because it will not be of public utility.

(a) It cannot be used by the general traveling public. because it will extend only to the private gate of Mrs. Maria Brandis.

(b.) It cannot be of any benefit to the land belonging to any petitioner except the land of Maria Brandis.

Second: It will pass through the fields and enclosures of said Grissom which have been under fence for more than twenty five years.

Third: Said Maria Brandis now has, and for more than forty five years has at all times had, a right of way over Grissom's land for all vehicles, stock and persons wishing to pass to and from the Brandis farm, which right of way has been decreed by the Superior Court of Vanderburgh County, a copy of which marked Exhibit "A" is filed herewith.

In the year 1857. Joseph H Brandis, and Maria Brandis his wife, sold and conveyed the farm now owned by Grissom and made an agreement for a right of way, which has existed from that time.

And said Grissom shows that the land of the petitioner Maria Brandis, extends westward to a point eighty rods from the public highway, running north and south through the middle of Section thirty two (32) to which a road could be opened with little injury to anyone, and that a road could be located and opened on the Section line between Sections Thirty two and Thirty three (32 & 33) causing but small damage to the owners of the land over which it would pass.

Fourth: And said Grissom shows, that he will be damaged in a large sum, towit: Twelve hundred dollars. ($1200.00) as follows:- by dividing his farm $350.00. for extra fencing $600.00. for three gate $50.00. land for road. $200.00 aggregate Twelve hundred dollars $1200.00. for ground taken and for damage done to his farm, and for expense of making and keeping up fences should proposed road be opened through his farm. and he asks that his

Board of Commissioners, Vanderburgh County, Indiana, Feby 9. 1903

damages be allowed him, should the road be opened.
A plat of Grissoms land, marked Exhibit B. is filed herewith.

Wherefore; said John R. Grissom remonstrate against the granting of said petition for the reasons above set out and prays that the request for opening said road be refused, and for all other proper relief.

J. R. Grissom.

And the Board having examined said remonstrance find the same to be in form as required by law. It is therefore ordered that John F Edmond. Albert Kamp and John A Neale all of Union Township. be and they are now appointed Reviewers of said proposed highway for the purpose of passing upon the public utility of said proposed highway and also of assessing the damages if any that would be sustained by the opening of the same. And it is further ordered that said Reviewers meet at the office of a Justice of the Peace in said County on Thursday Morning February 26th. 1903 at 9 o'clock, and after having been duly qualified proceed to make such review, and report the result thereof at the next regular term of this Board. unless which time this cause is continued.

To the Honorable Board of Commissioners
of Vanderburgh County, Indiana.

We the undersigned Viewers, who were appointed by your honorable body at your regular March Term 1903. to view a proposed change of highway as petitioned for by Henry Burke et al have discharged the duty

assigned us. and submit to you the following report towit:
We met as directed in the order hereunto attached and made a part hereof, and, after being duly qualified as appears therein, proceded to view such proposed highway in the manner as by law prescribed, which by routes and bounds and course and distance is as follows, towit:-
The said proposed highway to be 40 feet in width and commences at the North West corner of the S.E. 1/4 of the S.E. 1/4 of Section 34. Town. 5. South. Range 10. West. and running thence due east to the Whetstone Road. and running over and across the lands of Jacob Krueger about 40 rods in length.
And the vacation of a certain part of a Road described as follows. Commencing at the North West corner of the S.E. 1/4 of the S.E. 1/4 of Section 34. Town. 5. South. Range 10. West. and running thence due north to the Whetstone Road, said part to be vacated passes over the lands of Jacob Krueger and Rosetta Schmidt, and is about 40 rods in length.
And we are of the opinion that said change of highway would be of public utility.

Respectfully Submitted.

In the matter of the Petition of Henry Boeke for the opening and Change of Highway.

The undersigned respectfully remonstrates against the opening of the highway described in the petition in this cause and says.
1st: That said proposed highway and change of highway is not of public utility.
2nd Your remonstrator further says and represents to the Court that the opening of the proposed highway. com

mencing at the north west corner of the south east quarter of the South east quarter of Section Thirtyfour (34) Township Five (5) south, of range Ten (10) west, of Vanderburgh County Indiana and running thence due east to the Whetstone Road, and running over and across the land owned and possessed by this remonstrator, said road to be forty (40) feet in width and about forty (40) rods in length will result in great damage to this remonstrator in this, that said highway, if opened as proposed will pass over and across the present site and location of the remonstrator's barn, which is erected by the remonstrators at the cost of more than Six hundred ($600.00) dollars, and is of the present value of more than Six hundred dollars, and will necessitate the tearing down and removing of said barn to this remonstrators damage in the sum of Six hundred dollars.

That said proposed highway will cut off a small part of the remonstrator's farm upon which is located his residence and outbuildings and said road will so pass between his said residence and the remainder of his farm to this remonstrator's great damage and trouble and annoyance. That to locate said highway as aforesaid will necessitate the tearing down and removing of a large amount of fences and of building new fences to this remonstrator's damage in the sum of Two hundred ($200.00) Dollars. That said road passes over and across the land owned entirely by this remonstrator which is of the reasonable value of One hundred ($100.00) dollars per acre. That the opening of said highway will further damage and injure this remonstrator in a total sum, including the above named specifications, of Thirteen hundred ($1300.00) dollars.

Said remonstrator further represents that the vacation of the road set out in said petition and the opening of said new highway will not benefit this remonstrator in anyway, but will result entirely in loss to him as above set forth.

Wherefore your remonstrator prays that said highway be not changed and relocated, vacated and opened as prayed for in said petition unless said damages have been fully paid to this remonstrator, and he further prays that your honorable court appoint.

three (3) disinterested freeholders as reviewers to fix his damages caused by the granting of the prayer of said petition

Jacob Kreger.

And the Board having examined said remonstrance finds the same to be in form as required by law. It is therefore ordered that Henry Maasberg, J. Geo Stafft and John Straub all of Armstrong Township, be and they are now appointed Reviewers of said proposed highway for the purpose of passing upon the utility of said proposed highway and also of assessing the damages if any that would be sustained by the opening of the same, And it is further ordered that said Reviewers meet at the office of some Justice of the Peace in said County on Wednesday Morning April 29. 1903. at 9 o'clock, and after being duly qualified, proceed to make such review and report the result thereof at the next regular term of this Board, until which time this cause is continued.

This being the time to which the hearing in the matter therein.. come now the Auditor and submits to the Board the Viewers report. which is in the words and figures following. to-wit:

To the Honorable Board of Commissioners
of Vanderburgh County Indiana.

We the undersigned. appointed by this Court at its May Term 1903 to view a ditch described in the certified copy of a petition and order of Court for a tile ditch by Adolph Barnett and others. handed us by the Auditor, would represent that according to said order. we on the day named therein to-wit 18. day of May 1903. in company with Wm H. Lemme Surveyor V. Co. a civil engineer made an accurate survey of the line of said proposed ditch from its source to its outlet. We caused stakes to be set along said line, each one hundred feet. numbering down stream. The route of the proposed ditch is described as follows Commencing at a point twenty feet north of a Bench mark A cut into the west side coping stone of a culvert whose center line is 10.20 chains

south of the North east corner of Section Twenty (20) Town Seven (7) South in Range Eleven (11) West in Union Township of Vanderburgh County Indiana: going thence north 88° 10 West 700 feet: thence South 88° West 580 feet; thence North 78° 30' West 1530 feet; thence North 83° 50' West 1290 feet: thence South 86° West 1285 feet: thence South 85° W. 365 feet: thence South 71° West 550 feet; thence south 88° W. 300 feet; thence South 57° West 382 feet: thence South 30° 20' West 218 feet where said Tile Ditch shall empty into Bayou Creek. We further call your attention to the plat of said ditch accompanying the report as Exhibit "A" whereon is marked the line possible to be surveyed and from which the line of ditch was determined upon — standing water up to the depth of two and one half feet. between Station 7 and 63.85. preventing us. except at the artificial crossings at Stations 12.08. 38.10. 51. where the true corner of the ditch was marked by stakes and from which points the grade as shown on the profile submitted herewith as Exhibit "B" was determined The line as above described passes through the lands and along the lines of the following persons and corporations. Vanderburgh County (Seminary Road) Adolph Barnett. Traugott Hauschild. William Gerlach, John Roth. Elizabeth Zehner. F Haag. Anna B Roth, Caroline Grossman.

We have made a careful examination of the premises liable to be benefitted by the construction of said proposed tile ditch. We also apportioned and set apart to each parcel of land. a share of said work. in proportion to the benefits received. and also of damages sustained. all of which will fully appear by a tabular statement in this report.

We find that the proposed work will be of great public benefit. and utility: afford drainage for public highways. and improve the general health in that neighborhood. and that the cost of construction of same will be less than the benefits to be derived thereby.

We submit a map of the line of the proposed ditch. marked "Exhibit A" and a profile showing depth of cut. and size of Tile. marked "Exhibit B." which

In the matter of the Helfrich Ditch in Union Township. } Viewers Report. Remonstrance. R Viewers Appointed.

The Board proceeded to take up the matter of the Viewers Report of the Helfrich Ditch which was filed in the Auditors office Sep 5. 1903. and upon which action had been postponed. Said Report is as follows. towit:

To the Honorable Board of Commissioners
of Vanderburgh County, Indiana.

We the undersigned, appointed by this Court at its July Term 1903. to view a ditch described in the certified copy of a petition and order of Court for a ditch by Helfrich Lumber & Mfg. Co. and others, handed us by the Auditor, would represent that according to said order, we on the day named therein the 30th of July to 5th day of August 1903. in company with Wm H. Jennie County Surveyor, a civil engineer, made an accurate survey of the line of said proposed ditch from its source to its outlet. We caused Stakes to be set along said line, each one hundred feet, numbering down stream. The route of the proposed ditch is described as follows:- Commencing at the mouth of the Happe ditch in the South East quarter of the North West quarter of Section number 28. in Town. 7. South of Range 11. West. in Union Township: said mouth of Happe Ditch having been marked by us by an iron pin. driven into the ground, flush with the surface, 12 feet S. 97° 20' E. from said mouth as shown on the profile accompanying this report as Exhibit "B." going thence South 13° 30' West 21 feet. thence South 47° West 23 feet. thence South 74° West 1696 feet to center of bridge-

span on the Seminary Road. thence South 74°40' West 1310 feet: thence South 80°25' West 50 feet: thence South 87°55' West 26 feet: thence South 46°05' West 74 feet: thence North 72°25' West 100 feet: thence South 67°35' West 50 feet into the Ohio River, being a total distance of 3350 feet as shown on map accompanying this report as Exhibit "A". The line as above described, passes through the lands and along the lines of the following persons and corporations: Helfrich Lumber & Mfg Co.; Emma S. Newell. Union Tp.

We have made a careful examination of the premises liable to be benefitted by the construction of said proposed ditch. We also apportioned and set apart to each parcel of land a share of said work, in proportion to the benefits received, and also of damages sustained, all of which will fully appear by a tabular statement in this report.

We find that the proposed work will be of great public benefit and utility; afford drainage for public highways, and improve the general health in that neighborhood, and that the cost of construction of same will be less than the benefits to be derived thereby.

We submit a map of the line of the proposed ditch marked Exhibit "A." and a profile showing depth of cut, width at base, and number of cubic yards in each one hundred feet marked "Exhibit B." which are made a part of this report, as well as a map. "Exhibit C." showing location of Happe Ditch and Goose Pond Ditch, said location bearing upon the benefit accruing to land in the construction of the Helfrich Ditch.

Board of Commissioners, Vanderburgh County, Indiana, Dec 11 1903.

The following apportionment shows who are benefitted. Price thereof per cubic yard and total estimated cost of each share.

Monday Morning January 18. 1904.

The Board of Commissioners of the County of Vanderburgh met in their room this day pursuant to adjournment when present Jacob Detroy. Mark Grant and Henry Wallenmyer members composing said Board.

The minutes were read and approved.

Came now the Lafayette Engineering Company by Frank Hanna their Agent and shows to the Board that a mistake was made in the plans of the Maryland Street Bridge that the plans as adopted by the Board would not fit the spans between the abutments as now located. the west span on said plans showing a length of 62½ feet. when it will require a span of 75 feet to fit the masonry. and that in consideration of this fact. it will require a heavier and longer span than said plans call for. the plans call for 72 feet for the east span when it will require a span 75 feet long. and said agent proposes to lengthen and strengthen said spans, as becomes necessary by the discripency of the plans and the actual length required on account of the masonry now in place for the sum of $2,544.00 and the Board after a careful examination of said plans and being fully advised in the premises, on motion accepts said proposition. and enter into a contract with The Lafayette Engineering Co for said extra work. Detroy and Wallenmyer voting "Aye" and Grant voting "No"

On motion it was ordered by the Board that the County Auditor employ suitable persons to prepare for each Assessor of the various Townships of Vanderburgh County a transcript of all the owners of real estate in their respective Townships. with the description and valuation of all the Real Estate and Improvements held by each, made out in the proper Assessors Return Books in the usual form for the year 1904 And Whereas the Auditor is not required by law to perform this work in years in which

real estate is not assessed. It is therefore ordered that he be allowed a reasonable compensation for having said work done, but the amount shall not exceed the appropriation made by the County Council for said work. The Board deeming it advisable and a necessity that said work be done under the supervision of the County Auditor.

Comes now Harry Stinson County Auditor and presents to the Board the Annual Statement of the Receipts and Expenditures for the fiscal year ending December 31. 1903. which report is as follows. to wit:
